From home practitioners keeping it close to their chest, to magicians who 'never reveal their secrets'. Certainly, it might feel impossible to break in and learn a new lifelong skill, or sift through the facts and myths. It may feel like these people are selfish, keeping all of their knowledge to themselves: how will anyone learn, otherwise? But it's less selfishness, and more a prerequisite for entry: Not just anyone can learn the magical arts. From spells, to illusions, to everything in-between, magic can bring quite a lot to the table for even the most average practitioner. Top magicians believe that the art of magic should be treated with respect. and seasonal magic crafted by the bestselling author of *Practical Magic*,

Forest Magic is a guide to befriending the

mysterious and wise guardians of our

woodlands. Ancient and wise, trees and

plants watch over us—sheltering us and

guiding us. At the same time, it is our

calling to cherish and honor them, as we

work together in eternal reciprocity.

Humans have always lived in mutual

communion with the forest, dwelling in

its shadowy depths, tending to it as it

protects us, trading oxygen for carbon

dioxide, again and again, with each day,

each hour of sunlight, each breath. It is a

sacred—magical—exchange that we can

honor with rituals, spell work, and

intention. Readers will explore the magic

of the forest first by learning to create

their own sacred grove, whether they

live deep within nature or in the very

center of a city. From there, *Forest*

Magic explores the year in two

parts—The Oak King, for the first half of

the year, and The Holly King, for the

second half. Each section explores

pagan holidays and celebrations associated with nature's rhythms, rituals and practices for communing with and tending to the plants that thrive during these times, discussion of the magical properties associated with each tree and shrub, and plant-based healing. Dozens of gorgeous, full-color illustrations accompany this inspiring, accessible guide to becoming one with the magic and mystery of trees.

The rites, practices, and texts collected by the mysterious UR group for the use of aspiring mages. • Rare Hermetic texts published in English for the first time. •

Includes instructions for developing psychic and magical powers. In 1927 Julius Evola and other leading Italian intellectuals formed the mysterious UR group. Their goal: to bring their individual egos into a state of superhuman power and awareness in which they could act "magically" on the world. Their methods: the practice of ancient Tantric and Buddhist rituals and the study of rare Hermetic texts. So successful were they that rumors spread throughout Italy of the group's power, and Mussolini himself became quite fearful of them. Now for the first time in English Introduction to Magic collects the rites, practices, and knowledge of the UR group for the use of aspiring mages. Included in Introduction to Magic are instructions for creating an etheric double, speaking words of power, using fragrances, interacting with entities, and creating a "magical chain." Among the arcane texts translated are the Tibetan teachings of the Thunderbolt Diamond Path, the Mithraic mystery cult's "Grand Papyrus of Paris," and the Greco-Egyptian magical text De Mysteriis. Anyone who has exhausted the possibilities of the mundane world and is ready to take the steps necessary to purify the soul in the light of knowledge and the fire of dedication will find a number of expert mentors here.

Now you can get the collection of rituals and wisdom that has helped start thousands of people on a Pagan path for over thirty-five years-Magical Rites from the Crystal Well by Ed Fitch. "The Crystal Well" was a small magazine that was published at a time when little information was available on Wicca, Witchcraft, and Paganism. Because of this, the rituals from that magazine circulated far and wide. Today, decades

later, they are still popular. Why? Because they're some of the most beautiful, magical, and lyrical rituals ever written. These wonderful rituals have been collected in a beautifully illustrated book. Among the many rituals and techniques you'll find in *Magical Rites from the Crystal Well* are: - Rites for all of the seasons, including Midsummer, Lammas, Winter, and more. - The Rite of Calling Down the Moon - The Ceremony of Cakes and Wine - The Feast of the Full Moon - Storm Magic - Magical Dance - Building an Astral Temple - Pathworking - A Handfasting Rite - Rite of Dedication and Protection for an Infant Each rite includes complete instructions, with every word and every action clearly explained. The book also includes Pagan lore, such as the Rede of Chivalry, tips on forming a Pagan training group, how to tell if your pet is also your familiar, and much more. Almost every page has an elegant illustration. This book is not just filled with important ideas and rites that you can use, it's also beautiful to behold.
