This book discusses the design and practice of environmental resources management for smart cities. Presenting numerous city case studies, it focuses on one specific environmental resource in each city. Environmental resources are commonly owned properties that require active inputs from the government and the people, and in any smart city their management calls for a synchronous combination of e-democracy, e-governance and IOT (Internet of Things) systems in a 24/7 framework. Smart environmental resources management uses information and communication technologies, the Internet of Things, internet of governance (e-governance) and internet of people (e-democracy) along with conventional resource management tools to achieve coordinated, effective and efficient management, development, and conservation that equitably improves ecological and economic welfare, without compromising the sustainability of development ecosystems and stakeholders.

The North Downs Way National Trail is a 130 mile (208km) between the high downland of Farnham and the historic city of Dover on the Kent coast. The route is described in 11 day stages from west to east with an optional detour via Canterbury. Step-by-step route descriptions are fully illustrated with colour photographs and extracts from OS 1:50,000 mapping for every stage. The guidebook comes with a separate map booklet of 1:25,000 scale OS maps showing the full route of the North Downs Way. Clear step-by-step route descriptions in the guide link together with the map booklet at each stage along the Way, and the compact format is conveniently sized for slipping into a jacket pocket or the top of a rucksack. The North Downs Way is one of the easier national trails with a modest

number of steep (but short) ascents and descents and long sections with no noticeable height gain or loss. Several historic sites including Neolithic burial chambers, Roman roads and Norman churches are passed and much of the route follows The Pilgrims' Way.

Yurei Attack! is a nightmare-inducing one-stop guide to Japan's traditional ghosts and spirits. Surviving encounters with angry ghosts and sexy spectres. Haunted places. Dangerous games and how to play them. And more importantly, a guided tour of what awaits in the world of the dead. Yurei is the Japanese word for "ghost." It's as simple as that. They are the souls of dead people, unable--or unwilling--to shuffle off this mortal coil. Yurei are many things, but "friendly" isn't the first word that comes to mind. Not every yurei is dangerous, but they are all driven by emotions so uncontrollably powerful that they have taken on a life of their own: rage, sadness, devotion, a desire for revenge, or even the firm belief that they are still alive. This book, the third in the authors' bestselling Attack! series, after Yokai Attack! and Ninja Attack! gives detailed information on 39 of the creepiest yurei stalking Japan, along with detailed histories and defensive tactics should you have the misfortune to encounter one. Japanese ghosts include: Oiwa, The Horror of Yotsuya Otsuyu, The Tale of the Peony Lantern The Lady Rokujo, The Tale of Genji Isora, Tales of Moonlight and Rain Orui, The Depths of Kasane Book 3 of 3 in the Yokai Attack! series. Others include Ninja Attack! and Yokai Attack!.

The most northerly of Britain's island groups, Shetland is so far removed from the rest of the UK that it usually appears as an inset on maps. Although relatively little known to those from outside the islands, Shetland is a magnificent terrain for walkers, especially those who love to really explore and get away from the beaten track. The coastal walking here includes some of the finest in the country, with superb cliffs, towering sea stacks, caves and natural arches seemingly around every corner. Added to this is Shetland's better known claim to fame for its spectacular seabird colonies ; huge gannetries, moorland packed with arctic and great skuas, arctic terns in the more sheltered spots, and everyone's favourite ; the puffins. The islands also enjoy a dense population of otters, many seals, and a chance to see killer whales or other giants of the deep. Beyond all this natural grandeur, Shetland's history is fascinating too. The archaeological attractions are much less known than those on Orkney, but sites such as Jarlshof have amazingly preserved remains from prehistory right up to more recent times. These include iron age villages, chambered cairns, viking longhouses, pictish carvings, and impressive brochs ; including the most complete of all these iron-age defensive towers, on Mousa. Made up of the old counties of Wigtownshire and The Stewartry, Galloway covers a vast swathe of Scotland's quiet southwest corner. This under-discovered area offers 260km of coast, full of sandy beaches and towering cliffs, lonely heather-clad moors and quiet hills. Add to this plenty of wildlife, a rich artistic heritage, strong spiritual influences and a climate kissed by the warming Gulf Stream, and you have a region beckoning to be visited.
