Letters from a Young Poet Publications Division Ministry of Information & Broadcasting

Joyce Sutphen's evocations of life on a small farm, coming of age in the late 1960s, and traveling and searching for balance in a very modern world are both deeply personal and familiar. Readers from Maine to Minnesota and beyond will recognize themselves, their parents, aunts and uncles, and neighbors in these poems, which move us from delight in keen description toward something like wisdom or solace in the things of this world. In addition to poems selected from the last twenty-five years, *Carrying Water to the Field* includes more than forty new poems on the themes of luck, hard work, and the ravages of time—erasures that Sutphen attempts to ameliorate with her careful attention to language and lyrical precision.

The present work is an interdisciplinary study cutting across the disciplines of translation studies, genre studies, literary history and cultural history. It primarily deals with a phase of transition in the socio-cultural history of Bengal but has implications for the study of Indian literature as a whole. It takes the view that "translation" does not merely relocate the text in the target language, but negotiates several sets of relationships between the two cultures involved, altering the nature of relations between them. The study considers the mediating and shaping agency of "genre" in this context. Not only are works translated but genres are translated too, and assume striking and unprecedented shapes in the linguistic culture of the target audience.

Translation Reconsidered Vintage

'Allow yourself to be outraged and furious, allow yourself to be swept into Joy Goswami's intimate world of passion. His poems are breathtaking. They will momentarily remind you of the time you were resting your head on the chest of a lover, and by the turn of a page remind you of the bloodbath which exists in the world outside. Sampurna Chattarji's translations breathes life and fire into his words.' -- Meena Kandasamy. An essential collection of prose poetry from Joy Goswami, the most important poet writing in Bengali since Jibanananda Das. Selected and translated by Sampurna Chattarji, this book showcases the extraordinary range of the writer's genius and inventiveness.

Tagore's English Writings Originals And Translations Have Not Received The Attention That They Deserve. The Purpose Of This Edition Is To Make The English Writings Of Tagore Available To The Widest Possible Range Of Readers Interested In The Writings Of Tagore All Over The World, With Just The Bare, Minimum Information Necessary For Appreciating The Writings, And Leave The Critical Assessment To The Readers Themselves. There May Be Two Possible Reasons For The Neglect Of Tagore's English Writings. Firstly, Tagore's Prolific Output, Shakespearean Felicity And Protean Plasticity As A Bengali Poet, Who, Though Well-Versed In English, Chose To Write In The Medium Of His Mother Tongue For Nearly The First Fifty Years Of His Life, And There Is Hardly Any Literary Form That He Did Not Touch Upon And Turn Into Gold. His Creative Genius Found Expression In Poems, Plays, Novels, Essays, Short Stories, Satirical Pieces, Textbooks For Children, And Songs Of All Kinds. The Only Literary Form That He

Did Not Try Is Epic. But In His Long, Eventful And Creative Eighty Years Of Life He Virtually Lived An Epic. It Is Largely Due To His Mighty Stature As A Bengali Poet That Nobody Really Bothered About His English Writings And His Own Translations Of His Own Writings. Secondly, It Is Owing To The Supposedly Poor Quality Of His Translations Subsequent To The Translation Of Gitanjali. It Was Only After Tagore Received The Nobel Prize For Literature In 1913 That There Was A Growing Demand For His Writings In The West, And As Tagore Was Not Apparently Satisfied By The Translations That Others Mainly His Admirers Made, He Began To Translate His Writings Himself. But The Tremendous Haste With Which He Had To Translate, Possibly Affected The Quality Of Translations. Come What May, The Point Is Whether Tagore's English Translations Are Good Or Bad, Whether The Translation Furthered His Reputation Or Damaged It, Is Immaterial. The Fact Of The Matter Is That They Are His, And His Own Translation Of Whatever Quality It May Be Is More Valuable To A Tagore Lover Than The Best Translation Made By Somebody Else, As Van Gogh's One Original Single Scratch Is More Valuable Than The Best Possible Copy By Some Other Artist. The Value Of Tagore's English Writings Lies Here : They Constitute An Important Part Of His Total Oeuvre, Add A New Magnificent Dimension To It And Offer Us A Glimpse Into The Mystique Of The Creative Anxiety That Could Have Haunted Even The Greatest Writer Of The Twentieth Century, About His Possible Reception In An Alien Culture.

This collection brings together, for the first time, poetry from three strikingly different phases of Joy Goswami's formidable literary career -- Surjo-Pora Chhai (Ashes, Burnt by the Sun, 1999), Moutat Moheshwar (Shiva, My High, 2005) and Du Dondo Phowara Matro (Merely a Spurt of Time, 2011). Selected and translated by Sampurna Chatterji, this book, which includes an in-depth interview with the poet, introduces the English reader to the world of a poet whose language is powerful, inventive and often enigmatic. While some poems invoke a landscape that is 'mysterious, anguished and visionary', in others Joy Goswami achieves mischief and melancholy with the deftest of strokes.

Much Ado Over Coffee books catalog

Based on oral history, fiction, fascinating intellectual gossip, and records of the Coffee Board of India, this study is a multi-sited ethnography of the Indian Coffee House, possibly the world's first coffee house chain. It offers a critical analysis of adda (informal meetings) of the educated middle class in Allahabad, Calcutta and Delhi. The coffee house became the new socio-intellectual

nerve centre, replacing the neighbourhood tea shops, and creating an entirely different social space. This book will have line drawings and cartoons as well as archival photographs.

Modern Poems from Bengal Harper Collins

For readers who love Bolaño, a new voice of Latin American fiction, winner of the Mario Vargas Llosa Prize. Recurring blackouts envelop Caracas in an inescapable darkness that makes nightmares come true. Real and fictional characters, most of them are writers, exchange the role of narrator in this polyphonic novel. They recount contradictory versions of the plot, a series of femicides that began with the energy crisis. The central narrator is a psychiatrist who manipulates the accounts of his friend, an author writing a book titled *The Night*; and his patient, an advertising executive obsessed with understanding the world through word puzzles. The author shifts between crime fiction and metafiction, cautioning readers that the events retold are both true and manipulated. This is a political novel about the financial crisis and socio-political division in Venezuela from 2008 to 2010. The title of the book, originally also in English, is a gesture towards Chavism's failure to resist US influence. Yet, the form is unapologetically literary, a reflection on the depiction and distortion of reality through storytelling. Blanco Calderón said about the potential of language, "I am convinced that all the evil in the world begins in them: in words" (Caracas, 2010).

Distributed by the University of Nebraska Press for Whale and Star Press Joy Goswami is probably the most highly regarded Bengali poet today, a worthy successor, in a land of poets, to Rabindranath Tagore and Jibanananda Das. Although his life has never been easy, his vocation as a poet has never been in doubt. The quality of Goswami’s prolific output has been widely acknowledged in West Bengal and India. Goswami’s poems are fierce—in their expression, in the impact of their juxtaposed images, and in the effect that the images have one on another. The poems possess immediacy, drawing readers pell-mell into the essential tensions and delighting in the magic of metamorphoses. Although readers might easily allow themselves to float on Goswami’s crisscrossing images, savor them on second reading, and linger with his crisp and penetrant words, they are quickly brought up short by meaning, for Goswami’s words are not just words but penetrating markers of sense. His

métier is to cut through to the center of our emotional universe. Goswami has written more than thirty volumes of poetry and prose; this is the first American publication of his poems.

On the Horizon of World Literature compares literary texts from asynchronous periods of incipient literary modernity in different parts of the world: Romantic England and Republican China. These moments were oriented alike by “world literature” as a discursive framework of classifications that connected and re-organized local articulations of literary histories and literary modernities. World literature thus provided—and continues to

provide—a condition of possibility for conversation between cultures as well as for their mutual provincialization. The book offers readings of a selection of literary forms that serve also as textual sites for the enactment of new socio-political forms of life. The literary manifesto, the tale collection, the familiar essay, and the domestic novel function as testing grounds for questions of both literary-aesthetic and socio-political importance: What does it mean to attain a voice? What is a common reader? How does one dwell in the ordinary? What is a woman? In different languages and activating heterogeneous literary and philosophical traditions, works by Percy Bysshe Shelley, Lu Xun, Charles and Mary Lamb, Lin Shu, Zhou Zuoren, Jane Austen, and Eileen Chang explore the far-from-settled problem of what it means to be modern in different lifeworlds. Sun's book brings to light the disciplinary-historical impact world literature has had in shaping literary traditions and practices around the world. The book renews the practice of close reading by offering the model of a deprovincialized close reading loosened from confinement within monocultural hermeneutic circles. By means of its own focus on England and China, the book provides methods useful for comparatists working between other Western and non-Western languages. It establishes the critical significance of Romanticism for the discipline of literary studies and opens up new paths of research in global Romanticism and global nineteenth-century studies. And it offers a new approach to analyzing the cosmopolitan character of the literary and cultural transformations of early twentieth-century China.

American Radiance U of Nebraska Press

This dazzling debut announces a not-so-new voice: that of the spoken-word poet Tjawangwa Dema. Winner of the Sillerman First Book Prize for African Poets, Dema's collection, *The Careless Seamstress*, evokes the national and the subjective while reemphasizing that what is personal is always political. The girls and women in these poems are not mere objects; they speak, labor, and gaze back, with difficulty and consequence. The tropes are familiar, but in their animation they question and move in unexpected ways. The female body—as a daughter, wife, worker, cultural mutineer—moves continually across this collection, fetching water, harvesting corn, raising children, sewing, migrating, and spurning designations. Sewing is rendered subversive, the unsayable is weft into speech and those who are perhaps invisible in life reclaim their voice and leave evidence of their selves. As a consequence the body is rarely posed—it bleeds and scars; it ages; it resists and warns. The female gaze and subsequent voices suggest a different value system that grapples with the gendering of both physical and emotional labor, often through what is done, even and especially when this goes unnoticed or unappreciated. A body of work that examines the nature of power and resistance, *The Careless Seamstress* shows both startling clarity of purpose and capaciousness of theme.

Using gender and labor as their point of departure, these poems are indebted to Dema's relationship to language, intertextuality, and narrative. It is both assured and inquiring, a quietly complex skein that takes advantage of poetry's capacity for the polyphonic.

A groundbreaking collection, the poems in Your Body Is War embody elements of conflict, making them simultaneously a place of destruction and of freedom.

The award-winning author Amit Chaudhuri has been widely

praised for the beauty and subtle power of his writing and for the ways in which he makes "place" as complex a character as his men and women. Now he brings these gifts to a spellbinding amalgam of memoir, reportage, and history in this intimate, luminous portrait of Calcutta. Chaudhuri guides us through the city where he was born, the home he loved as a child, the setting of his acclaimed novels—a place he now finds captivating for all the ways it has, and, perhaps more powerfully, has not, changed. He shows us a city relatively untouched by the currents of globalization but possessed of a "self-renewing way of seeing, of inhabiting space, of apprehending life." He takes us along vibrant avenues and derelict alleyways; introduces us to intellectuals, Marxists, members of the declining haute bourgeoisie, street vendors, domestic workers; brings to life the city's sounds and smells, its architecture, its traditional shops and restaurants, new malls and hotels. And, using the historic elections of 2011 as a fulcrum, Chaudhuri looks back to the nineteenth century, when the city burst with a new vitality, and toward the politics of the present, finding a city "still not recovered from history" yet possessed of a singular modernity. Chaudhuri observes and writes about Calcutta with rare candor and clarity, making graspable the complex, ultimately ineluctable reasons for his passionate attachment to the place and its people.
