Alaska Northwest Books

A revised edition of the definitive translation of the world's most important book of divination • More than 64,000 copies sold of the first edition • The first English translation from within the tradition by a Chinese Taoist Master •

Includes translations of the Ten Wings--the commentaries by Confucius essential to the I Ching's insights Translated by the eminent Taoist Master Alfred Huang, The Complete I Ching has been praised by scholars and new students of the I Ching since its first edition. A native Chinese speaker, Master Huang first translated the original ideograms of the I Ching into contemporary Chinese and then into English, bringing forth the intuitive meanings embodied in the images of the I Ching and imbuing his translation with an accuracy and authenticity not possible in other English translations. However, what makes his translation truly

definitive is his return to prominence of the Ten Wings, the commentaries by Confucius that are essential to the I Ching's insights. This 10th anniversary edition offers a thorough introduction to the history of the I Ching, how to use it, and several new divination methods; in-depth and easy-to-reference translations of each hexagram name, description, and pictogram; and discussions of the interrelations between the hexagrams and the spiritual meaning of their sequence. Two Old Women

Simon and Schuster
Based on an Athabascan Indian legend passed along for many generations from mothers to daughters of the upper Yukon River Valley in Alaska, this is the suspenseful, shocking, ultimately inspirational tale of two old women abandoned by their tribe during a brutal winter famine. Though these women have been known to complain more than contribute, they now must either survive on their own or die trying. In simple but vivid detail, Velma Wallis depicts a landscape and way of life that are at once merciless and starkly beautiful. In her

old women, she has created two heroines of steely determination whose story of betrayal, friendship, community and forgiveness "speaks straight to the heart with clarity, sweetness and wisdom" (Ursula K. Le Guin).

Fifty Miles from Tomorrow Penguin
Into the Wild meets Helter Skelter in this riveting true story of a modern-day homesteading family in the deepest reaches of the Alaskan wilderness—and of the chilling secrets of its maniacal, spellbinding patriarch. When Papa Pilgrim, his wife, and their fifteen children appeared in the Alaska frontier outpost of McCarthy, their new neighbors saw them as a shining example of the homespun

Christian ideal. But behind the family's proud piety and beautiful old-timey music lay Pilgrim's dark past: his strange connection to the Kennedy assassination and a trail of chaos and anguish that followed him from Dallas and New Mexico. Pilgrim soon sparked a tense confrontation with the National Park Service fiercely dividing the community over where a citizen's rights end and the government's power begins. As the battle grew more intense, the turmoil in his brood made it increasingly difficult to tell whether his children were messianic followers or hostages in desperate need of rescue. In this powerful piece of Americana, written with uncommon grace

and high drama, veteran Alaska journalist, Tom Kizzia uses his unparalleled access to capture an era-defining clash between environmentalists and pioneers ignited by a mesmerizing sociopath who held a town and a family captive. *One Man's Wilderness, Revised Edition* Little, Brown Books for Young Readers

Wilderness Harlequin
A compassionate guide to the experience of loss as an essential growth process •

Explores the nature of loss as a profound mystery shared by all human beings • Offers sensitive and practical advice for experiencing grief and preparing for the healing journey that follows We grieve only for that which we have loved, and the transient nature of life makes love and loss intimate companions. In *Good Grief* professional grief educator Deborah Morris Coryell describes grief as the experience of not

having anywhere to place our love, of losing a connection, an outlet for our emotion. To heal grief we have to learn how to continue to love in the face of loss. In this compassionate guide, Coryell gives inspiring examples of how embracing our losses allows us to awaken our most profound connections to other people. Though our society tends to rank losses in a “hierarchy of grief,” she reminds us that all losses must be grieved in their own right and on their own terms, and that we must honor the “small” losses as well as the “big” ones. Paying attention to even the most minute experiences of loss can help us to be more in tune with our responses to the

greater ones, allowing us to once again become part of the rhythm of life from which we have become disconnected.

A thrilling gothic horror novel about biracial twin sisters separated at birth, perfect for fans of Lovecraft Country and The Vanishing Half As infants, twin sisters

Charlie Yates and Magnolia Heathwood were secretly separated after the brutal lynching of their parents, who died for loving across the color line. Now, at the dawn of the Civil Rights Movement, Charlie is a young Black organizer in Harlem, while white-passing Magnolia is the heiress to a cotton plantation in rural Georgia. Magnolia knows nothing of her racial heritage, but secrets are hard to keep in a town haunted by the ghosts of its slave-holding past. When Magnolia finally learns the truth, her reflection mysteriously disappears from mirrors—the sign of a terrible curse. Meanwhile, in Harlem, Charlie's beloved grandmother falls ill. Her final wish is to be

buried back home in Georgia—and, unbeknownst to Charlie, to see her long-lost granddaughter, Magnolia Heathwood, one last time. So Charlie travels into the Deep South, confronting the land of her worst nightmares—and Jim Crow segregation. The sisters reunite as teenagers in the deeply haunted town of Eureka, Georgia, where ghosts linger centuries after their time and dangers lurk behind every mirror. They couldn't be more different, but they will need each other to put the hauntings of the past to rest, to break the mirrors' deadly curse—and to discover the meaning of sisterhood in a racially divided land.

From the author of *The Outsiders*: “Immediate and gripping” tales of two boys whose lives diverge in dramatic ways after a shared childhood tragedy (School Library Journal). Terry and Mike were cousins who were as close as cousins could be—more like twin brothers, really. They thought they were invincible and that the happy times would last forever, until the day their fathers headed off for their annual deer-hunting trip. That was when everything started to change, and their paths went in very different directions. Years later, another fateful event will send one of them to prison—and the other to a bartending

job in Oklahoma—while the prospect of an eventual reunion looms . . . From the award-winning author of *That Was Then, This Is Now* and *Rumble Fish*, “Some of Tim’s Stories is a compact set of vignettes” full of “sharp, concise observation” (The New York Times).

Looking for Alaska

Simon and Schuster

Ten years ago one of America's most important public figures, First Lady Hillary Rodham Clinton, chronicled her quest both deeply personal

and, in the truest sense, public to help make our society into the kind of village that enables children to become able, caring resilient adults. *IT TAKES A VILLAGE* is a textbook for caring, filled with truths that are worth a read, and a reread. In her substantial new introduction, Senator Clinton reflects on how our village has changed over the last decade, from the internet to education, and on how her own understanding of children has deepened as she has watched Chelsea grow up and take on challenges new to her generation, from a first job to living through a terrorist attack. She discusses how the work she is doing in the Senate is helping children and

looks at where America has been successful, improvements in the foster care system and support for adoption, and where there is still work to be done, providing pre-school programmes and universal health care to all our children. This new edition elucidates how the choices we make about how we raise our children, and how we support families, will determine how all nations will face the challenges of this century.
