*Basics of Akkadian* BRILL  
This is designed as an especially user-friendly volume. Thus it employs largely traditional nomenclature to describe grammatical phenomena. It also deals with the relatively simple noun before taking up the verbal system. Numerous examples and exercises are also provided, all culled from the Hebrew Bible itself, and the lesson vocabularies feature words which occur over 170 times in the Masoretic text. This book is designed to induct the student into the use of a printed Hebrew Bible, a Biblical Hebrew lexicon, and an advanced grammar, as well as a concise overview of how

Hebrew fits within the Semitic languages. Verbal paradigms and a subject index are also included. Hebrew Scholarship and the Medieval World Bloomsbury Publishing Reprint of the original, first published in 1875. *Accidence of Hebrew Grammar with Exercises* Wm. B. Eerdmans Publishing Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Luzac's Oriental List and Book Review Eisenbrauns This book surveys what has been achieved in recent research on medieval Hebrew

language and texts. List of Hebrew Weak Verbs Zondervan Language Basics Series A standard, much-used textbook updated and improved Comprehensive in scope, this carefully crafted introductory grammar of Biblical Hebrew offers easy-to-understand explanations, numerous biblical illustrations, and a wide range of imaginative, biblically based exercises. The book consists of thirty-one lessons, each presenting grammatical concepts with examples and numerous exercises judiciously selected from the biblical text. These lessons are accompanied by eleven complete verb charts, an extensive vocabulary list, a glossary of grammatical terms, and a subject index. In this second edition Timothy Crawford has updated the

text throughout while preserving the Page Kelley approach that has made Biblical Hebrew so popular over the years. *An Introduction to Biblical Hebrew Syntax* A&C Black Basics of Akkadian, by Gordon P. Hugenberger with Nancy L. Erickson, is a one-semester introductory textbook to the Akkadian language. It provides students with essential tools in order to quickly grasp the Akkadian language and move into translation.

**Hebraica** University of Chicago Press  
First published privately in 1885 and reissued in 1959, this grammar text employs the inductive method of Hebrew instruction developed by William Rainey Harper and practiced by him at the University of Chicago. "This inductive method in the teaching of grammar is educationally sound, and in employing it in this text some eighty years ago, the author was certainly far ahead of his time."—William Chomsky, Jewish Bookland "A treatment of much that is essential in Hebrew grammar. . . .useful tools to the divinity student and instructor in biblical Hebrew."—David Weinstein, Jewish Education

Sacred Text Brill Archive  
Learning Biblical Hebrew focuses on helping students understand how the Hebrew language works and providing a solid grounding in Hebrew through extensive reading in the biblical text.

Handbook to Biblical Hebrew BoD – Books on Demand

This is a uniquely different textbook for studying Biblical Hebrew. It was written by a fellow student who found that gaining some very basic knowledge of the language, dramatically and positively changed his previously held views of the Old Testament. In addition, the author realized that the language was actually not so difficult to master, and that someone with an average intelligence (like himself), could with a bit of dedication and effort, actually master the bulk of the material. He started teaching his friends in South Africa (and later in China). They were ordinary folk, from all walks of life, who also for some time wanted to gain a basic insight into the original language of the Old Testament, but did not want to in any way become involved in formal academic studies. The author was delighted to

find that the style and pace in which he presented the material, coupled with the their enthusiasm, resulted in these laymen and -women immediately making rapid and lasting progress. They agreed that the new insights gained - even from the first lesson - were fascinating, and they were excited by the prospect of learning more. He soon realized that the textbooks available at that time were not written with these type of students in mind, and he started making hand-outs suitable for his special target population. With the encouragement of his mentor from a few decades earlier - to whom this book is dedicated - and another genius in the field, he perfected the notes technically, and they became the genesis of what is now presented in this publication.

Learning to Read Biblical Hebrew Zondervan  
Linguistics expert and long-time educator Hackett offers a robust introduction to biblical Hebrew grammar and the Masoretic text. The graded exercises from Hebrew to English are intended to introduce the student to the many possibilities of biblical Hebrew prose. Later

lessons include texts taken from the Masoretic text of the Old Testament with footnotes to explain unusual or advanced formations. Classroom tested and suitable for self-study as well, this quick-moving one-semester course (30 lessons) features clear, readable explanations, exercises, and examples that provide students with an effective foundation in original language usage. This textbook is also suitable for an entire first-year's study of Biblical Hebrew conducted at a slower pace. Course work includes an overview of the history of the Hebrew Bible; deductive lessons on recognition, drawing, and pronunciation of consonants and vowels; memorization and recitation of the alphabet; and proper spelling of words; as well inductive experience in translating biblical passages. The accompanying CD includes: AUDIO FILES - Vocabulary lists for each of the 30 chapters - Hebrew-to-English portions of exercises for all chapters - Major paradigms for the whole book (nouns, pronouns, verbs in all their various stems) - A reading of Genesis 22:1-19 (Appendix C) TEXT FILES -

Vocabulary lists - Printable Hebrew-to-English exercises - Appendix A: Consonants of Biblical Hebrew - Appendix B: Vowels of Biblical Hebrew - Appendix C: Genesis 22:1-19 (conversationally paced reading) - Appendix D: Chart and flow sheet for finding the root of weak verbs - Verbal paradigms - Complete answer key for English-to-Hebrew and Hebrew-to-English exercises Excellent textbook for students who wish to progress beyond using simple reference works and ideal for those who wish to read the Hebrew Bible deeply, widely, and accurately, as well as for any who wish to pursue advanced studies in the Hebrew Scriptures. **Biblical Hebrew** Wipf and Stock Publishers Written to facilitate study in Kelley's widely-used *Biblical Hebrew: An Introductory Grammar*, this handbook provides a complete answer key to the exercises in the grammar as well as practical helps, footnotes, word lists, test suggestions, and other supplementary material--all written to free up valuable class time and to aid individuals studying Hebrew on their own.

*An Introductory Hebrew Grammar* Hanlins Press The *Journal of Biblical and Theological Studies* (JBTS) is an academic journal focused on the fields of Bible and Theology from an inter-denominational point of view. The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world. JBTS is concerned with presenting high-level original scholarship in an approachable way. Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high-level scholarship and research to both scholars and students, which results in original scholarship that is readable and accessible. As an inter-denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular, we encourage articles and book reviews within the

fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy, and Ethics.

**Journal of Biblical and Theological Studies, Issue 3.1** Wipf and Stock Publishers

Meeting the need for a textbook for classroom use after first year Hebrew grammar, Waltke and O'Connor integrate the results of modern linguistic study of Hebrew and years of experience teaching the subject in this book. In addition to functioning as a teaching grammar, this work will also be widely used for reference and self-guided instruction in Hebrew beyond the first formal year. Extensive discussion and explanation of grammatical points help to sort out points blurred in introductory books. More than 3,500 Biblical Hebrew examples illustrate the points of grammar under discussion. Four indexes (Scripture, Authorities cited, Hebrew words, and Topics) provide ready access to the vast array of information found in the 40 chapters. Destined to become a classic work, this long-awaited book fills a major gap among

modern publications on Biblical Hebrew. *William R. Harper's Elements of Hebrew by an Inductive Method* Baylor University Press  
Features of Basics of Biblical Hebrew Grammar, Second Edition text: \* Combines the best of inductive and deductive approaches \* Uses actual examples from the Hebrew Old Testament rather than 'made-up' illustrations \* Emphasizes the structural pattern of the Hebrew language rather than rote memorization, resulting in a simple, enjoyable, and effective learning process \* Colored text highlights particles added to nouns and verbs, allowing easy recognition of new forms \* Chapters Two (Hebrew Vowels), Nine (Pronominal Suffixes), Seventeen (Waw Consecutive), Eighteen (Imperative, Cohortative, and Jussive), and Twenty-Three (Issues of Sentence Syntax) are revised and expanded \* Section of appendices and study aids is clearly marked for fast reference \* Larger font and text size make reading easier \* Updated author website with additional Hebrew language resources and product information ([www.basicsofbiblicalhebrew.com](http://www.basicsofbiblicalhebrew.com)) Features of

updated CD-ROM: \* Full answer key to the accompanying workbook (compatible with Windows and Macintosh) \* Scripture indexes to both the grammar and the workbook \* FlashWorks™, a fun and effective vocabulary-drilling program from Teknia Language Tools \* Links to additional resources accessible with internet connection Learning Biblical Hebrew Wm. B. Eerdmans Publishing  
Comprehensive in scope, Page Kelley's Biblical Hebrew: An Introductory Grammar is a carefully crafted introduction to the Hebrew language that offers easy-to-understand explanations, numerous biblical illustrations, and a wide range of imaginative, biblically based exercises. Thirty-one lessons present grammatical concepts with examples and numerous exercises judiciously selected from the biblical text. This accompanying handbook provides a complete answer key to the exercises in the grammar as well as practical guidance, footnotes, word lists, test suggestions, and other supplementary material.

**A Historical Grammar**

**of Biblical Hebrew** BRILL

This book, which gathers seventeen contributions, investigates some lexical and textual aspects in the 'sacred texts' - like the Bible in its several textual traditions, and the Qur'ān -, particularly those elements that serve to provide the textual structure with a lexical-semantic framework. These contributions have been focused on several linguistic aspects: etymologies, loanwords, the symbolic or figurative values of the terms used in the text, the syntagmatic potential of the words, and the literary reflection of the terms like the basic reading of the text and its subsequent comprehension.

Comprehensive in scope, this carefully crafted introductory grammar of

Biblical Hebrew offers easy-to-understand explanations, numerous Biblical illustrations, and a wide range of imaginative, Biblically based exercises.

"Thorough, full of clear, imaginative, and ample exercises. . .".--Walter Harrelson, Vanderbilt Divinity School.

Gesenius's Hebrew Grammar Troubador Publishing Ltd

For many years, scholars have noted that post-biblical Hebrew and Aramaic may have influenced some of the renderings in the ancient Greek versions of the Hebrew Bible, but examination of this has usually been done only in passing with little or no discussion and scant evidence. Seulgi L. Byun examines the ancient Greek version of Isaiah, commonly referred to as LXX (Septuagint) Isaiah, and examines a number of possible cases in depth in order to determine the degree to which semantic change within Hebrew, as well as the spread of Aramaic already in the Second Temple period, may have influenced the translator. The book begins with an overview of key issues (semantic change; the development (or non-development) of

the Hebrew language; previous scholarship; issues in the study of LXX Isaiah; and methodological considerations). This is followed by four larger sections representing various categories of examples where post-biblical Hebrew or Aramaic may have influenced renderings in the text, each offering specific examples. The first section contains examples where post-biblical Hebrew may have influenced LXX Isaiah; the second section offers examples of Aramaic influence; the third section addresses examples where the influence is not clear (possibly both post-biblical Hebrew and Aramaic); and the fourth section discusses the possibility of word manipulation - cases where the translator of LXX Isaiah 'manipulated' the Hebrew with a post-biblical Hebrew or Aramaic meaning/word in mind.

*A Basic Introduction to Biblical Hebrew, with CD*

Peter Lang

The aim of this book is to enable the student to read, write, and speak acceptable Israeli Hebrew and to understand less complex biblical Hebrew.

A unique feature is the author's use of the principles of structural analysis. For students who are not acquainted with a language other than English, he elucidates those features of the language that are unfamiliar in the structure of English. The student is trained, from the first, to

read "unvocalized" script as the native reader does, and "reading clues" (word and phrase patterns) are provided for this purpose. The work is organized into sections that can be worked through in an academic year—presentation of features, text samples,

exercises, grammatical synopses, and individual and comprehensive glossaries. This text may be used by teachers without specialized training in linguistics. It can be used by self-teaching students as well as by those at college level, and it will be valuable for immigrants to Israel.
