**Think Like a Monk: The secret of how to harness the power of positivity and be happy now**

Penguin Books India  
I should have asked the question "How could someone who was missing be in two places at once?" Instead, I asked the wrong question -- four wrong questions, more or less. This is the account of the second. In the fading town of Stain'd-by-the-Sea, young apprentice Lemony Snicket has a new case to solve when he and his chaperone are hired to find a missing girl. Is the girl a runaway? Or was she kidnapped? Was she seen last at the grocery store? Or could

she have stopped at the diner? Is it really any of your business? These are All The Wrong Questions.

After a sudden death in his family, Pastor Jim Mann found himself unprepared to handle the unfamiliar issue of grief. An idyllic childhood made grief an unfamiliar foe. Years of seminary and pastoral ministry hadn't prepared him. So the Lord

led him on his own journey through grief. Daily, he read the Bible, prayed, cried, and journaled his thoughts. This book is the result. Grief will touch us all at some point, and it comes in many forms, great and small: loss of loved ones, loss of a dream, a broken marriage, accidents and disasterseven the loss of a beloved pet or a move to a new town. When we experience loss, life changes and will never be "normal" again; it can't be . . . life is different now. But God will lead you to a "new normal." The key is dealing with your grief head-onowning it. As you bring God into the process, seeking answers and relating your fears, struggles, and even anger to Him, He promises to walk you through the grieving process. This honest and insightful month-long journal is intended to help the reader work through grief in a healthy, healing way. You can emerge from the process in a stronger relationship with God and prepared to "get on with life." Not only will you be stronger after the journey, you will be better prepared to help others who may need you.

SELLER • One of the most remarkable true-crime narratives of the twenty-first century: the story of the world's most prolific art thief, Stéphane Breitwieser. • "The Art Thief, like its title character, has confidence, élan, and a great sense of timing."—The New Yorker "Enthralling." —The Wall Street Journal In this spellbinding portrait of obsession and flawed genius, the best-selling author of *The Stranger in the Woods* brings us into Breitwieser's strange world—unlike most thieves, he never stole for money, keeping all his treasures in a single room where he could admire

them. For centuries, works of art have been stolen in countless ways from all over the world, but no one has been quite as successful at it as the master thief Stéphane Breitwieser. Carrying out more than two hundred heists over nearly eight years—in museums and cathedrals all over Europe—Breitwieser, along with his girlfriend who worked as his lookout, stole more than three hundred objects, until it all fell apart in spectacular fashion. In *The Art Thief*, Michael Finkel brings us into Breitwieser's strange and fascinating world. Unlike most thieves, Breitwieser never stole for money. Instead, he displayed all his treasures in a pair of secret rooms where he could admire them to his heart's content. Possessed of a remarkable athleticism and an innate ability to circumvent practically any security system, Breitwieser managed to pull off a breathtaking number of audacious thefts. Yet these strange talents bred a growing disregard for risk and an addict's need to score, leading Breitwieser to ignore his girlfriend's pleas to stop—until one final act of hubris brought

everything crashing down. This is a riveting story of art, crime, love, and an insatiable hunger to possess beauty at any cost.

string of uncomfortable events elevates Hazel to Office Darling, and Nella is left in the dust. Then the notes begin to appear on Nella’s desk: LEAVE WAGNER. NOW.  Set in an experimental hospital for the criminally insane in the 1950s, CONFINEMENT is loosely based on the author's one year residency in a psychiatric center, when lobotomies and other equally cruel treatments were rampant, and when the highly-experimental "Insulin Therapy" was in vogue. The focus of the story is Duffino, an attractive girl in her early

20s, sent to the mental hospital when she refuses to defend herself at trial for the highly publicized, gang-related murder of her boyfriend's rival. Refusing to speak, Duffino is ordered locked-up until she's willing to talk. The richness of the story unfolds with Duffino's relationship to the other inmates, all in for violent crimes, including her obese roommate, Charlotte, who was sentenced for murdering a nun. Charlotte becomes obsessed with Duffino, and will not let up until she speaks. Throughout the course of the story, we see flashbacks of

Duffino's romantic life on the gang-infested streets, juxtaposed with flashbacks of Charlotte's severe life in the convent; after much tribulation, the inmates slowly come to learn why they did the crimes they did, as they make us question the true nature of guilt. Between the horrifying treatments, the group therapy sessions, the flashbacks to violent crimes, the question of whether Duffino will talk, and the constant hope of escape, CONFINEMENT is a page-turning psychological thriller, in the vein of One Flew Over the Cuckoo's Nest.
