The VADE MECUM IN TRIBULACIONE was meant as an eschatological manual for the thirteen catastrophic years between its composition in December 1356 and the Thousand-Year Reign of Christ expected to begin in 1370. This manual, permeated by passion for clerical reform, was intended to give righteous Christians practical and spiritual advice on how to survive this period of tribulation. Likewise, it aimed to inform them about what to expect from the envoys of Satan, the Western and the Eastern Antichrists, but also from Christ's warriors, the papal restorer and his secular assistant, the French-Roman Emperor. Moreover, it offered a brief outline of Christ's Thousand-Year Reign and of Armageddon. The VADE MECUM was written by John of Rupescissa OFM (c. 1310-1366), the most prolific apocalyptic author of the Middle Ages, as the central work of in all three manuals designed to prepare Christendom for the impending crises. As a completely new text type and summary of the late Rupescissa's doctrines, this eschatological manual fascinated numerous readers in the Late Middle Ages, who copied, reworked and translated it and made it thus a pivotal text of medieval apocalypticism: ten versions of the Latin VADE MECUM in more than forty manuscripts have come down to us. Rupescissa's eschatological manual is his last known and most widely distributed work; the present study provides an annotated critical edition equipped with an English translation. It inducts in the

manual's contents, places them in the context of Rupescissa's work and medieval prophetic literature, investigates important aspects of its reception and clarifies the relationships between its different versions. Furthermore, it ends with a critical edition of the VENI MECUM IN TRIBULACIONE, the most influential compendious version of the VADE MECUM. Thus this book offers an indispensable fundamental contribution to the flourishing studies of Rupescissa and medieval apocalypticism. **Dictionnaire de cas de conscience, ou: Décisions des plus considérables difficultez touchant la morale et la discipline ecclésiastique** Princeton University Press

Originally published for the Record Commissioners in 1840, this two-volume work remains a standard source for scholars of Anglo-Saxon and early Norman legal history. Benjamin Thorpe (1781?-1870) was a respected and prolific scholar and translator of Old English, whose publications in the field earned him a civil list pension in 1835. Trained in Copenhagen under Rasmus Rask, Thorpe advocated a scientific approach to philology, and this is reflected in the thoroughness of the notes, commentary, and concordance appended to the sources reprinted here. The preface to the text places the laws in their historical and geographical context, notes where there are unavoidable gaps in the evidence, and offers a descriptive analysis of the original documents. Volume 1 contains the secular laws issued from the reign of 'thelberht to that of Henry I, with a parallel translation of the Anglo-Saxon text, although the sources in Latin and French remain untranslated.
