Katie Garrett is madly in love with her dashing firefighter husband, Andy. When he is diagnosed with cancer, their entire world is turned upside down. Andy clumsily tries to protect Katie from the truth by not telling her, but her fear - and his increasing pain and tumultuous emotions - only feed her deep-seated insecurities, as they fight for Andy's life and for their marriage. While the fire station

and its camaraderie are Andy's refuge, station officer Lt. Mike Bentley wages a vendetta against Andy, making Andy more determined to avoid revealing weakness of any kind. In spite of Bentley's despising Andy, the C shift crew rally to support Andy until events take a downward turn.

Firefighters face a myriad of dangers, but the invisible dangers - his past, her fears -- can pose the greatest threat of all. Will courage, duty, and love be enough to save Andy from these unseen threats? Will he come to recognize the far-reaching impact his life has on others? If the worst should happen, would his greatest legacy be the love of the fire service or the love for his wife? In the end, the unforeseen might have the greatest significance of all.
