<i>Introduction To Sport Law</i>	<i>2021-10-26</i>
CHACE RICHARD	
<i>Sports Law</i> Human Kinetics	
The interdependent coach-athlete relationship represents the most fundamental instance of a duty of care in sport. This book defines, analyses and clarifies the duty of care incumbent upon sports coaches and identifies important recommendations of real-world significance for coaching practice. Given the dynamic relationship between coaching, sport and the law, it is imperative that coaches have an informed awareness of the evolving legal context in which they discharge their duty of care. Detailed analysis of a coach’s duty of care has so far been lacking. The book addresses this gap by being the first to critically scrutinise the concept of duty of care in the specific context of sports coaching. Sustained analysis of the developing case law allows the scope and boundaries of the particular duties demanded of coaches to be rigorously examined. The legal principles and court decisions discussed relate to coaching delivered in a wide range of individual and team sports, at both amateur and professional levels of performance, and include common scenarios and challenges frequently encountered by sports coaches globally. By adopting an interdisciplinary approach within a broader sociolegal methodological framework, this book’s detailed analysis and original insights will prove highly instructive for practising coaches, coach educators, and national governing bodies of sport. It also offers extremely valuable insights for students, teachers and practitioners involved in sports law, sports coaching, sports ethics, tort law, sports policy and development, sports studies and physical education.	
An introduction Routledge	
Introduction to Sport Law With Case Studies in Sport Law-2nd EditionHuman Kinetics	
<i>An Introduction</i> Bloomsbury Publishing	
"Introduction to Sport Law" presents legal issues in sport in an accessible manner using a topical approach that is easily understood by readers with little or no legal background. Using straightforward, jargon-free explanations, the text guides readers through the major legal areas specific to the sport setting.	
A Managerial Approach Jones & Bartlett Learning	
Investigates the birth of EU sports law and policy by examining the impact of the Bosman ruling and other European Court of Justice decisions, the relationship between sport and EU competition law, the organization of sport, and the relationship between sport and the EU Treaty.	
Law, Ethics, and Integrity in the Sports Industry Bloomsbury Publishing	
The book is an introduction to sports law, in particular International (worldwide) and European (EU) sports law. The chapters are all put in the perspective of the innovative sports law doctrine that is developed and presented in the opening chapter on what sports law is. After a general coverage of the core concept of “sport specificity” (that is whether private sporting rules and regulations can be justified notwithstanding they are not in conformity with public law), the book covers the following specific main themes of International and European Sports Law (capita selecta): comparative sports law; competition law and sport; the collective selling of TV rights; sports betting; Social Dialogue in sport; sport and nationality; professional football transfer rules; anti-doping law in sport; transnational football hooliganism in Europe; international sports boycotts. In this book association football (“soccer”) is the sport that is by far most on the agenda. It is the largest sport in the world and most popular all over the globe. The elite football in Europe is a day-to-day commercialized and professionalized industry, which makes it a perfect subject of study from an EU Law perspective.	
Cases and Materials Kluwer Law International B.V.	
The EU’s influence on sport has traditionally focused on the socio-economic and cultural impact. This Research Handbook on EU Sports Law explores the development of the 'European dimension' in sport, and the concomitant legal issues including, competition law, state aid and free movement	

of persons. The application of such areas of EU law to sport and the influence of EU law on key policy issues such as, doping, match-fixing and governance, are detailed in this comprehensive collection. The topical chapters by experts in their field, also touch upon the future evolution of EU sports law.

Sports and Games As Legal Systems Introduction to Sport Law With Case Studies in Sport Law-2nd Edition

Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of sports law in the Netherlands deals with the regulation of sports activity by both public authorities and private sports organizations. The growing internationalization of sports inevitably increases the weight of global regulation, yet each country maintains its own distinct regime of sports law and its own national and local sports organizations. Sports law at a national or organizational level thus gains a growing relevance in comparative law. The book describes and discusses both state-created rules and autonomous self-regulation regarding the variety of economic, social, commercial, cultural, and political aspects of sports activities. Self-regulation manifests itself in the form of by-laws, and encompasses organizational provisions, disciplinary rules, and rules of play. However, the trend towards more professionalism in sports and the growing economic, social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities. This form of regulation appears in a variety of legal areas, including criminal law, labour law, commercial law, tax law, competition law, and tort law, and may vary following a particular type or sector of sport. It is in this dual and overlapping context that such much-publicized aspects as doping, sponsoring and media, and responsibility for injuries are legally measured. This monograph fills a gap in the legal literature by giving academics, practitioners, sports organizations, and policy makers access to sports law at this specific level. Lawyers representing parties with interests in the Netherlands will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative sports law.

A Critical Introduction Routledge

Sport marketing is more accessible than ever, with sport business professionals, companies, the media, athletes, teams, coaches, and fans connecting in new ways and with new experiences. Sport Marketing, Fifth Edition With HKPropel Access, presents a modernized, current-day approach to the dynamic industry of sport marketing. A full-color presentation brings this vibrant field to life with comprehensive coverage—balanced between theoretical and practical—to provide an understanding of the foundations of sport marketing and how to enhance the sport experience. Building on the legacy that Bernard Mullin, Stephen Hardy, and William Sutton established in the first four editions, a new author team, handpicked by their predecessors, draw from their modern experience in the field to add a fresh perspective to this essential text. They bring the sport industry directly to the reader through extensive industry examples, interviews of top sports executives, challenging case studies, and global perspectives from teams, leagues, and other agencies around the world. Reflecting the evolving landscape of sport marketing, the text will prepare students to stay on the leading edge with the following updates: A focus on current and emerging technologies and how they have revolutionized the sport industry—ranging from mobile video streaming and fantasy sports to artificial intelligence and virtual reality Greater emphasis on data and analytics to make more informed business decisions In-depth examination of how social media and digital platforms serve as critical communication channels to drive sport marketing strategy and execution New content on target marketing, including understanding millennial sports fans and engaging with Generation Z Updated coverage of sales processes, addressing both traditional methods and new strategies for the mobile age Discussion of modern ticketing practices and the secondary ticket market, including how leagues partner with secondary ticket providers and the impact on pricing strategies Also new to the fifth edition are related online learning aids, now delivered through HKPropel, designed to engage students and test comprehension of the material. Exclusive video interviews with sport industry leaders offer insights into how they

incorporate marketing strategies into their daily work. Discussion questions and activities for each chapter guide students to apply core concepts, and web search activities provide opportunities for students to compare strategies found on sport organization websites and other online locations. In addition, chapter objectives, an opening scenario, sidebars highlighting key concepts, and Wrap-Up, Activities, and Your Marketing Plan sections at the ends of chapters offer students additional learning tools as they explore how fans, players, coaches, the media, and companies interact to drive the sport industry. With Sport Marketing, Fifth Edition With HKPropel Access, students will develop valuable marketing skills and prepare for a successful career in the competitive world of sport marketing. Note: A code for accessing HKPropel is not included with this ebook but may be purchased separately.

Sports Law and Policy in the European Union Kendall Hunt Publishing Company

Sports play a significant role in society, as they are a multilevel field of interest. Nonetheless, a major problem that has been undermining the field is the rise of issues surrounding integrity. Indeed, major scandals of corruption have been disclosed, and they have challenged the effectiveness of sports institutions. As a result, it is vital to explore how to navigate the complex landscape of legal and ethical issues. Law, Ethics, and Integrity in the Sports Industry is an essential reference source that discusses the legitimacy and integrity of sports institutions by focusing on the social, economic, and political influence of sports. Featuring research on topics such as global sports governance, legal and ethical implications, and the validity of e-sports, this book is ideally designed for scholars interested in institutional aspects of sports and ethics, academicians, researchers, advanced-level students, and officials with a broad interest in sports seeking coverage on the institutional aspects of sports and ethics.

Contemporary Issues in Sport Management Springer

Contemporary sport is both a sophisticated and complex international business and a mass participatory practice run largely by volunteers and community organisations. Now in a fully revised and expanded second edition, this authoritative and comprehensive introduction to the theory and practice of sports management helps to explain the modern commercial environment that shapes sport at all levels and gives clear and sensible guidance on best practice in sports management, from elite sport to the local level. The first section examines the global context for contemporary sports management. The second explores the key functional areas of management, from organisation and strategy to finance and marketing, and explains how successful managerial techniques can be applied in a sporting context. The final section surveys a wide range of important issues in contemporary sports management, from corporate social responsibility to the use of information and communication technologies. Together, these sections provide a complete package of theory, applied practical skills and a state-of-the-art review of modern sport business. Complemented by a companion website full of additional resources, this book is essential reading for all students of sport management and sport business.

Sport Marketing Springer Science & Business Media

This exciting, accessible introduction to the field of Sports Studies is the most comprehensive guide yet to the relationships between sport, culture and society. Taking an international perspective, Sport, Culture and Society provides students with the insight they need to think critically about the nature of sport, and includes: a clear and comprehensive structure unrivalled coverage of the history, culture, media, sociology, politics and anthropology of sport coverage of core topics and emerging areas extensive original research and new case study material. The book offers a full range of features to help guide students and lecturers, including essay topics, seminar questions, key definitions, extracts from primary sources, extensive case studies, and guides to further reading. Sport, Culture and Society represents both an important course resource for students of sport and also sets a new agenda for the social scientific study of sport.

An Introduction Human Kinetics

Sport governance has become an increasingly widespread subject for research and teaching in

sports studies. This engaging and accessible textbook examines the governance of sport organisations in a changing political, legal, financial and socio-cultural context. It explains how sport organisations are governed, explores the issues and challenges faced by those governing sport today, and looks ahead to how sport can be governed better in the future. Covering sport at all levels, from community organisations and national governing bodies to international organisations such as the IOC and FIFA, this text examines key components of governance, such as legal and regulatory frameworks, stakeholding, performance, compliance and the reform of the non-profit sector in line with corporate governance. This text is also timely given that recent corruption scandals in sport have served to highlight the central importance of good governance in sport. Its nine chapters draw upon more than thirty international case examples across a range of sports including athletics, football, gymnastics, hockey, rowing, rugby, badminton and tennis. With extensive lists of learning activities and resources, original empirical research and insights into the politics of policymaking and implementation, this textbook is essential reading for any course on sport governance, policy, management or development.

Sport Law Springer Science & Business Media

Case Studies in Sport Law, Second Edition, provides students with specific examples and perspectives of some of the most significant cases in sport law in an accessible tone that is free of legal jargon. The text is an ideal companion for non-law students who are seeking clarity and context for legal issues commonly encountered in sport management and sport law settings. The 87 cases provide real-life applications for students and scholars of sport management. This updated second edition of Case Studies in Sport Law contains one new case study to provide a more contemporary example while maintaining the most significant precedent cases. The text is easily incorporated as a supplement to course studies, especially for its recommended companion text, Introduction to Sport Law, Second Edition. These two texts were designed with the other in mind, and the structures match each other in order of topics presented so that students can easily cross-reference the two to obtain the best understanding of sport law. The 87 cases in Case Studies in Sport Law have been carefully curated by a team of experts in the field and represent many of the multifaceted aspects of sport law. Some of the areas covered in the text are school districts, colleges and universities, interscholastic and recreational programs, professional sport franchises, sporting goods manufacturers and trademarks, and governing bodies. This broad approach encourages students to understand the impact of legal issues on the sport industry, including many of the areas that students are hoping to pursue as a career. Case Studies in Sport Law offers condensed versions of each case as opposed to the full legal proceedings, which enables students to grasp key concepts of the case instead of wading through legal jargon. The cases are divided into the main topics that are most prevalent in sport law courses: agency law, antitrust law, constitutional law, contract law, employment law, intellectual property, labor law, products liability, risk management, statutory law, Title IX, tort law, and the U.S. legal system. This is an easy-to-follow format that allows instructors and readers easy selection of cases based on the topic at hand. In addition to the abridged court cases, each section provides introductory information to prepare students on the type of law that will be examined and key concepts to bear in mind while reading. Further, each case study ends with review questions that can test student comprehension, be used for review, and prompt in-class discussions. Answers to these review questions are in the instructor guide, which is free to course adopters and available at www.HumanKinetics.com/CaseStudiesInSportLaw. Litigation and lawsuits in sport are increasing; therefore, managers and operators must maintain a thorough understanding of legal practices. Case Studies in Sport Law is the ideal text to supplement a sport management or sport law class and bolster student comprehension of sport law issues, and it is a supreme reference in the professional library of all practitioners in college, high school, professional, and recreational sport settings.

Sports Law in the Netherlands Cengage Learning

Introduction to Sport Law With Case Studies in Sport Law, Second Edition, provides students with comprehensive information on the fundamental legal issues in sport and sport management using a jargon-free approach that is accessible to readers with little or no legal background. The content covers legal and management matters most commonly found in sport management, including

liability issues, protecting the legal rights of athletes and employees, and managing legal risk. These texts contain straightforward examples and case studies that deliver timely information to ground sport law theory in practical applications. Fully updated and expanded, Introduction to Sport Law, Second Edition, helps students understand the types of law that are most relevant to sport management professionals. New references and updated court cases throughout the text allow students to see laws and issues from a contemporary point of view to further their comprehension. A new chapter on labor law adds a current perspective for students and sport management professionals. Introduction to Sport Law, Second Edition, is organized in a progressive way that takes into account all law categories relevant to sport management. The text presents an overview of the United States legal system, including the court system, the various types of law, and legal resources. It then explores important topics, including labor law, risk management, employment law, gender equity, intellectual property, agency law, tort law, constitutional law, antitrust law, and contract law. Each chapter provides students with unique insight on the law at hand, examining its relevance from the perspective of both sport management and law professionals, and provides an understanding of its real-world application. Objectives and a glossary of terms to assist students with comprehension and knowledge retention are included in each chapter, and many examples are used to assist in grounding the theory. In the Courtroom sidebars present discussion questions, comprehension checks, and applied perspectives, while Moot Court Cases give students an opportunity to debate hypothetical scenarios and apply principles that they have recently learned to conceptualize the technicalities of sport law. Introduction to Sport Law With Cases Studies in Sport Law, Second Edition, presents a comprehensive examination of legal issues in sport. Through its focus on legal concepts with direct application to the sport manager's role and a presentation devoid of legalese, this text provides readers with the information they need in order to feel confident with the fundamentals of sport law.

Sports Law Routledge

Sports Law has quickly developed into an accepted area of academic study and practice in the legal profession globally. In Europe and North America, Sports Law has been very much a part of the legal landscape for about four decades, while in more recent times, it has blossomed in other geographic regions, including the Commonwealth Caribbean. This book recognizes the rapid evolution of Sports Law and seeks to embrace its relevance to the region. This book offers guidance, instruction and legal perspectives to students, athletes, those responsible for the administration of sport, the adjudication of sports-related disputes and the representation of athletes in the Caribbean. It addresses numerous important themes from a doctrinal, socio-legal and comparative perspective, including sports governance, sports contracts, intellectual property rights and doping in sport, among other thought-provoking issues which touch and concern sport in the Commonwealth Caribbean. As part of the well-established Routledge Commonwealth Caribbean Law Series, this book adds to the Caribbean-centric jurisprudence that has been a welcome development across the region. With this new book, the authors assimilate the applicable case law and legislation into one location in order to facilitate an easier consumption of the legal scholarship in this increasingly important area of law.

Martinus Nijhoff

The second edition of International Sports Law introduces many new topics, including the human rights of athletes, the use of instant replay cameras and computers to resolve disputes during competition, corruption in the sports arena, the emerging *lex sportiva* derived from arbitral awards, ambush marketing and other commercial issues. Commentary on the international legal framework, European regional law, and doping is substantially enlarged and the book features in-depth case studies of recent dispute resolution. Published under the Transnational Publishers imprint.

Sport, Culture and Society Routledge

Introduction to Sport Law With Case Studies in Sport Law, Second Edition, uses an accessible, jargon-free approach to fundamental legal issues in sport law, including liability issues, protecting legal rights, and managing risk.

Introduction to Sport Law With Case Studies in Sport Law-2nd Edition Kluwer Law International B.V.

This comprehensive textbook covers sports law in England and Wales, consolidating guidance across all the major practice areas of interest to sports lawyers, and discussing the effect of European legislation.

Introduction to Sport Law LexisNexis

Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of sports law in France deals with the regulation of sports activity by both public authorities and private sports organizations. The growing internationalization of sports inevitably increases the weight of global regulation, yet each country maintains its own distinct regime of sports law and its own national and local sports organizations. Sports law at a national or organizational level thus gains a growing relevance in comparative law. The book describes and discusses both state-created rules and autonomous self-regulation regarding the variety of economic, social, commercial, cultural, and political aspects of sports activities. Self-regulation manifests itself in the form of by-laws, and encompasses organizational provisions, disciplinary rules, and rules of play. However, the trend towards more professionalism in sports and the growing economic, social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities. This form of regulation appears in a variety of legal areas, including criminal law, labour law, commercial law, tax law, competition law, and tort law, and may vary following a particular type or sector of sport. It is in this dual and overlapping context that such much-publicized aspects as doping, sponsoring and media, and responsibility for injuries are legally measured. This monograph fills a gap in the legal literature by giving academics, practitioners, sports organizations, and policy makers access to sports law at this specific level. Lawyers representing parties with interests in France will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative sports law.

Sports Law Wolters Kluwer

With an accessible approach free of legal jargon, Introduction to Sport Law With Case Studies in Sport Law, Third Edition, provides a comprehensive examination of the fundamental legal issues commonly found in sport and sport management. Even students with little to no legal background will understand law topics relevant to the sport industry through the text's straightforward examples and case studies that demonstrate sport law theory through real-world applications. Organized to cover all law categories that are most critical to the management of sport, the text first presents an overview of the United States legal system, including the court system, the various types of law, and legal resources. Students will then explore important topics such as risk management, employment law, gender equity, intellectual property, and constitutional law, examining the relevance of the law at hand to real-world applications across the field of sport management. This updated third edition allows students to increase their comprehension by looking at laws and issues through timely, modern points of view. New content reflects important topics and current legal issues, including the Equal Pay Act; the Sports Broadcasting Act; athlete safety and equipment concerns; name, image, and likeness (NIL) laws; antitrust litigation, unionization, and collective bargaining; and transgender athlete participation in sport. The updated content addresses contemporary challenges to constitutional law, including the First Amendment and Fourteenth Amendment, and it examines how budget problems related to COVID-19 resulted in cutting sports and raised Title IX issues. End-of-chapter discussion questions and in the Courtroom sidebars have been updated with current examples to better demonstrate modern applied perspectives. Moot Court Case sidebars now have accompanying questions on hypothetical scenarios, allowing students to understand the technicalities of sport law in practical application. Each chapter of Introduction to Sport Law, Third Edition, also directs students to relevant cases in the included ebook, Case Studies in Sport Law, Third Edition, by Andrew T. Pittman, John O. Spengler, and Sarah J. Young. Featuring abridged versions of 93 court cases, all carefully curated to provide real-life applications representing many of the multifaceted aspects of sport law, the ebook also includes review questions for each case to test comprehension and prompt in-class discussion. Through its focus on legal concepts with direct application to the world of sport, Introduction to Sport Law, Third Edition, provides students with the information they need to feel confident with the fundamentals of sport law. Note: This ebook includes both Introduction to Sport Law, Third Edition, and Case Studies in Sport Law, Third Edition.
