Dog That Saved My Life St. Martin's Press

The epic true story of an extreme athlete, a stray dog, and how they found each other—now a major motion picture from Lionsgate starring Mark Wahlberg and Simu Liu. “A miraculous tale.”—Washington Post “Like all great tales, this one had an intriguing start: a small good deed with enormous consequences for the dog and his rescuers, the basis for a heroic and

heartwarming story.”—Forbes When you're racing 435 miles through the jungles and mountains of South America, the last thing you need is a stray dog tagging along. But that's exactly what happened to Mikael Lindnord, captain of a Swedish adventure racing team, when he threw a scruffy but dignified mongrel a meatball one afternoon. When the team left the next day, the dog followed. Try as they might, they couldn't lose him—and soon Mikael realized that he didn't want to. Crossing rivers, battling illness and injury, and struggling through some of the toughest terrain on the planet, the team and the dog walked, kayaked, cycled, and climbed together toward the finish line, where Mikael decided he would save the dog, now named Arthur, and bring him back to his

family in Sweden, whatever it took. Illustrated with candid photographs, Arthur provides a testament to the amazing bond between dogs and people. *Honey, the Dog Who Saved Abe Lincoln* HarperCollins UK

A beautiful, heartfelt, funny, and inspiring collection of photos and stories that maps the relationship between canine New Yorkers and their human counterparts. New York is a city of five boroughs, more than 250 distinct neighborhoods, 8.5 million people, and more than 600,000 dogs, who are as much a part of the social fabric as the people who follow them on the other end of the leash. *City of Dogs* maps this relationship with incredible four-color photos highlighting the scene. From the Bronx to Brooklyn and along the streets

of Harlem and Manhattan, Ken Foster and Traer Scott explore the unique relationships between dogs and their human counterparts. We meet Alex Nuckel, living on disability and finding joy and purpose in caring for his two pit bulls, Lucy and Rocky. And Majora Carter, a community activist who has received a MacArthur grant, living and working with two stray shepherds she rescued in her own neighborhood. *City of Dogs* also takes us to a Midtown Manhattan law office, where staff are encouraged to bring their adopted dogs to work, and to the JFK airport, where we meet dogs who help screen at security. And then on to Brooklyn, where we meet award-winning author Jacqueline Woodson and her dogs, Toffee and Shadow. These are just a few of the

amazing animals and their people featured in this perfect gift book for any dog lover.

New York Times bestselling author Susan Wilson is back with another signature heartwarming novel—one that begs the question: Can a dog lead the way to finding one's humanity? After spending years in prison for a crime she didn't intend to commit, Rose Collins is suddenly free. Someone who knows about the good work she has done—training therapy dogs while serving time—has arranged for her early release. This mysterious benefactor has even set her up with a job in the coastal Massachusetts community of Gloucester, on the edge of Dogtown, a place of legend and, for the first time since

Rosie's whole world came crashing down, hope. There she works to rebuild her life with the help of Shadow, a stray dog who appears one rainy night and refuses to leave Rose's side. Meghan Custer is a wheelchair-bound war veteran who used to be hopeless, too. Living at home with her devoted but stifling parents felt a lot like being in prison, in fact. But ever since she was matched with a service dog named Shark, who was trained in a puppy-to-prisoner rehabilitation program, Meghan has a brand new outlook. Finally, she can live on her own. Go to work. And maybe, with Shark by her side, even find love again. Two strong women on a journey toward independence whose paths collide in extraordinary ways. Two dogs who somehow manage to save them

both. A tale of survival and a testament to the human spirit, *The Dog I Loved* is an emotional and inspiring novel that no reader will soon forget.

Saving Gracie Macmillan

"With some dogs you share a bowl in the bag breakfast and maybe a blanket on a cold desert floor. Some you wouldn't leave in charge of your Grandma unless you wanted to find out just how fast the old girl could run. But, if you're very, very lucky there will be the one dog you would lay down your life for – and for me that dog is Buster." Buster, an English springer spaniel who has served his comrades and his country with unstinting devotion, has saved thousands of lives. This is the story of his partnership with RAF Police Sergeant Will Barrow, told by Will himself, describing

how each came to save the other's life. It is a relationship that produced some heroic feats—including sniffing out explosive vests that led to the arrests of two suicide bombers—in the dust and desert heat of Afghanistan and beyond. Buster, uniquely, has served five tours of duty in three theatres of war (Bosnia, Iraq, and Afghanistan)—more than any other military dog. He also won the prestigious Crufts Friends for Life Award in 2012, and has gone on to become the official lifetime mascot of the RAF Police, the only dog in history to have been honored in that manner. A best friend in dog's clothing, an RAF dog with his mossy feet firmly on the ground, Buster is truly a dog in a million.

Digby Dog Saves the Day Penguin

An inspiring story of survival and our powerful bond with man's best friend, in the aftermath of the nation's most notorious case of animal cruelty. Animal lovers and sports fans were shocked when the story broke about NFL player Michael Vick's brutal dog fighting operation. But what became of the dozens of dogs who survived? As acclaimed writer Jim Gorant discovered, their story is the truly newsworthy aspect of this case. Expanding on Gorant's Sports Illustrated cover story, *The Lost Dogs* traces the effort to bring Vick to justice and turns the spotlight on these infamous pit bulls, which were saved from euthanasia by an outpouring

of public appeals coupled with a court order that Vick pay nearly a million dollars in "restitution" to the dogs. As an ASPCA-led team evaluated each one, they found a few hardened fighters, but many more lovable, friendly creatures desperate for compassion. In *The Lost Dogs*, we meet these amazing animals, a number of which are now living in loving homes, while some even work in therapy programs: Johnny Justice participates in Paws for Tales, which lets kids get comfortable with reading aloud by reading to dogs; Leo spends three hours a week with cancer patients and troubled teens. At the heart of the stories are the rescue workers who transformed the pups from victims of animal cruelty into healing caregivers themselves, unleashing priceless hope.

[The Dog Who Danced](#) Simon and Schuster

“A thoroughly enjoyable story of heroism and true friendship” (Publishers Weekly, starred review), this Sunday Times top ten bestseller is the true account of a German shepherd who was adopted by the Royal Air Force during World War II, flying countless combat missions and surviving everything from crash-landings to parachute bailouts—ultimately saving the life of his owner and dearest friend. In the winter of 1939 in the cold snow of no-man's-land, two loners met and began an extraordinary journey that would turn them into lifelong friends. One was an orphaned puppy, abandoned by his owners as they fled Nazi forces.

The other was a different kind of lost soul—a Czech airman bound for the Royal Air Force and the country that he would come to call home. Airman Robert Bozdech stumbled across the tiny German shepherd—whom he named Ant—after being shot down on a daring mission over enemy lines. Unable to desert the puppy, Robert hid Ant inside his jacket as he escaped. In the months that followed, the pair would save each other's lives countless times as they flew together with RAF Bomber Command. Finally grounded after being injured on a flight mission, Ant refused to abandon his duty, waiting patiently beside the runway for his master's return from every sortie, and refusing food and sleep until they were reunited. By the end of the war, Robert and Ant had become

true war heroes, and Ant was justly awarded the Dickin Medal, the “Animal VC.” With beautiful vintage black-and-white photos of Robert and Ant, *The Dog Who Could Fly* is a deeply moving story of loyalty in the face of adversity and the unshakable bond between a man and his best friend.
