FCE Gold Plus  
Maximiser (with Key)

Hueber Verlag  
The Great Recession,  
triggered by the  
collapse of financial  
markets in 2008,  
struck with such

ferocity that millions of people began to question the rationality of our capitalist economic system. And as scholars, journalists, and activists tried to comprehend what was happening, they were forced to look deeply into the nature of capitalism—inevitably leading them to the work of Karl Marx. Now, Marx is enjoying a worldwide rediscovery and resurrection, and his masterwork, *Capital*, has found its way back into college classrooms, labor unions, the Occupy movement, study groups, and into the hands of disillusioned young people. Reading *Capital* can be a daunting endeavor and most readers need guidance when tackling this complex

work. PolyLuxMarx provides such guidance. Developed by scholars and political activists associated with the Rosa Luxemburg Stiftung (Foundation), one of the leading political education institutions in Germany, this book has been field tested with groups studying Marx's masterpiece over several years. It consists of a large set of PowerPoint presentations, combined with detailed annotations and suggestions for ways to discuss the material. Each page illustrates a central argument from *Capital*, provides helpful introductory texts, and supplies notes on methodology and teaching tips. PolyLuxMarx is an ingeniously devised

illustrated workbook that will help readers grasp the key arguments of Capital. It will prove invaluable to the curious reader of all ages, as well as to students, teachers, workers, activists, and study groups.

The 2017-2018 Sailors Guide to the Windward Islands Springer

Rod Heikell's 'West Aegean' is a cruising guide to the Attic coast, Eastern Peloponnese, Western Cyclades and Northern Sporades. It is the ideal companion for charterers and flotilla sailors providing not only clear pilotage but also background information on visiting Greece, notes on history, food and wine and places to visit on the coast and inland. It runs from Corinth to Cape Sounion. Covers

Aigina and Poros in the Saronic Gulf, and down the eastern side of the Peloponnese, including Ithra and Spetsai, to Monemvasia and Cape Malea. It includes the Western islands of the Cyclades: Kea, Kithnos, Serifos, Sifnos and Milos. This new edition has been extended to cover the coast from Sounion to Volos and the adjacent Evia coast as well as the northern Sporades with Skiathos and Alonnisos.

*A Frequency Dictionary of French* University of Hawaii Press

Italian Waters Pilot is the only guide for yachtsmen in English that covers the coasts of the Tyrrhenian Sea, Sardinia, Sicily, the Ionian 'heel' and Malta in one volume. This new tenth edition builds on first-hand

research by the authors through the Tuscan islands, along the Tyrrhenian and Ionian coasts, to Sardinia and Sicily, Malta and Gozo. Numerous revisions have been made throughout, with the text, plans and photographs undergoing a complete overhaul. Care has been taken to research the details of marina developments. Where it has been available information is given on proposed changes and extensions to yacht harbours. Marine reserves are now an important feature of the coasts and off-lying islands, particularly in Sardinia and Sicily, and this edition provides updated details of the latest regulations. Climate change and extreme weather

events are becoming a major issue and this edition includes a section on the how climate change might affect sailing in the Mediterranean. Italian Waters Pilot is the last word on the area for yachts cruising there and on their way between western and eastern parts of the Mediterranean.

English Elements Imray Laurie Norie & Wilson Limited

Following the first volume of Remembering the Kanji, the present work provides students with helpful tools for learning the pronunciation of the kanji. Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received

from China lie several coherent patterns. Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms. Many of the “primitive elements,” or building blocks, used in the drawing of the characters also serve to indicate the “Chinese reading” that particular kanji use, chiefly in compound terms. By learning one of the kanji that uses such a “signal primitive,” one can learn the entire group at the same time. In this way, Remembering the Kanji 2 lays out the varieties of phonetic pattern and offers helpful hints for

learning readings, that might otherwise appear completely random, in an efficient and rational way. Individual frames cross-reference the kanji to alternate readings and to the frame in volume 1 in which the meaning and writing of the kanji was first introduced. A parallel system of pronouncing the kanji, their “Japanese readings,” uses native Japanese words assigned to particular Chinese characters. Although these are more easily learned because of the association of the meaning to a single word, the author creates a kind of phonetic alphabet of single syllable words, each connected to a simple Japanese word, and shows how they

can be combined to help memorize particularly troublesome vocabulary. The 4th edition has been updated to include the 196 new kanji approved by the government in 2010 as "general-use" kanji.

**4000 Essential English Words**

University of Hawaii Press

This guide picks up where *The Cruising Guide to the Southern Leeward Islands* ends, and covers the islands of Martinique, St. Lucia, St. Vincent and the Grenadines, and Grenada. Revised and updated for 2017-2018, this guide features detailed sketch charts based on the author's own surveys, and aerial photos of most anchorages. It also

includes clear and concise navigational information. By far the most popular guide to the area, it covers the islands from Martinique to Grenada with dazzling scenic photography, unsurpassed onshore information, sections on exploring, provisioning, water sports, services, restaurants and photography. Information is linked to the author's website where you can download town maps, GPS waypoints from the sketch charts, and obtain links to local weather, news and more. Now includes a free 17.5 x 21.5 inch color waterproof planning chart of the Windward Islands! State, Community and Neighbourhood in Princely North India, c.

1900-1950 Kodansha

First written in response to a JACT survey of over 100 schools, and now endorsed by OCR, this textbook has become a standard resource for students in the UK and for readers across the world who are looking for a clear and thorough introduction to the language of the ancient Greeks.

Revised throughout and enhanced by coloured artwork and text features, this edition will support the new OCR specification for Classical Greek (first teaching 2016).

Part 1 covers the basics and is self-contained, with its own reference section. It covers the main declensions, a range of active tenses and a vocabulary of 250 Greek words to be

learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: Aesop, Homer's Odyssey and Alexander the Great, providing an excellent introduction to Greek culture alongside the language study. Written by a long-time school teacher and examiner, this two-part course is based on experience of what pupils find difficult, concentrating on the essentials and on the understanding of principles in both accidence and syntax: minor irregularities are postponed and subordinated so that the need for rote learning is reduced. It aims to be user-

friendly, but also to give pupils a firm foundation for further study.

Dr. Pestana's Surgery

Notes Cruising Guide  
Publications

The expanded third edition of this popular cruising guide encompasses the Greek Dodecanese islands and the Turkish coast eastwards from the Samos Strait to Kas and Kekova. Fully illustrated with up to date plans and numerous new photographs, it is packed with all the essential information for getting to the area, formalities and sailing these beautiful cruising grounds. There is a level of further detail to this coverage in terms of anchorages and other destinations than is found in the Heikell's Greek Waters Pilot and

Turkish Waters and Cyprus Pilot. This handy guide also whets the appetite for the local cuisine and culture and gives some historic context to exploration ashore.

The fantastic background information with historical and mythological anecdotes gives ... a richness too often missing from bald pilot guides. Royal Cruising Club ... no East Med cruiser will want to sail without a copy.

*West Aegean* Prentice Hall

Ian Copland's aim in this book is to explain why, during the colonial period, the erstwhile Indian 'princely' states experienced per capita significantly less Muslim-Sikh and Muslim-Hindu communal violence than the provinces of British India, and how the enviable situation of the states in this respect became eroded over time. His answers to these questions shed new light on the growth of popular organisations

in princely India, on relations between the Hindu and Sikh princes and the communal parties in British India, and on governance as a factor in communal riot production and prevention.

The Manual of Standard Tibetan presents the everyday speech of Lhasa as it is currently used in Tibet and among the Tibetan diaspora. It not only places the language in its natural context but also highlights along the way key aspects of Tibetan civilization and Vajrayana Buddhism. The Manual, which consists of forty-one lessons, is illustrated with many drawings and photographs and also includes two informative political and linguistic maps of

Tibet. Two CDs provide an essential oral complement to the manual. A detailed introduction presents a linguistic overview of spoken and written Tibetan.

From "catching a cold" to "landing on your feet," idiomatic expressions add color and style to the English language. The latest edition of "Essential Idioms in English" remains the resource of choice for mastering more than 500 common English idioms, phrasal verbs, and collocations. Organized by level for beginning, intermediate, and advanced learners, "Essential Idioms in English" thoroughly defines and illustrates each idiom, then

reinforces its meaning and usage with multiple-choice, true-false, fill-in-the-blank, and matching exercises. New features include: Three new sections on collocations to illustrate the frequency of certain usages. An

expanded Appendix of Equivalent Idioms that adds Portuguese to the French and Spanish translations of previous editions. New eight-page section on dictionary skills helps students build their knowledge of vocabulary and usage.
