BECKER JOSIE

Whatever It Took Harvard University Press

The attack on Pearl Harbor changed the lives of the people in Bennington in dramatic ways. Almost overnight, men and women—many of them still too young to vote—went from playing basketball, hunting deer, nursing patients at Putnam Hospital and fishing in the Battenkill to parachuting from burning planes, digging foxholes in Italy, tending to the combat wounded and racing across France with Patton's tanks. They landed at Normandy on D-Day, were in the first planes to bomb Berlin, saw the flag raised on Iwo Jima and were captured at the Battle of the Bulge. At home, they bought war bonds, collected scrap and worried about friends and relatives far away. Join local author Anthony Marro as he recounts the service and sacrifice of Bennington's citizens.

Desert Warfare: German Experiences In World War II [Illustrated Edition] BDD Promotional Books Company

Pete Banning was Clanton, Mississippi's favorite son—a decorated World War II hero, the patriarch of a prominent family, a farmer, father, neighbor, and a faithful member of the Methodist church. Then one cool October morning he rose early, drove into town, walked into the church, and calmly shot and killed his pastor and friend, the Reverend Dexter Bell. As if the murder weren't shocking enough, it was even more baffling that Pete's only statement about it—to the sheriff, to his lawyers, to the judge, to the jury, and to his family—was: "I have nothing to say." He was not afraid of death and was willing to take his motive to the grave.

The Epic Struggle With Japan's World War II Suicide Bombers

Hachette UK

In the tradition of Herman Wouk, author of *Winds of War* and *War and Remembrance*, the novel *Sins of the Fathers* is the thoroughly researched historical sequel to *Wolf*. History hinged on a call as the German high command waited for Hitler's order to invade Czechoslovakia. That was the signal that would launch their revolt to bring down the Reich. Every detail of the coup was in place. Access roads to Berlin would be blocked. The city sealed. Communication centers taken. A commando squad—sixty hand-picked men—were ready to storm the Chancellery and seize Hitler. The only open question: to try Hitler as a traitor or execute him on the spot. *Sins of the Fathers* is the eye-opening novel—based on historical facts—of the efforts of German military leaders, career civil servants, and clergy to solicit England's assistance to bring down the tyrant in 1938. When Prime Minister Neville Chamberlain refused to meet with them, they turned to Winston Churchill, who secretly supported their cause. Armed with a strongly worded letter from the future prime minister, they waited for Hitler's telephone call ordering German troops to invade Czechoslovakia—the signal for their uprising. But the call did not come. Instead, Prime Minister Chamberlain went to Hitler's apartment in Munich only to bow to the dictator's will. The invasion was over before it began—and with that, so was the coup. Flying home, Chamberlain announced he had obtained "peace for our times." *Sins of the Fathers*—the sequel to *Wolf* about Hitler's rise to power—tells the dramatic true story of the foolish prime minister that undermined the coup to topple the regime, delivered Czechoslovakia to Hitler, saved the Führer's life, and paved the road to World War II.

A Novel Back Bay Books

"Nuclear weapons, since their conception, have been the subject of secrecy. In the months after the dropping of the atomic bombs on Hiroshima and Nagasaki, the American scientific establishment, the American government, and the American public all wrestled with what was called the "problem of secrecy," wondering not only whether secrecy was appropriate and effective as a means of controlling this new technology but also whether it was compatible with the country's core values. Out of a messy context of propaganda, confusion, spy scares, and the grave counsel of competing groups of scientists, what historian Alex Wellerstein calls a "new regime of secrecy" was put into place. It was unlike any other previous or since. Nuclear secrets were given their own unique legal designation in American law ("restricted data"), one that operates differently than all other forms of national security classification and exists to this day. Drawing on massive amounts of declassified files, including records released by the government for the first time at the author's request, *Restricted Data* is a narrative account of nuclear secrecy and the tensions and uncertainty that built as the Cold War continued. In the US, both science and democracy are pitted against nuclear secrecy, and this makes its history uniquely compelling and timely"--

Mala's Cat Old Barn Trace Books

Includes 112 photos/illustrations and 21 maps. The German Afrika Korps blazed a trail across the deserts of North Africa under their dashing leader Erwin Rommel, the Desert Fox, although finally defeated by far superior Allied Forces they set the gold standard for desert operations. This book is of great historical value and even in the present day it is still considered of great value by the American military who still seek for improvements in their ways of desert doctrine... "Analysts continue to assess the data from

Operations Desert Shield and Desert Storm as a means of improving the military's ability to function efficiently in desert terrain...The information gleaned from this effort will enhance the already considerable body of knowledge on the subject derived from the historical record...When contributions in the latter category are located or rediscovered, they should be given the dissemination they merit... "Such is the purpose of publishing Desert Warfare: German Experiences in World War II...Organized by Major General Alfred Toppe and written with the assistance of nine German commanders who served in North Africa, the manuscript...represents a collaborative attempt to determine "as many factors as possible which exerted a determining influence on desert warfare," Issues addressed include planning, intelligence, logistics, and operations. Described and analyzed are the German order of battle, the major military engagements in North Africa, and the particular problems of terrain and climate in desert operations. Not unlike many of the U.S. units engaged in the war with Iraq, the Germans in North Africa learned about combat operations in the desert only after they arrived on the scene and confronted the desert on its own terms. For this reason alone, as well as for the insights it offers, Desert Warfare requires the serious consideration of those responsible for preparing the U.S. military for any future conflict in desert terrain."

The Glory Simon and Schuster

Committed to fight in the air and on the ground against the monumental resources of the Soviet Union, The Glory charts Israel's successes over Egypt and the commando raid on Fatah HQ in Beirut, the first missile-to-sea fight in history, which helped tip the balance in the Yom Kippur War, and the famous counter-terrorism raid on Entebbe. Shifting between Jerusalem and Washington, Los Angeles and Paris, this is the story of a beleaguered country and the men and women who fought for Israeli Independence and triumphed in the Six-Day War but know their fragile nationhood still hangs by a thread as their own children go into battle.

The Winds of War Dell

A Main Selection of the Military Book Club and a Featured Alternate of the History Book Club In the last days of World War II, a new and baffling weapon terrorized the United States Navy in the Pacific. To the sailors who learned to fear them, the body-crashing warriors of Japan were known as "suiciders"; among the

Japanese, they were named for a divine wind that once saved the home islands from invasion: kamikaze. Told from the perspective of the men who endured this horrifying tactic, At War with the Wind is the first book to recount in nail-biting detail what it was like to experience an attack by Japanese kamikazes. David Sears, acclaimed author of The Last Epic Naval Battle, draws on personal interviews and unprecedented research to create a narrative of war that is stunning in its vivid re-creations. Born of desperation in the face of overwhelming material superiority, suicide attacks--by aircraft, submarines, small boats, and even manned rocket-boosted gliders--were capable of inflicting catastrophic damage, testing the resolve of officers and sailors as never before. Sears's gripping account focuses on the vessels whose crews experienced the full range of the kamikaze nightmare. From carrier USS St. Lo, the first U.S. Navy vessel sunk by an orchestrated kamikaze attack, to USS Henrico, a transport ship that survived the landings at Normandy only to be sent to the Pacific and struck by suicide planes off Okinawa, and USS Mannert L. Abele, the only vessel sunk by a rocket-boosted piloted glider during the war, these unforgettable stories reveal, as never before, one of the most horrifying and misunderstood chapters of World War II. This is the candid story of a war within a war--a relentless series of furious and violent engagements pitting men determined to die against men determined to live. Its echoes resonate hauntingly at a time of global conflict, when suicide as a weapon remains a perplexing and terrifying reality. November 1, 1945--Leyte Gulf The destroyer Killen (DD-593) was besieged, shooting down four planes, but taking a bomb hit from a fifth. Pharmacist mate Ray Cloud, watching from the fantail, saw the plane--a sleek twin-engine Frances fighter-bomber--swoop in low across the port side. As its pilot released his bomb, Cloud said to himself, "He dropped it too soon," and then watched as the plane roared by--pursued and chewed up by fire from Killen's 40- and 20-mm guns. The bomb hit the water, skipped once and then penetrated Killen's port side hull forward, exploding between the #2 and #3 magazines. The blast tore a gaping hole in Killen's side and water poured in. By the time Donice Copeland, eighteen, a radar petty officer, emerged on deck from the radar shack, the ship's bow was practically submerged and the ship itself was nearly dead in the water. Practically all the casualties were awash below decks. Two unwounded sailors, trapped below in the ship's emergency

generator room, soon drowned. The final tally of dead eventually climbed to fifteen.

Cryptology and the Winds Message Controversy Pickle Partners Publishing

From award-winning author Deborah Heiligman comes Torpedoed, a true account of the attack and sinking of the passenger ship SS City of Benares, which was evacuating children from England during WWII. Amid the constant rain of German bombs and the escalating violence of World War II, British parents by the thousands chose to send their children out of the country: the wealthy, independently; the poor, through a government relocation program called CORB. In September 1940, passenger liner SS City of Benares set sail for Canada with one hundred children on board. When the war ships escorting the Benares departed, a German submarine torpedoed what became known as the Children's Ship. Out of tragedy, ordinary people became heroes. This is their story. This title has Common Core connections.

Battle Lines Penguin

The long awaited sequel to Diane Moody's, Of Windmills and War. When the war finally ended in May of 1945, Lieutenant Danny McClain made good on his promise to come back for Anya in Holland. He expected her to put up a fight, but instead found her exhausted and utterly broken. Maybe it was unfair, asking her to marry him when she was so vulnerable. But this much he knew: he would spend a lifetime helping to make her whole again. The war had taken everything from Anya--her family, her friends, her home, her faith. She clung to the walls she'd fortified around her heart, but what future did she have apart from Danny? At least she wouldn't be alone anymore. Or so she thought. When the American troops demobilize, Danny is sent home, forced to leave Anya behind in England. There she must wait with the other 70,000 war brides for passage to America. As England picks up the pieces of war's debris in the months that follow, Anya shares a flat with three other war brides in London and rediscovers the healing bond of friendships. Once again, Danny and Anya find themselves oceans apart, their marriage confined to little more than the handwritten pages of their letters while wondering if the shadow of war will ever diminish.

Pacific Glory Forge Books

After the success at Normandy, the Allied commanders are

confident that the war in Europe will soon be over. But in December 1944, in the Ardennes Forest, the Germans launch a ruthless counteroffensive that begins the Battle of the Bulge. The Führer will spare nothing to preserve his twisted vision of a "Thousand Year Reich," but stout American resistance defeats the German thrust. *No Less Than Victory* is a riveting account presented through the eyes of Eisenhower, Patton, and the soldiers who struggled face-to-face with their enemy, as well as from the vantage point of Germany's old soldier, Gerd von Rundstedt, and Hitler's golden boy, Albert Speer. Jeff Shaara carries the reader on a journey that defines the spirit of the soldier and the horror of a madman's dreams.

The Bomber Mafia Vintage

A moving and entrancing novel set in Paris during World War II about an American woman, a dashing pilot, and a young Jewish girl whose fates unexpectedly entwine—perfect for the fans of Kristen Hannah's *The Nightingale* and Martha Hall Kelly's *Lilac Girls*, this is "an emotional, heart-breaking, inspiring tribute to the strength of the human spirit and the enduring power of love" (Mariah Stewart, *New York Times* bestselling author). When Ruby first marries the dashing Frenchman she meets in a coffee shop, she pictures a life strolling arm in arm along French boulevards, awash in the golden afternoon light. But it's 1938, and war is looming on the horizon. Unfortunately, her marriage soon grows cold and bitter, her husband Marcel, distant and secretive—all while the Germans flood into Paris, their sinister swastika flags waving in the breeze. When Marcel is killed, Ruby discovers the secret he'd been hiding—he was a member of the French resistance—and now she is determined to take his place. She becomes involved in hiding Allied soldiers—including a charming RAF pilot—who have landed in enemy territory. But her skills are ultimately put to the test when she begins concealing her twelve-year-old Jewish neighbor, Charlotte, whose family was rounded up by the Gestapo. Ruby and Charlotte become a little family, but as the German net grows tighter around Paris, and the Americans debate entering the combat, the danger increases. No one is safe. "Set against all the danger and drama of WWII Paris, this heartfelt novel will keep you turning the pages until the very last word" (Mary Alice Monroe, *New York Times* bestselling author).

Torpedoed HarperCollins

His resume of roles includes Macbeth, Cyrano de Bergerac,

Ebenezer Scrooge and Oedipus Rex. His career has encompassed theatre and television in England, Canada and the United States. With a gift for developing offbeat characters, Barry Morse has had a prolific acting career, and the story of his life is a veritable history of 20th century theatre from the days before World War II through the early 21st century. In this memoir Morse traces his life and career, including his years at the Royal Academy of Dramatic Art, his radio jobs with the BBC, his 60-year marriage to actress Sydney Sturgess and their years together in the Court Players, his roles on television shows (*The Fugitive*, *Space: 1999*), and his acquaintance with literary lights (George Bernard Shaw) and screen stars (Robert Mitchum and Peter Cushing). Photographs from the Morse family collection are included.

Restricted Data University of Chicago Press

A thrilling, multi-layered World War II adventure following two men and an unforgettable woman, from Pearl Harbor through the most dramatic air and sea battles of the war Marsh, Mick, and Tommy were inseparable friends during their naval academy years, each man desperately in love with the beautiful, unattainable Glory Hawthorne. Graduation set them on separate paths into the military, but they were all forever changed during the Pearl Harbor attack on December 7, 1941. Glory, now Tommy's widow, is a tough Navy nurse still grieving her loss while trying to save lives. Marsh, a surface ship officer, finds himself in the thick of terrifying sea combat from Guadalcanal through Midway to a climactic showdown at Leyte Gulf. And Mick, a hotshot fighter pilot with a drinking problem and a chip on his shoulder, seeks redemption after a series of failures leaves him grounded. Filled with wide-screen action, romance, and heroism tinged with the brutal reality of war, *Pacific Glory* is a dynamic new direction for an acclaimed thriller writer. One of *Library Journal's* Best Historical Fiction Books of 2011

Soaring to Glory Dial Press Trade Paperback

Now hailed as a "proto-feminist classic" (*Vulture*), Pulitzer Prize winner Herman Wouk's powerful coming-of-age novel about an ambitious young woman pursuing her artistic dreams in New York City has been a perennial favorite since it was first a bestseller in the 1950s. A starry-eyed young beauty, Marjorie Morgenstern is nineteen years old when she leaves home to accept the job of her dreams—working in a summer-stock company for Noel Airman, its talented and intensely charismatic director. Released from the

social constraints of her traditional Jewish family, and thrown into the glorious, colorful world of theater, Marjorie finds herself entangled in a powerful affair with the man destined to become the greatest—and the most destructive—love of her life. Rich with humor and poignancy, *Marjorie Morningstar* is a classic love story, one that spans two continents and two decades in the life of its heroine. "I read it and I thought, 'Oh, God, this is me.'" --Scarlet Johansson

Chasing The Fugitive and Other Stories from an Actor's Life Simon and Schuster

Discusses the Allied invasion of Normandy, with extensive details about the planning stage, called Operation Overlord, as well as the fighting on Utah and Omaha Beaches.

Command Of The Air St. Martin's Press

The Japanese attack on Hawaii provoked the never-ending story. Multiple official investigations and private historical inquiries into the attack and its background have generated enormous stocks of info. about both the American and Japanese sides. Even so, info. gaps still exist, and many important questions remain under debate. The authors of this report have focused on two of the event's controversies, the Winds Message and the state of U.S. communications intelligence prior to the Hawaiian attack. This assemblage of documents, supplemented by the authors' clear guide to their meaning, places the reader right in the middle of the behind-the-scenes events and helps the scholar and researcher to follow them closely. Illustrations.

The True Story of the World War II Sinking of "The Children's Ship" Government Printing Office

"Author of the phenomenal national best seller, *Born to Run*, Christopher McDougall now travels to the Mediterranean where he discovers that the secrets of ancient Greek heroes are still alive and well on the island of Crete and in the muscles and minds of fitness enthusiasts everywhere. While researching *Born to Run*, Chris McDougall encountered the story of Pheidippides, the legendary ancient Greek 'all-day runner.' Later, when McDougall met a dedicated amateur historian, he saw a connection to one of the most fascinating mysteries of World War II: How did a small band of Resistance fighters surrounded by German troops kidnap a top German general? What he discovered is that ancestral techniques for extraordinary endurance, natural movement, and nutrition allowed ancient Greek soldiers and Cretan shepherds to

race across mountains on all-night missions. Inspired by their heroic acts, McDougall sets off to discover the lost art of the hero, both throughout history and across the world. Just as *Born to Run* inspired casual runners to get off the treadmill, out of their shoes, and into nature, *Natural-Born Heroes* will inspire casual athletes to leave the gym and take their fitness to nature doing cross-training, mud runs, parkour and free-running to bound--and climb, swim, skip, wade, and jump--their way to heroic feats"--

No Less Than Victory St. Martin's Press

"This book is a masterpiece. It captures the essence of the Tuskegee Airmen's experience from the perspective of one who lived it. The action sequences make me feel I'm back in the cockpit of my P-51C 'Kitten'! If you want to know what it was like fighting German interceptors in European skies while winning equal opportunity at home, be sure to read this book!" —Colonel Charles E. McGee, USAF (ret.) former president, Tuskegee Airmen Inc. "All Americans owe Harry Stewart Jr. and his fellow airmen a huge debt for defending our country during World War II. In addition, they have inspired generations of African American youth to follow their dreams." —Henry Louis Gates Jr., Alphonse Fletcher University Professor, Harvard University He had to sit in a segregated rail car on the journey to Army basic training in Mississippi in 1943. But two years later, the twenty-year-old African American from New York was at the controls of a P-51, prowling for Luftwaffe aircraft at five thousand feet over the Austrian countryside. By the end of World War II, he had done

something that nobody could take away from him: He had become an American hero. This is the remarkable true story of Lt. Col. Harry Stewart Jr., one of the last surviving Tuskegee Airmen pilots who experienced air combat during World War II. Award-winning aviation writer Philip Handleman recreates the harrowing action and heart-pounding drama of Stewart's combat missions, including the legendary mission in which Stewart downed three enemy fighters. *Soaring to Glory* also reveals the cruel injustices Stewart and his fellow Tuskegee Airmen faced during their wartime service and upon return home after the war. Stewart's heroism was not celebrated as it should have been in postwar America—but now, his boundless courage and determination will never be forgotten.

The Glory The Winds of War

A gripping and authentic World War II naval adventure by a master storyteller *The Hooligans* fictionalizes the little-known but remarkable exploits of "The Hooligan Navy" that fought in the Pacific theatre of World War II. Loosely-organized in fast moving squadrons, PT (patrol torpedo) boats were the pesky nemesis of the formidable Japanese navy, dubbed "the mosquito fleet" and "devil boats" for their daring raids against warships, tankers, and transport ships. After the Pearl Harbor raid plunges America into war, young surgical resident Lincoln Anderson enlists in the Navy medical corps. His first deployment comes in August 1942 at Guadalcanal, when after a brutal sea battle and the landing of

Marines on the island, Anderson finds himself triaging hundreds of casualties under relentless Japanese air and land attacks. But with the navy short of doctors, soon Anderson is transferred to serve aboard a PT boat. From Guadalcanal to the Solomon Islands to the climactic, tide-turning battle of Leyte Gulf, Anderson and the crew members of his boat confront submarines and surface ships, are attacked from air by the dreaded Kawanishi flying boats, and hunted by destroyers. In the end, Anderson must lead a division of boats in a seemingly-impossible mission against a Japanese battleship formation—and learn the true nature of his character. Informed by P. T. Deutermann's own experience as a commander of a patrol gunboat in Vietnam, *The Hooligans* is first-rate military adventure fiction.

The Room on Rue Amelie Garden City, N.Y. Doubleday 1951.

Winner of the Pulitzer Prize and a perennial favorite of readers young and old, Herman Wouk's masterful World War II drama set aboard a U.S. Navy warship in the Pacific is "a novel of brilliant virtuosity" (*Times Literary Supplement*). Herman Wouk's boldly dramatic, brilliantly entertaining novel of life--and mutiny--on a Navy warship in the Pacific theater was immediately embraced, upon its original publication in 1951, as one of the first serious works of American fiction to grapple with the moral complexities and the human consequences of World War II. In the intervening half century, *The Caine Mutiny* has sold millions of copies throughout the world, and has achieved the status of a modern classic.
