Dogs have a direct line to the hearts of most animal lovers. Those doleful eyes, that winning expression, that wagging tail - it's all too easy to fall under the spell of a canine charmer and to let cool reason fly out of the window when faced with a creature that pushes all your emotional buttons. But, in the familiar phrase, let the buyer beware! It's not good falling for a dog, and then discovering a few weeks later that you hadn't bargained for the fact that it needs grooming for an hour every day, or imagining that a leisurely walk to the end of the road and back will satisfy the exercise demands of a dog that can run for hours. What prospective owners of a new dog really need is an honest and in-depth portrait of the breed that highlights all its positive characteristics, but which also points out potential shortcomings or behavioural aspects of the breed that may come into conflict with their own chosen lifestyle. What Dog? is precisely that - a guide to the hundred most popular breeds of dog that highlights their individual characters and which provides welcome advice on how well they fit into a home, how much exercise they need, how much grooming, how amenable they are to training, etc., etc. Each breed is beautifully illustrated, both adult dogs and puppies being pictured, while a colour bar-chart provides at-a-glance visual reference about seven of the most important character traits.

Most books on competitive obedience focus on the training and ring skills you need to be a winner with your dog in the ring-and that's great. However if you find competing stressful or think you and your dog will not "succeed" against the "best" the key is defining success in a way that will make the sport enjoyable for you. Author Diana Kerew-Shaw takes on the subject of "how to find your fun" in *It's a Dog Not a Toaster*, showing you how you can learn to enjoy the sport, even if your Basset Hound never comes close to a qualifying score.

A charming, delightfully photographed tribute to the older dog, with essays and poetry. Gandhi once said, "The greatness of a nation and its moral progress can be judged by the way that its animals are treated." How people regard older animals is especially revealing. *Beautiful Old Dogs* is a heartfelt, emotional, passionate tribute to old dogs. It will inspire many readers to get involved in senior dog rescue and adoption, as it honors our senior best friends and explores their current state of care and custody in an informative appendix. This book features the exquisite photography of the late Garry Gross, a noted fashion photographer during the 60s, 70s and 80s who, after becoming a highly successful dog trainer in New York City, turned his camera lens towards dogs. Gross, along with Victoria Stilwell from Animal Planet's *It's Me or the Dog*, founded Dog Trainers of New York in 2002, and became devoted to highlighting the plight and value of senior dogs. "The older the better," Gross said. "Dogs with soul in their eyes." David Tabatsky has collected Gross's photographs here, and carefully curated an accompanying selection of moving, insightful, funny, and uplifting essays and short pieces by a range of writers, with contributions from Anna Quindlen, Ally Sheedy, Christopher Durang, Doris Day, Dean Koontz, Marlo Thomas, and many more.

Dog lovers will spend hours poring over these winsome illustrations." -- School Library Journal The book brings together charming drawings of 300 domestic dog breeds, including every breed recognized by the American Kennel Club in the seven official groupings -- Working, Toy, Hound, Terrier, Herding, Sporting and Non-Sporting. Also included is a selection of purebreds not officially recognized by the American Kennel Club as well as some of the most popular "designer" dogs, such as the Labradoodle and Chiweenie. There are also breeds less familiar to North Americans but recognized by kennel clubs in other countries; for example, the Canadian Eskimo Dog and the Australian Silky Terrier. Jim Medway's color drawings are accurate and engaging. At the end of the book is an entertaining Puppy Identifier where children can test their ability to recognize the breed of 30 puppies. There is also a Dog Breed Fact Index with interesting trivia about all of the breeds. More than one-third of American households have a dog. With Big Dogs, Little Dogs, children and adults alike will enjoy learning and identifying the dogs that they encounter. It is fun and informative and it might instill a lifelong interest in "man's best friend."
