BRADFORD PHELPS	
<p>The Boston Composers Project Routledge</p> <p>The 1904 Olympic Games in St. Louis were both unusual and controversial. One of the major problems for Olympic scholars has been to determine which of the events at these Games were truly of Olympic caliber. The Games were included as part of the World’s Fair, and every athletic contest that took place under the Fair’s auspices was deemed “Olympic.” These activities included croquet and water polo, high school and college championships in football and basketball, as well as the “Anthropology Days” events in which members of “primitive” “tribes” competed against one another. The author demonstrates, after great deliberation, that 16 events of the 21 overall were truly Olympic sports and gives descriptions, scores, and analyses for each (as well as for the five non-Olympic events). Appendices include literature relating to these games, lists of noncompeting foreign entrants, and a guide to all competitors.</p>	<p>Music at Social Meals in Greek and Roman Antiquity Gulf Professional Publishing</p> <p>As host of the 2014 soccer World Cup and the 2016 Olympic Games, Brazil is a country that has grabbed the world's attention and imagination. Find out all about the history, culture, remarkable landscape, and, of course, the carnivals and the sporting prowess that make Brazil such an exciting, dynamic place to visit and to live. Topaz/ Band 13 books offer longer and more demanding reads for children to investigate and evaluate.</p>
<p>Billboard Golden Clef Pub</p> <p>This book offers an in-depth study of the globalization of contemporary South Korean idol pop music, or K-Pop, visiting K-Pop and its multiple intersections with political, economic, and cultural formations and transformations. It provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s, which paved the way for the recent international rise of K-Pop and the Korean Wave. Fuhr examines the conditions and effects of transnational flows, asymmetrical power relations, and the role of the imaginary "other" in K-Pop production and consumption, relating them to the specific aesthetic dimensions and material conditions of K-Pop stars, songs, and videos. Further, the book reveals how K-Pop is deployed for strategies of national identity construction in connection with Korean cultural politics, with transnational music production circuits, and with the transnational mobility of immigrant pop idols. The volume argues that K-Pop is a highly productive cultural arena in which South Korea’s globalizing and nationalizing forces and imaginations coincide, intermingle, and counteract with each other and in which the tension between both of these poles is played out musically, visually, and discursively. This book examines a vibrant example of contemporary popular music from the non-Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic, musicological, and cultural analysis. Widening the regional scope of Western-dominated popular music studies and enhancing new areas of ethnomusicology, anthropology, and cultural studies, this book will also be of interest to those studying East Asian popular culture, music globalization, and popular music.</p>	<p>Palmer's Index to the Times Newspaper ... Disha Publications</p> <p>This is a unique title; no current showcase of the best contemporary music videos exists, despite the area being a popular, flourishing hub of creative activity. If you want to succeed in this area, you need this book! Reinventing Music Videos provides a showcase of the best of the next generation of international music video directors, who are creating work for best-selling and cutting-edge music artists. The up and coming are contrasted with an icons of the genre' section on big name music video directors such as Chris Cunningham and Spike Jonze to give the complete overview of this area. Stunning visuals dominate the book, along with questions and answers with the creators, and their sketches, treatments, and test visuals. This is an invaluable reference guide, a source of inspiration and process with an exploration of the underlying technologies and techniques alongside the showcase for everyone working in music videos and those wanting to get into this highly sought after genre of filmmaking. * This is an invaluable, high-profile resource on a hot button area of filmmaking with insider information not available elsewhere * Contains visuals from high-profile, internationally best-selling music artists * Learn from a renowned authority on alternate' moving image</p>
<p><i>Surfing about Music</i> Cambridge University Press</p> <p>The bibliography lists nearly 5,000 compositions by 200 composers of jazz and "art" music, indicating where scores or realizations can be purchased, rented, or borrowed, and which Boston area libraries have them in their collections.</p>	<p>Britannica Book of the Year 2014 Encyclopedia Britannica, Inc.</p> <p>For more than a millennium, the ancient Olympics captured the imaginations of the Greeks, until a Christianized Rome terminated the competitions in the fourth century AD. But the Olympic ideal did not die and this book is a succinct history of the ancient Olympics and their modern resurgence. Classics professor David Young, who has researched the subject for over 25 years, reveals how the ancient Olympics evolved from modest beginnings into a grand festival, attracting hundreds of highly trained athletes, tens of thousands of spectators, and the finest artists and poets.</p>
<p>We are the Champions: The Politics of Sports and Popular Music McFarland</p> <p>Evidence-based change is central to many recent developments in the NHS. This book brings together practical and personal experiences from a wide range of externally evaluated healthcare projects. It demonstrates how to facilitate and promote evidence-based change by drawing on realistic advice on what is, and is not, effective. It enables readers to benefit from lessons learned and provides a comprehensive insight into implementing changes based on research evidence, across broad range of settings in the NHS. 'An important book. It has many exciting insights, enjoy it.' Jenny Simpson in the Foreword 'A unique collection. There are some brave admissions and this is probably the best attempt yet to capture the nitty-gritty of the evidence-into-practice agenda in UK healthcare. I hope you find it a gripping read'. Trisha Greenhalgh in the Foreword</p>	<p>Readers' Guide to Periodical Literature Routledge</p> <p>An introductory overview of the fundamentals in managing events, preparing students for a future career in events management and hospitality.</p> <p>Tourism at the Olympic Games Routledge</p> <p>100 YEARS OF OLYMPIC MUSIC details the integral part music has played in each Summer & Winter Olympiad since 1896 (including Atlanta). After the first modern Olympic Games in 1896, founder, French-born Baron Pierre de Coubertin, stated that "fashions have undergone many changes over two thousand years, but music has remained the factor which best conveys the emotion within a crowd, & which best accompanies the amplitude of a great spectacle." 100 YEARS OF OLYMPIC MUSIC includes an interview with John Williams completed in December of 1995 following the world premiere of his new official Centennial Olympic Theme "Summon the Heroes." This book also lists extensive references to music used in ceremonies & commissioned for special events surrounding the Games, including the early "Arts Competitors" & as accompaniments for various competitors. In addition you will find a discography of recordings made of Olympic music. To order contact: Golden Clef Publishing, 4365 Dudley Rd., Mantua, OH 44255, FAX 330-274-2577.</p>
<p>Events Management Routledge</p> <p>This report aims to analyse the projects implemented by the city of Beijing to incorporate environmental sustainability into the 2008 Olympic Games and fulfil the environmental commitments made during the candidature phase. Beijing set ambitious environmental goals to show the world its commitment to sustainable development. The project areas range from addressing air and water quality and waste management to including environmental considerations in new infrastructure development.</p>	<p>Readers' Guide to Periodical Literature Routledge</p> <p>An introductory overview of the fundamentals in managing events, preparing students for a future career in events management and hospitality.</p> <p>Tourism at the Olympic Games Routledge</p> <p>100 YEARS OF OLYMPIC MUSIC details the integral part music has played in each Summer & Winter Olympiad since 1896 (including Atlanta). <p>West Virginia John Wiley & Sons</p> <p>Going far beyond being just a mega sport event, the Olympic Games are, and have been in the past, important settings for tourism and cultural change. Hosting the Olympic Games presents a unique opportunity for countries to promote, regenerate, and develop cities and regions, and to firmly locate them within an increasingly competitive global tourism marketplace. From Athens to Rio de Janeiro, Olympic landmark buildings, ‘districts’, and ‘parks’ have permanently transformed cities and regions, and gained tremendous material and symbolic value as tourist attractions. On another level, the Olympic Games produce a kaleidoscopic range of intangible and quasi-religious engagements with place and spectacle. They have a tremendous impact on the image of the host country, while invoking collective memories and touching on emotions such as suspense, compassion, togetherness, and pride. Tourism has also become a major watchword in ongoing debates on the ‘legacy’ of the Olympic Games, and it deeply penetrates discourses on social justice and cultural change on a local, national and global scale. This book was originally published as a special issue of the Journal of Tourism and Cultural Change.</p>	<p>Readers' Guide to Periodical Literature Routledge</p> <p>An introductory overview of the fundamentals in managing events, preparing students for a future career in events management and hospitality.</p> <p>Tourism at the Olympic Games Routledge</p> <p>100 YEARS OF OLYMPIC MUSIC details the integral part music has played in each Summer & Winter Olympiad since 1896 (including Atlanta). Philip Bohlman considers questions of meaning and technology in world music, and responds to the dramatically changing political world in which people produce and listen to world music. He also addresses the different ways in which world music is created, disseminated, and consumed, as the full reach of the internet and technologies that store and spread music through the exchange of data files spark a revolution in the production and availability of world music. Finally, Bohlman revises the way we think of the musician, as an increasingly mobile individual, sometimes because physical borders have fallen away, at other times because they are closing. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

100 Years of Olympic Music PediaPress

Sports and popular music are synergistic agents in the construction of identity and community. They are often interconnected through common cross-marketing tactics and through influence on each other's performative strategies and stylistic content. Typically only studied as separate entities, popular music and sport cultures mutually 'play' off each other in exchanges of style, ideologies and forms. Posing unique challenges to notions of mind - body dualities, nationalism, class, gender, and racial codes and sexual orientation, Dr Ken McLeod illuminates the paradoxical and often conflicting relationships associated with these modes of leisure and entertainment and demonstrates that they are not culturally or ideologically distinct but are interconnected modes of contemporary social practice. Examples include how music is used to enhance sporting events, such as anthems, chants/cheers, and intermission entertainment, music that is used as an active part of the athletic event, and music that has been written about or that is associated with sports. There are also connections in the use of music in sports movies, television and video games and important, though critically under-acknowledged, similarities regarding spectatorship, practice and performance. Despite the scope of such confluences, the

extraordinary impact of the interrelationship of music and sports on popular culture has remained little recognized. McLeod ties together several influential threads of popular culture and fills a significant void in our understanding of the construction and communication of identity in the late twentieth and early twenty-first centuries.

Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

World Music: a Very Short Introduction Human Kinetics

Music has long served as an emblem of national identity in educational systems throughout the world. Patriotic songs are commonly considered healthy and essential ingredients of the school curriculum, nurturing the respect, loyalty and 'good citizenship' of students. But to what extent have music educators critically examined the potential benefits and costs of nationalism? Globalization in the contemporary world has revolutionized the nature of international relationships, such that patriotism may merit rethinking as an objective for music education. The fields of 'peace studies' and 'education for international understanding' may better reflect current values shared by the profession, values that often conflict with the nationalistic impulse. This is the first book to introduce an international dialogue on this important theme; nations covered include Germany, the USA, South Africa, Australia, Finland, Taiwan, Singapore and Canada.

Britannica Book of the Year 2013 Oxford University Press, USA

The Britannica Book of the Year 2014 provides a valuable viewpoint of the people and events that shaped the year and serves as a great reference source for the latest news on the ever changing populations, governments, and economies throughout the world.
