[Proof and Proving in Mathematics Education](#) BRILL

Gaston Bachelard is one of the indispensable figures in the history of 20th-century ideas. The broad scope of his work has had a lasting impact in several fields - notable philosophy, architecture and literature.

**Dictionnaire universel de l'Ecriture sainte (etc.)** Springer Science & Business Media

"This book examines the historical ramifications of the concept of exoticism through a literary analysis of *Histoire générale des Antilles (1654/1667-71)* written by Dominican missionary Jean-Baptiste Du Tertre. The study gives a thorough account of the early French colonization of the islands and the ways in which this violent process of cultural encounters was represented. It argues for the necessity to reconfigure the notion of exoticism, both by revisiting contemporary theorization and by contextualizing it in regard to the history and aesthetics of the times. The study is thus both theoretical, in proceeding by a critical reading of different orientations of exoticism, and historical in offering an in-depth study of an author and a period that have received little attention despite their impact on French Caribbean literature and on the history of anthropology. Cette étude propose d'examiner les ramifications historiques de l'exotisme à partir d'une lecture critique de *l'Histoire générale des Antilles (1654/1667-71)* écrite par le missionnaire dominicain, Jean-Baptiste Du Tertre. En procédant d'une analyse littéraire, notre étude suggère une reconfiguration de l'exotisme basée à la fois sur la théorisation contemporaine et sur le contexte historique et l'esthétique de l'époque. Notre travail se veut donc à la fois théorique en offrant une analyse critique des différentes orientations de l'exotisme ; et historique, en présentant une lecture approfondie d'une œuvre dont l'importance est considérable aussi bien pour l'histoire de la littérature française et antillaise que pour l'histoire de l'anthropologie. À cet égard, cette étude fournira aussi une exploration de la toute première colonisation française des îles et de la manière dont elle a été représentée"--

*Suicide, a Study in Sociology* Council of Europe

Our lives today are oppressed by the demand that we live, feel and experience with ever greater intensity. We are enticed to try exotic flavors and smells; urged to enjoy a wide range of sexual experiences; pushed to engage in extreme sports and recreational drugs - all in the pursuit of some new, unheard-of intensity. Tristan Garcia argues that such intensity rarely lives up to its promise. It always comes at a price: one that defines the ethical predicament of contemporary life. The notion of intensity was the hidden key to Garcia's landmark book *Form and Object*. In *The Life Intense*, the first part of his ambitious *Letting Be* trilogy, he begins to develop it in detail. This first book focuses on ethics; the forthcoming volumes will be devoted to politics and then metaphysics.

*The Book of Prophecies* Clinamen Press

French literature is presented against the broad sweep of French history. The hope is to give readers a coherent background against which particular periods or writers may be studied in depth.

\*THIS BOOK IS AVAILABLE AS OPEN ACCESS BOOK ON SPRINGERLINK\* One of the most significant tasks facing mathematics educators is to understand the role of mathematical reasoning and proving in mathematics teaching, so that its presence in instruction can be enhanced. This challenge has been given even greater importance by the assignment to proof of a more prominent place in the mathematics curriculum at all levels. Along with this renewed emphasis, there has been an upsurge in research on the teaching and learning of proof at all grade levels, leading to a re-examination of the role of proof in the curriculum and of its relation to other forms of explanation, illustration and justification. This book, resulting from the 19th ICMI Study, brings together a variety of viewpoints on issues such as: The potential role of reasoning and proof in deepening mathematical understanding in the classroom as it does in mathematical practice. The developmental nature of mathematical reasoning and proof in teaching and learning from the earliest grades. The development of suitable curriculum materials and teacher education programs to support the teaching of proof and proving. The book considers proof and proving as complex but foundational in mathematics. Through the systematic examination of recent research this volume offers new ideas aimed at enhancing the place of proof and proving in our classrooms.

[Le Vraiment parfait Dictionnaire Roial, Radical, Etimologique, Sinonimique, Phraseologique, et Sintactique, François-Allemand, pour l'une et l'autre Nation ... Das recht Vollkommen-königliche Dictionarium, etc](#) Edinburgh University Press

Christopher Columbus returned to Europe in the final days of 1500, ending his third voyage to the Indies not in triumph but in chains. Seeking to justify his actions and protect his rights, he began to compile biblical texts and excerpts from patristic writings and medieval theology in a manuscript known as the *Book of Prophecies*. This unprecedented collection was designed to support his vision of the discovery of the Indies as an important event in the process of human salvation - a first step toward the liberation of Jerusalem and the Holy Land from Muslim domination. This work is part of a twelve-volume series produced by U.C.L.A.'s Center for Medieval and Renaissance Studies which involved the collaboration of some forty scholars over the course of fourteen years. In this volume of the series, Roberto Rusconi has written a complete historical introduction to the *Book of Prophecies*, describing the manuscript's history and analyzing its principal themes. His edition of the documents, the only modern one, includes a complete critical apparatus and detailed commentary, while the facing-page English translations allow Columbus's work to be appreciated by the general public and scholars alike.

The French poets Ronsard and Du Bartas enjoyed a wide but varied reception throughout early modern Europe. This volume is the first book length monograph to study the transnational reception histories of both poets in conjunction with each other. *Gender Matters* London : Benn ; New York : Barnes & Noble  
"Gender Matters" is a manual aimed to assist educators and youth leaders work on issues of gender and gender-based violence with young people. This publication presents theoretical information, methods and resources for education and training activities, along with concrete exercises that users can put into practice in their daily work. Violence is a serious issue which directly affects the lives of many young people. It often results in lasting damage to their well-being and integrity, putting even their lives at risk. Gender-based violence, including violence

against women, remains a key human rights challenge in contemporary Europe and in the world. Working with young people on human rights education is one way of preventing gender-based violence from occurring. By raising awareness on why and how it manifests and exploring its impact on people and in society, gender-based violence will no longer go undetected. Gender really does matter, to women, to men, to young people - to all of us. This manual serves to explore these human rights issues and act upon them."--Book jacket.

The present volume is the work of 25 scholars who represent various specializations important to the study of the Qur'an, including Arabic language, comparative Semitic linguistics, paleography, epigraphy, history, rhetorical theory, hermeneutics, and Biblical studies. The starting point of this work was a series of five international conferences on the Qur'an at the University of Notre Dame over the academic year 2012-13, although the commentaries contributed during those conferences have been carefully edited to avoid repetition. Readers of *The Qur'an Seminar Commentary* will find that the 50 passages selected for inclusion in this work include many of the most important and influential elements of the Qur'an, including: - Q 1, al-Fatiha - Q 2:30-39, the angelic prostration before Adam - Q 2:255, the "Throne Verse" - Q 3:7, the mukhamat and mutashabihat - Q 4:3, polygamy and monogamy - Q 5:112-15, the table (al-ma'ida) from heaven - Q 9:29, fighting the People of the Book and the jizya - Q 12, the story of Joseph - Q 24:45, the "Light Verse" - Q 33:40, the "seal of the prophets" - Q 53, the "satanic verses" - Q 96, including the passage often described as the "first revelation" - Q 97, the "night of qadr" - Q 105, the "Companions of the Elephant" - Q 112, on God and the denial of a divine son The collaborative nature of this work, which involves a wide range of scholars discussing the same passages from different perspectives, offers readers with an unprecedented diversity of insights on the Qur'anic text.

*Panegyriques*

Écritures digitales aims to demonstrate how digital writing, as new technology, contributes to the emergence of a reconfigured relationship between the human body and the machines, and how this transition influences the Jewish-Christian textual corpus referred to as "the Scriptures". Écritures digitales souhaite démontrer de quelle manière l'écriture digitale, en tant que nouvelle technologie, contribue à l'émergence d'une relation innovante entre le corps humain et les machines, et influence le corpus textuel judéo-chrétien désigné comme «les Écritures».
