This annually updated travel guide to Alaska and Northwest Canada is a must-have resource for travelers to these areas. "The Milepost" provides maps, diagrams, photographs, and an almost mile-by-mile travelogue of what to expect along the main roads.

Along the Alcan The Countryman Press

In the summer of 1967, twelve young men ascended Alaska's Mount McKinley—known to the locals as Denali. Engulfed by a once-in-a-lifetime blizzard, only five made it back down. Andy Hall, a journalist and son of the park superintendent at the time, was living in the park when the tragedy occurred and spent years tracking down rescuers, survivors, lost documents, and recordings of radio communications. In Denali's Howl, Hall reveals the full story of the expedition in a powerful retelling that will mesmerize the climbing community as well as anyone interested in mega-storms and man's sometimes deadly drive to challenge the forces of nature.

DeLorme's Atlas and Gazetteer Series is America's most popular line of recreational maps! Each atlas covers an individual state in its entirety with detailed, full-color topographic maps. Detail includes back roads, hidden lakes, boat ramps, hiking trails, campgrounds, public lands, forests, wetlands and more. And, the Gazetteer sections feature page after page of information on places to go and things to do. These atlases are year-round favorites with outdoors enthusiasts and anyone who likes to leave the main roads behind.

Guide to the Alaska Highway Penguin

"More and more of us are turning to cycling, whether as an inexpensive, healthy and environmentally friendly means of getting to work or school, or as a way of exploring Britain's towns, cities and countryside. More than 75 per cent of UK residents live within two miles of the National Cycle Network, and a continuous program of development led by Sustrans (the UK's leading sustainable transport charity) means it is growing all the time. "Cycling in the UK" is the official guide to the National Cycle Network, bringing together the expertise of two of Britain's great pioneering transport organizations (The AA and Sustrans) to create this comprehensive cycling guide. This updated guide contains all the essential information for planning a cycling trip in Britain - practical advice on what to take, difficulty rating and where to stop along the way, plus expert advice on practical issues such as what to wear and how to stay safe on your bike, as well as tips on basic maintenance. With clearly marked maps, recommended rides, details of what to see, and superb photography, "Cycling in the UK" provides all the information you need to see the best of Britain from the best seat in the house."--Publisher description.

A finalist for the Scotiabank Giller Prize, *Minds of Winter* is a mesmerizing novel about the chance meeting of two present-day travellers who expose one of the most perplexing mysteries in the history of Arctic exploration. Fay Morgan and Nelson Nilsson have each arrived in Inuvik, Canada, about 120 miles north of the Arctic Circle. Both are in search of answers about a family member: Nelson for his estranged older brother, and Fay for her vanished grandfather. Driving Fay into town from the airport on a freezing January night, Nelson reveals a folder left behind by his brother. An image catches Fay's eye: a clock she has seen before. Soon Fay and Nelson realize that their relatives have an extraordinary and historic connection — a secret share in one of the greatest unsolved mysteries of polar expedition. This is the riddle of the "Arnold 294" chronometer, which reappeared in Britain more than a hundred years after it was lost in the Arctic with the ships and men of Sir John Franklin's Northwest Passage expedition. The secret history of this elusive timepiece, Fay and Nelson will discover, ties them and their families to a journey that echoes across two centuries.

2010 Milepost 62nd Edition Graphic Arts Center Publishing Co.

Every year, nearly two million tourists visit Alaska, and at least half of them spend time exploring the state's waterways. For families that want to do so in a more independent fashion than a cruise ship or guided tour would allow, Erin Kirkland has written the perfect guide to navigating the state's unique ferry system. A staple of coastal transportation since the 1950s, the Alaska Marine Highway System is a vital link to cities that are often inaccessible except by air. Alaska on the Go offers fascinating accounts of both the small coastal towns and the larger population centers serviced by the highway along with easy-to-navigate route descriptions, helpful packing lists, and tips for inland and onboard adventures. Portable and personable, and covering all thirty routes that make up the Alaska Marine Highway System, Alaska on the Go is the perfect companion for the intrepid traveler.

Wyoming Atlas & Gazetteer Insiders' Guide

Referred to by travellers as "the bible of North Country travel" since it was first published in 1949, The Milepost is an essential travel companion for anyone planning or taking a trip to Alaska, Yukon Territory, Northwest Territories, northern Alberta or northern British Columbia.Travellers will find detailed mile-by-mile road logs and maps of all northern routes, including the famous Alaska Highway. The Milepost is updated annually by experienced field editors, providing accurate and up-to-date information on attractions, activities, food, gas, lodging and camping. Details are provided for every city and town along the way.Travel by air, ferry, cruise ship, bus and rail is also covered. Every edition of The Milepost includes Alaska State Ferry and B.C. Ferries schedules, important information on crossing the border, a calendar of events, a pull-out Plan-a-Trip map, litre-to-gallon conversions and dozens of other travel tips.Special features highlight side-trip destinations, gold rush and highway history, and places to eat and things to do.With its wealth of detail, The Milepost is a wonderful resource for anyone interested in the North, whether it is the trans-Alaska pipeline, bird watching, Native culture, or glaciers and wildlife viewing, to name just a few attractions. This classic travel guide is a must for every Northland traveller.

Moon North Carolina Coast House of Anansi

A hiking guide to one of Alaska's most stunning outdoor getaways Alaska is vast, wild, and stunningly beautiful—and notoriously difficult to get around. The Kenai Peninsula, with its proximity to Anchorage, is the gateway to the great outdoors of Alaska for vast numbers of visitors and locals alike. The Kenai offers coastal, forest, subalpine, tundra, and even glacial hiking opportunities accessible to most. The hikes in this book range from an easy half-mile walk through a boggy lowland meadow to more challenging multi-day hikes through mountainous terrain. As with all of the 50 Hikes series, this volume provides the kind of narrative descriptions that allow you to choose which hikes to actually take and equips you with critically acclaimed maps that help you navigate to and from where you are hiking.

"Get your head into the clouds with Aerial Geology." —The New York Times Book Review Aerial Geology is an up-in-the-sky exploration of North America's 100 most spectacular geological formations. Crisscrossing the continent from the Aleutian Islands in Alaska to the Great Salt Lake in Utah and to the Chicxulub Crater in Mexico, Mary Caperton Morton brings you on a fantastic tour, sharing aerial and satellite photography, explanations on how each site was formed, and details on what makes each landform noteworthy. Maps and diagrams help illustrate the geological processes and clarify scientific concepts. Fact-filled, curious, and way more fun than the geology you remember from grade school, Aerial Geology is a must-have for the insatiably curious, armchair geologists, million-mile travelers, and anyone who has stared out the window of a plane and wondered what was below.

Anchorage, Denali & the Kenai Peninsula AASHTO

Heritage of Talkeetna focus is on the people. From its beginning, Talkeetna seems to have been a lure for people noted for their character, individualism, sense of independence, and humor. This pattern remains true today, and in a thoughtful sense might almost be identified as an ongoing legacy. Despite tough, often harsh lives certain people remained for many years, providing durable threads that strengthened and maintained the fabric of the village. These people, their perseverance, and the manner in which they conducted their lives, shaped the character of what has become Talkeetna's special heritage. The reader will find that a substantial amount of activity in these pages occurs in the Yentna River and Cache Creek areas, which contributed no small amount to Talkeetna's past. People that trapped, prospected and mined in those areas relied on Talkeetna as a supply and service point, but perhaps more importantly, Talkeetna relied on the trade these activities provided. It was a symbiotic relationship, inseparable from the story of Talkeetna.
