ELIANNA BROOKLYN	
Notes and Materials for an Adequate Biography of the Celebrated Divine and Theosopher, William Law Bloomsbury Publishing This edition of over 60 000 entries, including significantly more than 20% new or revised material, not only updates its predecessor but also continues the policy of extending coverage to areas dealt with only sparsely in previous editions. Special attention has been paid to the Far East, Australasia and Latin America in general, and to the People's Republic of China in particular. The cross-referencing between a defunct organization and its successor (indicated by ex and now) introduced into the last edition, has been extended. Otherwise the policies adopted in previous editions have been retained. All kinds of organizations are included - international, national, governmental, individual, large or small - but strictly local organizations have been omitted. The subject scope includes activities of all kinds, in the fields of commerce and industry, education, law, politics, public administration, religion, recreation, medicine, science and technology. The country of origin of a national organization is given in brackets, unless it is the home country of the title language or can be deduced readily from the title itself. Acronyms of parent bodies of subsidiary organizations are also added in brackets. Equivalences are used to link acronyms in different languages for the same organization. A select bibliography guides the reader to specialist works providing more detailed information.	des règles et normes partagées par les acteurs de l'art contemporain ? Comment repérer et analyser les manières différenciées d'y recourir dans ce cadre commun ? Par l'observation et l'examen détaillé des centres d'art et des expositions d'art contemporain, Les sciences humaines dans le centre d'art vise à éclairer la circulation sociale des savoirs et les manières de l'étudier. <i>A French and English Dictionary</i> Brill Archive La finance est en crise ; mais elle est indispensable à la vie des hommes en société. Cependant, il serait abusif de considérer "la finance" comme un tout homogène. En effet, loin de la finance conventionnelle qui fait la une de l'actualité, il existe une finance dite alternative qui tente de placer et de maintenir l'Homme au centre de son projet et à l'horizon de son ambition. Cet ouvrage, premier du genre, se propose de présenter sous forme d'études réalisées par des spécialistes du droit financier, les manifestations de cette finance alternative, les outils, instruments et techniques juridiques qui existent et qui permettent de concilier finance et humanisme. À travers l'analyse des critères de développement durable ou religieux appliqués à la finance, des monnaies alternatives, du microcrédit, de la notation extra-financière, du mutualisme et du coopératisme en finance, du crowdfunding, des fonds éthiques, du financement associatif, du financement alternatif de l'habitat ou du soutien des collectivités publiques aux entreprises, ce livre fait, en France comme en Espagne, au Royaume-Uni, en Grèce et au Canada, un tour d'horizon complet de ce segment du secteur financier souvent méconnu et qui offre néanmoins aux Hommes de réaliser leurs projets dans la perspective d'un mieux-être collectif. Pour rompre avec l'idée que la finance n'est que spéculation et prédation. <i>William Kentridge</i> Springer Science & Business Media In original language and not translated to modern English. <i>Current List of Medical Literature</i> Bruylant This visually compelling publication highlights The Museum of Modern Art's unparalleled collection of prints and books byWilliam Kentridge - nearly fifty works spanning the past three decades. The book also features a succession of artistic interventions made by Kentridge especially for the occasion. Kentridge's practice brings together drawing, film animation, books, sculpture and performance. Too little known is the extent to which the artist applies his astonishing draftsmanship to the techniques of printmaking, including etching, screenprinting, lithography and linoleum cut. In fact printmaking has always been essential to his work, from his first forays into visual art in the 1970s to his recent large-scale operas. Kentridge's love of the printed image extends to an embrace of books. He often draws and prints on unbound pages from encyclopaedias, ledgers and the like, the readymade support adding nuance and complexity to his work. He has extended these practices in William Kentridge: Trace, using translucent pages interspersed throughout the book to respond to his prints reproduced between them in a visual dialogue between the past and the present. The book also includes an essay, an annotated checklist, a chronology and the text of a lecture by Kentridge on printmaking, illuminating its relevance to his broader practice. The publication coincides with the Museum's presentation of the touring exhibition William Kentridge: Five Themes. MoMA's presentation will be unique in its addition to the numerous collection works, including most of the prints reproduced in this volume.
