Love at Last Sight

Salmedin Mesihovic
Bulgaria and Serbia
during socialism are
outlined from many
different points of view
in this volume. Beyond
local and personal
trajectories the authors
illuminate more
general and
comparative questions.
Was there anything
like a "socialist
anthropology",
common to all three
countries? Did Soviet
and/or Marxist

influences, in the
discipline and in
society in general,
penetrate so deeply as
to form an unavoidable
common denominator
of anthropological
practice? The answers
turn out to be complex
and subtle. While
unifying ideological
forces were very
strong in the 1950s,
diversity increased
thereafter.

Anthropology was
entangled with national
ideology in all three
countries, but the
evidence nonetheless
calls for "polyphonic"
interpretations.

Danas Good Press
Pinocchio, The Tale of
a Puppet follows the
adventures of a talking
wooden puppet whose
nose grew longer
whenever he told a lie
and who wanted more
than anything else to
become a real boy.As

carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has

spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

Pieśń hajducka Słowian południowych Croatian Literature Series originally published in 2003 in Croatian.

Co wieś to inna pieśń The collection Croatian Tales of Long Ago is considered to be a masterpiece and features a series of newly written fairy tales heavily inspired by motifs taken from ancient Slavic mythology of pre-Christian Croatia. Croatian Tales of Long Ago are seen as one of the most typical examples of the writing style of Ivana Brlić-Mažuranić. The book

has been compared by literary critics to Hans Christian Andersen and J. R. R. Tolkien due to the way it combines original fantasy plots with folk mythology. *Hrvatsko zagorje* ORBIS ROMANVS je djelo udžbeničkog karaktera, čiji je nastanak uzrokovala potreba za jednim svestranim radom na bosansko – hrvatskom – srpskom jeziku, koji bi prikazao rimski svijet i njegovu civilizaciju, posebnu u njenom klasičnom periodu. To je podrazumijevalo da se historija starog Rima i zemalja kojima je dominirao ne promatra samo kroz vizuru političke i vojne povijesti, što je uglavnom najčešća pojava u općoj historiografiji. Udžbenik je zato i koncipiran da čitalac u sebi razvije

misao da je rimski pronalazak betona značajniji za čovječanstvo nego što su to bile mnoge bitke u kojima je trijumfiralo rimsko oružje. Uz to, intencija udžbenika je i da razbije uvriježene tabue i predrasude čitatelja, a posebno studenata o klasičnoj rimskoj civilizaciji. Djelo je iznimno opširnog karaktera, jer je to iziskivala sama potreba bavljenja ovom tematikom. Kako bi se čitaocima olakšalo praćenje i razumijevanje teksta, nastojalo se da tekst ne bude suhoparan niti samo nabacivanje golih činjenica, nego da se kombinacijom podataka, slika, ilustracija, karti, anegdotalnih primjera i zaključaka prezentira rimski svijet koliko je to god moguće bolje.

Zato se na momente može činiti da udžbenik pred javnost pruža jednu priču sa svojim akterima i radnjom, u kojoj se likovi i njihovi doživljaji izmijenjuju kao u kakvom serijskom programu.
