What is it like living in Germany? What are the Germans like? are they really so different from the rest? Fadi has spent the last 20 years living and working in Germany. His book will help you understand them.

*Don't Go There* Simon and Schuster

How much would you risk to change your life?

Would you go where everyone else is trying to leave? Bestselling author Adam Fletcher did... In this unusual, hilarious travel memoir, he visits ten of the strangest places on earth. There's something he wants to know. Something no-one is telling him. To find the answer he'll enter a blizzard in China armed with only a pack of biscuits; ponder the apocalypse in Chernobyl; be chased by the Croatian police on his way to Liberland (the world's newest country); stalk the Sheriff of Transnistria (its most corrupt); and come face-to-face with two (dead) dictators in North Korea (its most dystopian), and much more. Packed full of interesting characters, unusual destinations, and British humour, this is an unforgettable journey with

an award-winning travel writer that's a mixture of Paul Theroux, Bill Bryson, and Douglas Adams. But this quest to understand the world (and himself) will also threaten his sanity, safety and relationship to his eccentric German girlfriend, Annett. Will he make it back safely? Will anyone be waiting when he does? What do you give the dictator that has everything? Discover the answer in *Don't Go There*... The books in this series can be read in any order.

*The Little German Cookbook* Quercus  
Learn slang words, modern phrases, and curses they never taught you in German class with this handy and hilariously improper English-German phrasebook. You already know enough German to get by, but you want to be able to tell those inside jokes, greet your friends in a laid-back manner, and casually pick someone up at a bar. From "What's up?" to "Wanna go home with me?" *Dirty German* will teach you how to speak like you're a regular on the streets of Berlin. But you'll also discover material that goes beyond a traditional phrasebook, including: · Hilarious

insults · Provocative facts

· Explicit swear words ·

Themed German cocktails

· And more Next time

you're traveling to

Germany, pick up this

book, drop the textbook

formality, and get dirty!

Language Hacking

German Simon and Schuster

Marc-Uwe lives together with a kangaroo. The kangaroo is a communist and it is really into Nirvana. It's a classical Berlin flat-sharing community, where the deep questions of life are debated: Is lying in a hammock already a kind of passive resistance?

Must the Kangaroo place its pouch onto the conveyor belt at the airport security check? Did the Kangaroo really fight for the Vietcong? And why is it addicted to champagne truffles?

Das German Cookbook

Ten Speed Press

Welcome to Germany, a country where you should always wait at the red man, show up on time for your wedding, and be extremely suspicious if anyone offers you a doughnut. 'German men sit down to pee' is a tongue-in-cheek guidebook to German culture that highlights the rules Germans consciously and unconsciously follow, while trying to make a little sense of it all along the way. Why, for example, mowing your lawn on a Sunday will mean getting an earful from your neighbour, but lie naked in the middle of a public park and nobody will bat an eyelid. Ideal for anyone visiting or moving to Germany, 'German Men Sit Down to Pee' offers a collection of insights into German culture while at the same time highlighting rules and

cultural norms that those visiting Germany will not only find humorous but useful for avoiding any cultural faux-pas.

*The Kangaroo Chronicles*

Adam Fletcher

There's an epidemic sweeping the nation  
Symptoms include: \*Acute embarrassment at the mere notion of 'making a fuss' \*Extreme awkwardness when faced with any social greeting beyond a brisk handshake \*An unhealthy preoccupation with meteorology  
Doctors have also reported several cases of unnecessary apologising, an obsessive interest in correct queuing etiquette and dramatic sighing in the presence of loud teenagers on public transport. If you have experienced any of these symptoms, you may be suffering from VERY BRITISH PROBLEMS. VERY BRITISH PROBLEMS are highly contagious. There is no known cure. Rob Temple's hilarious new book reveals all the ways in which we are a nation of socially awkward but well-meaning oddballs, struggling to make it through every day without apologising to an inanimate object. Take comfort in misfortunes of others. You are not alone.  
Very British Problems

Voland & Quist

The doctor's news is the worst thing Roy has heard since his year-four teacher told him he would never amount to anything. And tragically, Roy has believed that teacher his whole life. Now nearly 70 years old, Roy has limited time and resources to put those echoing words of his teacher to rest and do what he's always dreamed of: playing soccer professionally. Roy is loved, but alone. His passion for sports is matched only by the failures of his teams. In this heart-warming underdog tale, Roy falls in love and takes his beleaguered soccer team on the ride of its life, all against the better judgment of those who love him the most.

*Servant of the Empire*  
Ullstein Ebooks

She munched when the sun was high in the sky and when the rain was pouring down. She munched when the birds woke up in the mornings, and when the stars came out at night. She even munched when all the other cows lay down to sleep. Munch was so busy munching one day that she didn't notice the farmer open the gate into the next field. She didn't

hear the gate creak, or the soft thud of the cows' hooves as they walked through, step by step, and far away from Munch.

*Grandma's German Cookbook* Jessica Kingsley Publishers

The perfect gag gift, this humorous book helps readers navigate the world of real Low German. *Scheisse!* introduces readers to the fine art of cursing and basic slang to spice up their German speech. If you think you have a fairly good command of German, think again. For it's a sure bet that Frau Schultz never taught you those nasty little guttural curses and humiliating invectives so expressive of real low German speech. But relax—here at last is the one book that can introduce you to the very worst beer-hall German. *Scheisse!* is an indispensable guide to off-color German colloquialisms and profanities—lascivious bedroom slang and boozy insults, jeering scatological put-downs and scurrilous ridicule. This hilarious illustrated cornucopia of creative expletives, guaranteed to vex, taunt, aggravate, and provoke as only overwrought low German

can, will help you master the fine art of German verbal abuse—with triumphant one-upmanship.

*Dirty Czech* Kadavy, Inc.

"A sweeping drama unveiling a tale of love, hate and sacrifice against the panorama of an alien yet familiar society."-- Publishers Weekly.

"Uncommonly satisfying."--Locus

It's true that some people spend years studying German before they finally get around to speaking the language.

But here's a better idea.

Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques,

unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like

most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more. [Understanding the British: a Hilarious Guide from Apologising to Wimbledon](#) Oxford : Clarendon Press ; New York : Oxford University Press In 2010 the Australian Government decided that it would not propose a Human Rights Act, despite the relevant recommendation of the 2008-09 National Human Rights Consultation. Instead, it introduced a Human Rights Framework comprising several measures to enhance human rights protection, including the Human

Rights (Parliamentary Scrutiny) Act 2011. The scrutiny regime under that Act was designed to ensure rights would be given due consideration before Commonwealth legislation was passed. The Act created a unique 'bipartite dialogue' system, involving a formal interchange on rights compatibility between the executive and Parliament, while excluding the courts. This set the Commonwealth apart from jurisdictions such as the ACT, Victoria, New Zealand and the UK, which have statutory rights instruments administered by their courts. The book presents a detailed study of all aspects of the scrutiny regime, and compares the regime with its closest counterparts overseas. In assessing the regime's impact, it argues that a system in which the executive and Parliament are responsible both for protecting rights and for remedying rights breaches is neither more legitimate nor more effective than one involving all three branches of government. Accordingly, it calls for strengthening reforms.
