## CHRISTENSEN ROACH

1st-Grade Math Minutes Math Made Easy (DK)

Using standardized testing formats, math skills are kept sharp with focused practice in computation, word problems, graphing, measurement and numbers. Includes scope and sequence charts and answer keys.

Daily Routines to Jump-Start Math Class, Elementary School  
National Geographic Books

Support third-grade students with 180 daily practice activities to build their mathematical fluency. Each problem is tied to a specific mathematical concept to help students gain regular practice of key grade-level skills. This book features quick, diagnostic-based activities that are correlated to College and Career Readiness and other state standards, and includes data-driven assessment tips. Digital resources include assessment analysis tools and pdfs of the activity sheets. With these daily practice activities, teachers and parents will be helping third graders improve their math skills in no time!

**5th Grade Math Minutes** Scholastic Inc.

"The Mad Minute" takes the "dull" out of the drill, allowing students to achieve instant recall of number facts after only six to eight weeks of working one minute a day.

Daily Math Practice, Grade 5 Corwin Press

3 BOOKS IN 1! Learning at home is as easy as 1 2 3 with this super-sized workbook that's jam-packed with 320 pages of kid-friendly, teacher-reviewed exercises based on the 5th grade curriculum—perfect for kids tackling 5th grade math. Success in math requires children to make connections between the real world and math concepts in order to solve problems. This Jumbo Workbook (a \$39 value for just \$18.99!) is a compilation of 3 of Sylvan Learning's most popular curriculum-based activity books\* and includes 320 engaging pages all designed to help your child become familiar with 5th grade math concepts like: • multidigit multiplication & division • estimating products & quotients • decimals (rounding, adding/subtracting, multiplying/dividing) • fractions & percents • operations with fractions • measurement (length, perimeter, angles) • geometry (plane & solid shapes, area, volume) • graphs & data ... and much more! With vibrant, colorful pages full of games and puzzles, 5th Grade Jumbo Math Success Workbook will help your child catch up, keep up, and get ahead—and best of all, to have lots of fun doing it! \*Includes the full text of 5th Grade Basic Math, 5th Grade Math Games & Puzzles, and 5th Grade Math in Action \*\*\*\*\* Why Sylvan Products Work \*\*\*\*\* Sylvan Learning Workbooks won a National Parenting Publications Awards (NAPPA) Honors Award as a top book series for children in the elementary-aged category. NAPPA is the nation's most comprehensive awards program for children's products and parenting resources and has been critically reviewing products since 1990. The Award recognizes Sylvan Learning Workbooks as some of the most innovative and useful products geared to parents. Sylvan's proven system inspires kids to learn and has helped children nationwide catch up, keep up, and get ahead in school. Sylvan has been a trusted partner for parents for thirty years and has based their supplemental education success on programs developed through a focus on the highest educational standards and detailed research. Sylvan's line of educational products equips families with fun, effective, and grade-appropriate learning tools. Our workbooks and learning kits feature activities, stories, and games to reinforce the skills children need to develop and achieve their academic potential. Students will reap the rewards of improved confidence and a newfound love of learning.

Third-Grade Math Minutes Carson-Dellosa Publishing

This book features 100 "minutes" to help students build basic skills, increase speed in math operations, and strengthen problem-solving skills. Each minute consists of 10 problems of varying degrees of difficulty that incorporate a variety of skills. Each 10-problem reproducible can be used as a learning or testing tool. Book includes problems in fractions; time; angles; story problems; graphs; long division; plane and space figures;

multiplication; standard and metric measurement; perimeter, area, and volume; and addition and subtraction of decimals

**2nd-Grade Math Minutes** Math Minutes

Math in a Minute for grade 5 includes essential math skills such as finding factors and multiples, analyzing patterns and relationships, and understanding the place value system. This 96-page workbook also includes adding, subtracting, multiplying, and dividing multi-digit whole numbers, identifying equivalent fractions and converting customary and metric measurements and more. --Math in a Minute has fun math activities with pages separated by skill, theme, and completion time. Activities range in complexity from 1 minute to 10 minutes depending on the grade level. This allows children to gradually build their way up to more and more intense work. The repetition gives children an opportunity to reinforce basic skills and concepts. Beat the clock for fast-paced math practice!

Maths Minutes Evan-Moor Educational Publishers

What good is math if you can't put it to good use? Studies show that problem solving is THE most neglected topic in most math programs. This book will ensure that the students develop their math critical thinking skills. Students will learn to apply whole numbers, fractions, decimals, and percents to real-life situations.

**180 Days of Math for Third Grade: Practice, Assess, Diagnose**  
Carson-Dellosa Publishing

Practice makes perfect in just 10 minutes a day! There is nothing more important than your child's education, but sometimes it's difficult to find the time to fit everything in. From DK's best-selling "Made Easy" home-learning workbooks, the 10 Minutes a Day series fits in around busy lives. Aimed at ages 10-11, Math covers a range of curriculum subjects, including decimals, fractions, shapes, angles, analyzing data, times tables, and of course solving mathematical calculations. Each exercise is simply and clearly introduced to help learning, with colorful illustrations accompanying some of the fill-in-the-gap exercises. For the eager student, there are extra "time filler" challenges on every page if they finish the questions within 10 minutes and want to continue practicing, or just want ideas for additional activities to do at home. Answers are provided, along with parents' notes that explain what your child learns from the exercise. Perfect both for the budding mathematician and those who need a little more support, 10 Minutes a Day: Math is a colorful and controlled approach to mastering math.

Daily Math Practice, Grade 1 Evan-Moor Educational Publishers

Build students' math fluency with More Minute Math Drills: Multiplication and Division for grades 3-5. This 128-page book includes customizable drill pages for differentiating instruction, number searches, and color-by-number and matching activities. The book supports NCTM standards and includes reproducible award certificates and answer keys.

**Math, Grade 5** Carson-Dellosa Publishing

Using standardized testing formats, math skills are kept sharp with focused practice in computation, word problems, graphing, measurement and numbers. Includes scope and sequence charts and answer keys.

**5th Grade Jumbo Math Success Workbook** Creative Teaching Press

Help students master essential math skills with the motivating, classroom-tested Math Minutes format featured in this new book. It provides 100 Minutes of 10 problems each for students to complete within a one- to two-minute period. Providing daily practice in every key area of math instruction, Math Minutes is a fun way to improve students problem-solving speed (crucial for testing situations) and an instant assessment tool.

**10 Minutes a Day Math, 5th Grade** Carson-Dellosa Publishing

One Hundred Minutes to Better Basic Skills Take just one minute a day to quickly assess student progress in basic math skills! This book features 100 quick drill sheets to help students increase speed in math operations and strengthen problem-solving skills. The 10 problems on each sheet can be done in one or two minutes and are a great warm-up to the daily math lesson.

**Math Lessons for a Living Education** Shell Education

Help students master essential math skills with the motivating, classroom-tested Math Minutes format featured in this new book. It provides 100 Minutes of 10 problems each for students to complete within a one- to two-minute period. Providing daily practice in every key area of math instruction, Math Minutes is a fun way to improve students problem-solving speed (crucial for testing situations) and an instant assessment tool.

Fourth-Grade Math Minutes: One Hundred Minutes to Better Basic Skills Creative Teaching Press

Great for teachers and parents alike! The exercises in this book--called "Minutes"--provide practice in every key area of middle-grade math instruction, including basic multiplication and division facts, graphing, problem solving, measurement, fractions, and more. Each "Minute" consists of 10 classroom-tested problems of varying degrees of difficulty to be completed in one minute. Teachers can use the book in a variety of ways such as bell-work, review, assessment, or homework.

Sixth-Grade Math Minutes Mastering Essential Math Skill

Offers short, self-contained math lessons for grades four and five featuring review exercises, word problems, speed drills, and teacher tips.

**Math Minutes, 5th Grade, eBook** Dale Seymour Publications

"A multimedia professional learning resource"--Cover.

**10 Minutes a Day: Math, Fifth Grade** Creative Teaching Press

With 100 day to day activities covering all mathematical strands, this title can be easily integrated into any primary maths programme. It includes easy to follow activities that promote the ongoing learning of essential maths concepts and skills through practice and reinforcement.

**10 Minutes a Day Math, 3rd Grade** Creative Teaching Press

Help students master essential math skills with the motivating, classroom-tested Math Minutes format featured in this new book. It provides 100 Minutes of 10 problems each for students to complete within a one- to two-minute period. Providing daily practice in every key area of math instruction, Math Minutes is a fun way to improve students problem-solving speed (crucial for testing situations) and an instant assessment tool.

Problem Solving Math Solutions

The Two-Minute Math Drill Series was created to help students gain proficiency in working with math facts. This book focuses on multiplication and division and offers 55 reproducible practice pages. The problems represent a wide range of difficulty including multiplying two one-digit numbers and two two-digit numbers; and dividing two one-digit numbers and two-digit numbers by one digit-numbers. The two-minute time limit for each test also increases the challenge. This book includes pretests and posttests as well, so that students' progress and trouble areas can be readily measured and tracked. Discover for yourself how using these daily drills will help your students improve their multiplication and division skills while developing a strong foundation for the more advanced math to come.

Eight-Grade Math Minutes: One Hundred Minutes to Better Basic Skills Master Books

Practice makes perfect in just 10 minutes a day! There is nothing more important than your child's education, but sometimes it's difficult to find the time to fit everything in. The 10 Minutes a Day series fits in around busy lives. Aimed at ages 8-9, 10 Minutes a Day Math: 3rd Grade covers a range of curriculum subjects, including place value, rounding, solving problems, line graphs, and more. Each exercise is simply and clearly introduced to help learning, and uses a variety of interesting methods to help learning, from filling in the gaps to matching exercises. For the eager student, there are extra "time filler" challenges on every page if they finish the questions within 10 minutes and want to continue practicing, or just want ideas for additional activities to do at home. Answers are provided, along with parents' notes that explain what your child learns from the exercise, making this series perfect for homeschooling, or just helping your child stay ahead. Perfect both for the budding mathematician and those who need a little more support, 10 Minutes a Day Math is a colorful, controlled, and curriculum-aligned approach to mastering math.
