Izzie, Lucy, and T. J. crowded round and stared at me, like they were waiting for a circus freak to begin her act. I shook my head. "You're going to have to open your mouth some time," said Lucy. "Come on, put your hand down." I shook my head. "It's horrible. I look like a can opener." Nesta is devastated. She has to wear braces. She thinks that no boy will ever look at her again without thinking of the killer shark in Jaws. And practicing a

smile that doesn't show her teeth isn't helping. There's only one option: to become a recluse. Lucy, Izzie, and T. Renowned journalist Nell Frizzell explores what happens when a woman

begins to ask herself: should I have a baby? We have descriptors for many periods of life—adolescence, menopause, mid-life crisis, quarter-life crisis—but there is a period of profound change that many women face, often in their late twenties to early forties, that does not yet have a name. Nell Frizzell is calling this period of flux “the panic years,” and it is often characterized by a preoccupation with one major question: should I have a baby? And from

there—do I want a baby? With whom should I have a baby? How will I know when I'm ready? Decisions made during this period suddenly take on more weight, as questions of love, career, friendship, fertility, and family clash together while peers begin the process of coupling and breeding. But this very important process is rarely written or talked about beyond the clichés of the “ticking clock.” Enter Frizzell, our comforting guide, who uses personal stories from

her own experiences in the panic years to illuminate the larger social and cultural trends, and gives voice to the uncertainty, confusion, and urgency that tends to characterize this time of life. Frizzell reminds us that we are not alone in this, and encourages us to share our experiences and those of the women around us—as she does with honesty and vulnerability in these pages. Raw and hilarious, *The Panic Years* is an arm around the shoulder for every woman trying to

navigate life's big decisions against the backdrop of the mother of all questions.

All Mates Together
Simon and Schuster
On August 14, 1945,

Alfred Eisenstaedt took a picture of a sailor kissing a nurse in Times Square, minutes after they heard of Japan's surrender to the United States. Two weeks later LIFE magazine published that image. It became one of the most famous WWII photographs in history (and the most celebrated photograph ever published in the world's dominant photo-journal), a cherished reminder of what it felt like for the war to finally be over. Everyone who saw the picture wanted to know more about the

nurse and sailor, but Eisenstaedt had no information and a search for the mysterious couple's identity took on a dimension of its own. In 1979 Eisenstaedt thought he had found the long lost nurse. And as far as almost everyone could determine, he had. For the next thirty years Edith Shain was known as the woman in the photo of V-J Day, 1945, Times Square. In 1980 LIFE attempted to determine the sailor's identity. Many aging warriors stepped forward with claims, and experts

weighed in to support one candidate over another. Chaos ensued. For almost two decades Lawrence Verria and George Galdorisi were intrigued by the controversy surrounding the identity of the two principals in Eisenstaedt's most famous photograph and collected evidence that began to shed light on this mystery. Unraveling years of misinformation and controversy, their findings propelled one claimant's case far ahead

of the others and, at the same time, dethroned the supposed kissed nurse when another candidate's claim proved more credible. With this book, the authors solve the 67-year-old mystery by providing irrefutable proof to identify the couple in Eisenstaedt's photo. It is the first time the whole truth behind the celebrated picture has been revealed. The authors also bring to light the couple's and the photographer's brushes

with death that nearly prevented their famous spontaneous Times Square meeting in the first place. The sailor, part of Bull Halsey's famous task force, survived the deadly typhoon that took the lives of hundreds of other sailors. The nurse, an Austrian Jew who lost her mother and father in the Holocaust, barely managed to escape to the United States. Eisenstaedt, a World War I German soldier, was nearly killed at Flanders.
