SANTIAGO WILLIAMS

The Rebels Vintage

Traitor. Agitators. Rabble-rousers.

Throughout American history, people who work to radically change society have been criticized, arrested, and even killed. *Rebels and Revolutions: Real tales of Radical Change in America* for ages 9 to 12 explores the lives of five firebrands who used muskets and marches, boycotts and lawsuits in their struggle for justice.

The Little Green Book of Chairman Rahma St. Martin's Press

Now you can master Bach's most beautiful prelude—even if you've never sat down at a piano before! Do you have a piano (or keyboard) and forty-five spare minutes every day? Then spend the next six weeks with acclaimed concert pianist James Rhodes. By the end, you'll be able to perform Bach's Prelude No. 1 in C major—no prior musical experience required! Rhodes reveals How to Play the Piano step by step—how to read the treble and bass clefs as well as sharp and flat notes, and then how to practice—before teaching the Prelude in easy, bite-size segments. His method is free of tedious drills, and filled with inspiration: "If listening to music is soothing for the soul, then playing music is achieving enlightenment." Before you know it, not only will you have learned how to play one of Bach's most beloved masterpieces—you also will have unleashed your creativity, exercising your mind (and fingers) and accomplishing something you never thought possible. Bravo! Includes four instructional videos supported by select e-reader devices.

Redcoats and Rebels Macmillan

entertainers in the world gives you the facts.

Shays's Rebellion University of Pennsylvania Press

During the bitter winter of 1786-87, Daniel Shays, a modest farmer and Revolutionary War veteran, and his compatriot Luke Day led an unsuccessful armed rebellion against the state of Massachusetts. Their desperate struggle was fueled by the injustice of a regressive tax system and a conservative state government that seemed no better than British colonial rule. But despite the immediate failure of this local call-to-arms in the Massachusetts countryside, the event fundamentally altered the course of American history. Shays and his army of four thousand rebels so shocked the young nation's governing elite—even drawing the retired General George Washington back into the service of his country—that ultimately the Articles of Confederation were discarded in favor of a new constitution, the very document that has guided the nation for more than two hundred years, and brought closure to the American Revolution. The importance of Shays's Rebellion has never been fully appreciated, chiefly because Shays and his followers have always been viewed as a small group of poor farmers and debtors protesting local civil authority. In *Shays's Rebellion: The American Revolution's Final Battle*, Leonard Richards reveals that this perception is misleading, that the rebellion was much more widespread than previously thought, and that the participants and their supporters actually represented whole communities—the wealthy and the poor, the influential and the weak, even members of some of the best Massachusetts families. Through careful examination of contemporary records, including a long-neglected but invaluable list of the participants, Richards provides a clear picture of the insurgency, capturing the spirit of the rebellion, the reasons for the revolt, and its long-term impact on the participants, the state of Massachusetts, and the nation as a whole. *Shays's Rebellion*, though seemingly a local affair, was the revolution that gave rise to modern American democracy.

Renegades & Rebels: Epic & True Stories

of Our Revolutionary Heroes The Experiment

The Rebels is a gripping and vividly detailed account of the tumultuous years leading up to the American Revolution, focusing on the key role played by the city of Boston in the struggle for independence. Drawing on a wide range of primary sources, including diaries, letters, and contemporary accounts, the book paints a rich and complex portrait of life in the colonial city, from the struggles of ordinary people to the intrigues of the political elite. An essential resource for anyone interested in the history of the American Revolution and the birth of the nation. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. American Rebels Mystery and Mayhem In a stunning and innovative performance, piano maestro James Rhodes introduces today's readers to seven of the greatest composers of all time. Bach. Mozart. Beethoven. Old guys with curly wigs, right? But trust me: those composers were the original rock stars. Open your mind to some of the most breathtaking and magnificent pieces of music ever created, and find out why the rebels and revolutionaries who wrote them are responsible for every track on your phone today. Discover their backstories and how each one shaped and defined classical music. Learn about the structure of an orchestra, the language of music, and the history of musical periods. With jaw-dropping artwork and avant-garde design, this visually exquisite celebration of classical music is a surefire hit for both first-time listeners and longtime fans.

Budding aficionados will appreciate the online playlist featuring James Rhodes's favorite selections.

The Pink Umbrella Partridge Publishing
In twenty-two original essays, leading historians reveal the radical impulses at the founding of the American Republic. Here is a fresh new reading of the American Revolution that gives voice and recognition to a generation of radical thinkers and doers whose revolutionary ideals outstripped those of the Founding Fathers. While the Founding Fathers advocated a break from Britain and espoused ideals of republican government, none proposed significant changes to the fabric of colonial society. As privileged and propertied white males, they did not seek a revolution in the modern sense; instead, they tried to maintain the underlying social structure and political system that enabled men of wealth to rule. They firmly opposed social equality and feared popular democracy as a form of "levelling." Yet during this "revolutionary" period some people did believe that "liberty" meant "liberty for all" and that "equality" should be applied to political, economic, and religious spheres. Here are the stories of individuals and groups who exemplified the radical ideals of the American Revolution more in keeping with our own values today. This volume helps us to understand the social conflicts unleashed by the struggle for independence, the Revolution's achievements, and the unfinished agenda it left for future generations to confront.
Rebels and Redcoats National Geographic Books

Renegades and Rebels tells the raw, colorful, and revealing true stories of American's Revolutionary Heroes! As told by Stan Ellsworth, the iconic creator and host of the Emmy Award-winning history show *American Ride*, the adventures and exploits of our Founding Fathers again come to life. Stan awakens us to the glory of our history and heritage with humor and a good-natured "down home" southern style that rekindles pride in the American heart. *Renegades and Rebels* also includes many of the forgotten untold stories of some of the greatest men in American history. So sit down, shut up, and enjoy the read!

The Revolutionary Alternative Victoria & Albert Museum

In this e-book, Maggie Tinsdale dreams of one day running her family's plantation in South Carolina, but her dreams must be set aside now that the Revolutionary War has turned her world upside down. After her patriot father is taken prisoner by the British, Maggie is sent to live with her

aunt, a loyalist in Charlestown. Maggie is desperate to help the American cause, but what can she do as a young rebel living among redcoats? Filled with action and drama, this historical novel shows how dare and determination were at the heart of the patriots' fight, leading them to victory.

Voices of Revolution: Rebels and Rhetoric American Ride

Using firsthand accounts—journals, letters from British officers in the field, reports from colonial governors in the colonies—Michael Pearson has provided a contemporary report of the Revolution as the British witnessed it. Seen from this perspective, some of the major events of the war are given startling interpretations: For example, the British considered their defeat at Bunker Hill nothing more than a minor setback, especially in light of their capture of New York and Philadelphia. Only at the very end of the conflict did they realize that the Yankees had lost the battles but won the war. From the Boston Tea Party to that day in 1785 when the first U.S. ambassador presented his credentials to a grudging George III, here is the full account of "those damned rebels" who somehow managed to found a new nation.

Renegades & Rebels Feiwei & Friends
Describes the political challenges faced by President Lincoln during the summer after the Emancipation Proclamation, including his conflicts with General George McClellan, that ultimately gave General Robert E. Lee his best opportunity to win the war.

This Is Baby Capstone
After solving the environmental problems of the United States, dictator Chairman

Rahma must fight off new weapons being deployed by the corporations and deal with unsettling reports of mutants in the new novel from the author of *Hellhole*. 25,000 first printing.

How to Play the Piano HarperCollins

Thousands of British American mainland colonists rejected the War for American Independence. Shunning rebel violence as unnecessary, unlawful, and unnatural, they emphasized the natural ties of blood, kinship, language, and religion that united the colonies to Britain. They hoped that British military strength would crush the minority rebellion and free the colonies to renegotiate their return to the empire. Of course the loyalists were too American to be of one mind. This is a story of how a cross-section of colonists flocked to the British headquarters of New York City to support their ideal of reunion. Despised by the rebels as enemies or as British appendages, New York's refugees hoped to partner with the British to restore peaceful government in the colonies. The British confounded their expectations by instituting martial law in the city and marginalizing loyalist leaders. Still, the loyal Americans did not surrender their vision but creatively adapted their rhetoric and accommodated military governance to protect their long-standing bond with the mother country. They never imagined that allegiance to Britain would mean a permanent exile from their homes.

The Revolutionary's Playlist Vintage

While the American colonists fought to break the tie with England, a less privileged group within Revolutionary ranks was determined to win equal political rights for all adult males and a government in which the will of a majority of citizens would prevail. Farmers and artisans saw the Revolution not as an end in itself but as a means of building a new, truly democratic society. When they demanded democratic reforms they were confronted by men of substance who, though devoted to liberty, had no desire to disturb the existing social system. The resolution of this internal conflict laid the foundation for modern American democracy. No other work brings together in a single volume so much that is significant in the political history of our revolutionary period. *Annals*. Mr. Douglass succinct, balanced, and perceptive retelling of this story makes it clear that the Revolution was not fought to achieve democracy but rather to win political independence. Richard B. Morris, *Political Science Quarterly*.

The Rebels Tundra Books

Looking at the physical environments of cities as political catalysts, Carp contends that what began as interaction, negotiation, conflict, and compromise in churches, taverns, wharves, and city streets developed into a wider political awareness and collaborative political action.

The Rise of Saint Fox and the Independence University of Virginia Press

Lydia Maria Francis Child (born Lydia Maria Francis) (February 11, 1802 - October 20, 1880), was an American abolitionist, women's rights activist, Native American rights activist, novelist, journalist, and opponent of American expansionism. Her

journals, both fiction and domestic manuals, reached wide audiences from the 1820s through the 1850s. At times she shocked her audience as she tried to take on issues of both male dominance and white supremacy in some of her stories. Despite these challenges, Child may be most remembered for her poem "Over the River and Through the Wood." Her grandparents' house, which she wrote about visiting, was restored by Tufts University in 1976 and stands near the Mystic River on South Street, in Medford, Massachusetts. She was born Lydia Maria Francis in Medford, Massachusetts, on February 11, 1802, to Susannah (nee Rand) and Convers Francis. Her older brother, Convers Francis, was educated at Harvard College and Seminary, and became a Unitarian minister. Child received her education at a local dame school and later at a women's seminary. Upon the death of her mother, she went to live with her older sister in Maine, where she studied to be a teacher. During this time, her brother Convers, by then a Unitarian minister, saw to his younger sister's education in literary masters such as Homer and Milton. Francis chanced to read an article in the *North American Review* discussing the field offered to the novelist by early New England history. Although she had never thought of becoming an author, she immediately wrote the first chapter of her novel *Hobomok*. Encouraged by her brother's commendation, she finished it in six weeks and had it published. From this time until her death, she wrote continually. Francis taught for one year in a seminary in Medford, and in 1824 started a private school in Watertown, Massachusetts. In

1826, she founded the *Juvenile Miscellany*, the first monthly periodical for children published in the United States, and supervised its publication for eight years. In 1828, she married David Lee Child and moved to Boston."

Rebels and Revolutions Da Capo Press
Stonewall Honor Book * A Time Magazine Best YA Book of All Time "A book for warriors, divas, artists, queens, individuals, activists, trend setters, and anyone searching for the courage to be themselves."—Mackenzi Lee, New York Times bestselling author of *The Gentleman's Guide to Vice and Virtue* It's 1989 in New York City, and for three teens, the world is changing. Reza is an Iranian boy who has just moved to the city with his mother to live with his stepfather and stepbrother. He's terrified that someone will guess the truth he can barely acknowledge about himself. Reza knows he's gay, but all he knows of gay life are the media's images of men dying of AIDS. Judy is an aspiring fashion designer who worships her uncle Stephen, a gay man with AIDS who devotes his time to activism as a member of ACT UP. Judy has never imagined finding romance...until she falls for Reza and they start dating. Art is Judy's best friend, their school's only out and proud teen. He'll never be who his conservative parents want him to be, so he rebels by documenting the AIDS crisis through his photographs. As Reza and Art grow closer, Reza struggles to find a way out of his deception that won't break Judy's heart—and destroy the most meaningful friendship he's ever known. This is a bighearted, sprawling epic about friendship and love and the revolutionary act of living life to the fullest in the face of impossible odds.
