The writing of
letters often

evokes
associations of
a single
author and a
single
addressee,

who share in the exchange of intimate thoughts across distances of space and time. This model underwrites such iconic notions as the letter representing an 'image of the soul of the author' or constituting 'one half of a dialogue'. However justified this conception of letter-writing may be in particular instances, it tends to marginalize a range of issues that were central

to epistolary communication in the ancient world and have yet to receive sustained and systematic investigation. In particular, it overlooks the fact that letters frequently presuppose and were designed to reinforce communities-or, indeed, to constitute them in the first place. This volume explores the interrelation of letters and communities in the ancient world, examining how epistolary

communication aided in the construction and cultivation of group-identities and communities, whether social, political, religious, ethnic, or philosophical. A theoretically informed Introduction establishes the interface of epistolary discourse and group formation as a vital but hitherto neglected area of research, and is followed by thirteen case studies offering multi-

disciplinary perspectives from four key cultural configurations : Greece, Rome, Judaism, and Christianity. The first part opens the volume with two chapters on the theory and practice of epistolary communication that focus on ancient epistolary theory and the unavoidable presence of a letter-carrier who introduces a communal aspect into any correspondence, while the second

comprises five chapters that explore configurations of power and epistolary communication in the Greek and Roman worlds, from the archaic period to the end of the Hellenistic age. Five chapters on letters and communities in Ancient Judaism and Early Christianity follow in the third, part before the volume concludes with an envoi examining the trans-historical, or indeed

timeless, philosophical community Seneca the Younger construes in his Letters to Lucilius.

 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist

have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk

someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the

idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for

anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton,

Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

 After the

passing of his Father, Prince Ivan must now take the mantle he never wanted... 'King of Assyria'. Will he be able to rule as the great King his older Brother was supposed to be before he abdicated the throne? It won't be an easy task with his mother, the Queen, still alive and as power hungry as ever. Ivan struggles with his new found power he soon finds himself married to women he does not truly

love. Maybe he will learn to love them? Maybe there is duty in love? Or maybe there is love in duty? As Ivan continues to fight with the dilemma of love or duty it may come down to his older Brother to solve the dilemma he had previously put his younger brother in. Maybe there is duty in love? *Love or Duty II* Ballantine Books Provides deep insights into the roles and responsibilities of men, women and

children within naval families. *Reports of Cases Argued and Adjudged in the Supreme Court of the United States* SIU Press In 1861 at the age of eighteen, Edward Woolsey Bacon, a Yale student and son of well-known abolitionist minister Leonard Bacon, left his home in New Haven, Connecticut, to fight for the United States. Over the next four years Bacon served in both the

Union navy and army, which gave him a sweeping view of the Civil War. His postings included being a captain's clerk on the USS Iroquois, a hospital clerk in his hometown, a captain in the 29th Connecticut Infantry (Colored), and a major in the 117th U.S. Colored Infantry, and he described these experiences in vibrant letters to his friends and family. Historian George S.

Burkhardt has compiled these letters, as well as Bacon's diary in the impressive Double Duty in the Civil War: The Letters of Sailor and Soldier Edward W. Bacon. Bacon tells of hunting Confederate commerce raiders on the high seas, enduring the tedium of blockade duty, and taking part in riverine warfare on the Mississippi. He recalls sweating in South Carolina as an infantry

officer during drill and picket duty, suffering constant danger in the battlefield trenches of Virginia, marching victoriously on fallen Richmond, and tolerating the boredom of occupation duty in Texas. His highly entertaining letters shed new light on naval affairs and reveal a close-knit family life. The narrative of his duty with black troops is especially valuable, since few first-hand accounts from white

officers of the U.S. Colored Troops exist. Furthermore, his beliefs about race, slavery, and the Union cause were unconventional for the time and stand in contrast to those held by many of his contemporaries. *Double Duty in the Civil War* is filled with lively descriptions of the men Bacon met and the events he experienced. With Burkhardt's careful editing and useful annotations, Bacon's

letters and diary excerpts give rare insight into areas of the Civil War that have been neglected because of a lack of available sources. Given the scarcity of eyewitness testimonies to navy life and life in African American regiments, this book is a rarity indeed.

Naval Families, War and Duty in Britain, 1740-1820

Boydell & Brewer
"Dr. Gao finds the best provisions and

practices in respect of the fraud rule in the United States, the United Kingdom, Canada, and Australia, and applies these standards to the reformulation of the fraud rule in the PRC. In the process he surveys the entire field of the fraud rule in the law of letters of credit in its substantive aspects, thus going deeper than mere banking law analyses and revealing, for the benefit of jurists

everywhere, the fundamental legal issues that must underlie all sound judicial reasoning in the area. In more practical terms, this approach also allows judges to meet their essential responsibility - that of giving an answer when a case is put before them - with the widest and best possible degree of discernment." -BOOK JACKET.
