Tate Modern joins forces with 14-18 NOW, the UK's arts programme for the First World War centenary, to commemorate the significant contribution of African men and women in this conflict. The world premiere of this major new work is performed against the dramatic backdrop of Tate Modern's Turbine Hall. William Kentridge's latest project combines music, dance, film projections, mechanised sculptures and shadow play to create an imaginative landscape on an epic scale. It tells the untold story of the hundreds of thousands of African porters and carriers who served in British, French and German forces during the First World War. One of South Africa's leading composers, Philip Miller, and musical director Thuthuka Sibisi create an original score that draws on a wide range of traditions. Orchestra collective The Knights perform along with an international cast of singers, dancers and performers, many of whom are based in South Africa.--Tate website.

A warm, gorgeous exploration of a little girl's experience immigrating to a new country and missing her home and her grandmother, who still lives far away. Sakura's dad gets a new job in America, so she and her parents make the move from their home in Japan. When she arrives in the States, most of all she misses her grandmother and the cherry blossom trees, under which she and her grandmother used to play and picnic. She wonders how she'll ever feel at home in this new place, with its unfamiliar language and landscape. One day, she meets her neighbor, a boy named Luke, and begins to feel a little more settled. When her grandmother becomes ill, though, her family takes a trip back to Japan. Sakura is sad when she returns to the States and once again reflects on all she misses. Luke does his best to cheer her up -- and tells her about a surprise he knows she'll love, but she'll have to wait till spring. In the meantime, Sakura and Luke's friendship blooms and finally, when spring comes, Luke takes her to see the cherry blossom trees flowering right there in her new neighborhood. Sakura's Cherry Blossoms captures the beauty of the healing power of friendship through Weston's Japanese poetry-inspired text and Saburi's breathtaking illustrations.

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

That which is Not Drawn Ohio University Press

An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. "Do it" began in 1993 with a discussion among Christian Boltanski, Bertrand Lavier and Hans-Ulrich Obist in the Café Select in Paris. From this encounter arose the idea of an exhibition of do-it-yourself descriptions or procedural instructions for art. In 1993, in cooperation with the AFAA (Association Française d'Action Artistique) twelve original do it texts were translated into eight

languages and sent as a diplomatic dispatch to each country with which France maintains diplomatic relations. The first do it took place in September 1994 at the Ritter Kunsthalle In Klagenfurt, Austria.

'A touching exploration of passion untested by domesticity' Mail on Sunday Before Isabelle I knew nothing of sex. Before Isabelle I knew nothing of freedom. Before Isabelle I knew nothing of life. Paris in the early Seventies. Sam, an American student, meets a woman in a bookshop. Isabelle is enigmatic, beautiful, older and, unlike Sam, experienced in love's many contradictions. Sam is instantly smitten - but wary of the wedding ring on her finger. What begins as a regular arrangement in Isabelle's tiny Parisian apartment transforms into a true affair of the heart, and one which lasts for decades to come. Isabelle in the Afternoon is a novel that questions what we seek, what we find, what we settle for - and shows how love, when not lived day in, day out, can become the passion of a lifetime. A common-sense blueprint for what the future of First Nations should look like as told through the fascinating life and legacy of a remarkable leader. In 1984, at the age of twenty-four, Clarence Louie was elected Chief of the Osoyoos Indian Band in the Okanagan Valley. Nineteen elections later, Chief Louie has led his community for nearly four decades. The story of how the Osoyoos Indian Band—"The Miracle in the Desert"—transformed from a Rez that once struggled with poverty into an economically independent people is well-known. Guided by his years growing up on the Rez, Chief Louie believes that economic and business independence are key to self-sufficiency, reconciliation, and justice for First Nations people. In Rez Rules, Chief Louie writes about his youth in Osoyoos, from early mornings working in the vineyards, to playing and coaching sports, and attending a largely white school in Oliver, B.C. He remembers enrolling in the "Native American Studies" program at the Saskatchewan Indian Federated College in 1979 and falling in love with First Nations history. Learning about the historic significance of treaties was life-changing. He recalls his first involvement in activism: participating in a treaty bundle run across the country before embarking on a path of leadership. He and his band have worked hard to achieve economic growth and record levels of employment. Inspired by his ancestors' working culture, and by the young people on the reserve, Chief Louie continues to work for First Nations' self-sufficiency and independence. Direct and passionate, Chief Louie brings together wide-ranging subjects: life on the Rez, including Rez language and humour; per capita payments; the role of elected chiefs; the devastating impact of residential schools; the need to look to culture and ceremony for governance and guidance; the use of Indigenous names and logos by professional sports teams; his love for motorcycle honour rides; and what makes a good leader. He takes aim at systemic racism and examines the relationship between First Nations and colonial Canada and the United States, and sounds a call to action for First Nations to "Indian Up!" and "never forget our past." Offering leadership lessons on and off the Rez, this memoir describes the fascinating life and legacy of a remarkable leader and provides a common-sense blueprint for the future of First Nations communities. In it, Chief Louie writes, "Damn, I'm lucky to be an Indian!"

For more than three decades, artist William Kentridge has explored in his work the nature of subjectivity, the possibilities of revolution, the Enlightenment's legacy in Africa, and the nature of

time itself. At the same time, his creative work has stretched the boundaries of the very media he employs. Though his pieces have allowed viewers to encounter the traditions of landscape and self-portraiture, the limits of representation and the possibilities for animated drawing, and the labor of art, a guide to understanding the full scope of his art has been available until now. For five days, Kentridge sat with Rosalind C. Morris to talk about his work. The result—*That Which Is Not Drawn*—is a wide-ranging conversation and deep investigation into the artist's techniques and into the psychic and philosophical underpinnings of his body of work. In these pages, Kentridge explains the key concerns of his art, including the virtues of bastardy, the ethics of provisionality, the nature of translation and the activity of the viewer. And together, Kentridge and Morris trace the migration of images across his works and consider the possibilities for a revolutionary art that remains committed to its own transformation. "That's the thing about a conversation," Kentridge reflects. "The activity and the performance, whether it's the performance of drawing or the performance of speech and

conversation, is also the engine for new thoughts to happen. It's not just a report of something you know." And here, in this engaging dialogue, we at last have a guide to the continually exciting, continually changing work of one of our greatest living artists.
