A death and life situation... Betsy’s heartbroken over her friend Marc’s death, but at least his sacrifice should change the future—her future—for the better. But Betsy’s next few hundred years will still be far from perfect. After all, her half sister Laura is the Antichrist and Laura’s mother is Satan, which means that family gatherings will always be more than a little awkward. What’s really bothering Betsy is that ever since she and Laura returned from visiting their mom in hell, Laura’s been acting increasingly peculiar. Maybe it’s Laura’s new job offer as Satan’s replacement down under. Unfortunately, the position comes at a damnable price: her soul. Now a war has been waged—one that’s going to take sibling rivalry to a whole new level and a dimension where only one sister can survive.

On my thirteenth birthday, my life changed for ever. That's when I learned the shocking truth: I'm a half-vampire. Think that sounds cool? Think again! I've been attacked by an evil vampire bat, had huge cravings for my best friend's blood, and nearly died from eating a pizza (half-vampires aren't great with garlic). Writing my secret blog is the only thing that's kept me from going completely crazy. As if life couldn't get any more complicated, there have been some vicious attacks in the local woods. Vampire-mad Tallulah (definitely not my girlfriend) thinks a super-vampire is behind them - and she's desperate to prove it, with a mysterious chain that's supposed to glow red-hot when a vampire is close by. And I have a horrible feeling that the chain's going to turn red-hot any day now . . . A new novel from award-winning author Pete Johnson that taps into the very current interest in vampires - done with Pete's humorous, accessible touch.

One hour to rewrite the past . . . For seventeen-year-old Emerson Cole, life is about seeing what isn't there: swooning Southern Belles; soldiers long forgotten; a haunting jazz trio that vanishes in an instant. Plagued by phantoms since her parents' death, she just wants the apparitions to stop so she can be normal. She’s tried everything, but the visions keep coming back. So when her well-meaning brother brings in a consultant from a secretive organization called the Hourglass, Emerson’s willing to try one last cure. But meeting Michael Weaver may not only change her future, it may change her past. Who is this dark, mysterious, sympathetic guy, barely older than Emerson herself, who seems to believe every crazy word she says? Why does an electric charge seem to run through the room whenever he’s around? And why is he so insistent that he needs her help to prevent a death that never should have happened? Full of atmosphere, mystery, and romance, Hourglass merges the very best of the paranormal and science-fiction genres in a seductive, remarkable young adult debut.

In contemporary feminist theory, the problem of feminine subjectivity persistently appears and reappears as the site that grounds all discussion of feminism. In *Feminism and the Abyss of Freedom*, Linda M. G. Zerilli argues that the persistence of this subject-centered frame severely limits

feminists' capacity to think imaginatively about the central problem of feminist theory and practice: a politics concerned with freedom. Offering both a discussion of feminism in its postmodern context and a critique of contemporary theory, Zerilli here challenges feminists to move away from a theory-based approach, which focuses on securing or contesting "women" as an analytic category of feminism, to one rooted in political action and judgment. She revisits the democratic problem of exclusion from participation in common affairs and elaborates a freedom-centered feminism as the political practice of beginning anew, world-building, and judging. In a series of case studies, Zerilli draws on the political thought of Hannah Arendt to articulate a nonsovereign conception of political freedom and to explore a variety of feminist understandings of freedom in the twentieth century, including ones proposed by Judith Butler, Monique Wittig, and the Milan Women's Bookstore Collective. In so doing, Zerilli hopes to retrieve what Arendt called feminism's lost treasure: the original and radical claim to political freedom.

Nina Bailey loves Christmas. Except this year she doesn't. Because it turns out that her husband-to-be has been cheating on her - and her beautiful wedding ceremony in the snow is cancelled. She's not really in the mood to be jolly, sing carols, or go anywhere near gingerbread men - in fact, what Nina wants is to avoid the whole thing. So she's come to stay at her Aunt Dolly's cosy caf◆ to nurse her broken heart. Nina is determined to get through Christmas with no tinsel, no fuss - and definitely no flirting. So when she arrives and meets infuriatingly handsome Ryan Sadler, with his gorgeous forest-green eyes, she is not best pleased. And when Nina overhears him making fun of her, she is furious. (There might have been an incident with a koala onesie and a spilled bottle of milk, but that really wasn't her fault!) So despite the spark between them, and the fact that he can whip up a fabulous dinner faster than she can say Michelin star, romance and Christmas are off the menu this year. Unfortunately, Aunt Dolly hasn't quite got the message, going to great lengths to provide a proper British Christmas for her beloved niece: a true home away from home. With sparkling lights adorning every wall and a tree to equal the Rockefeller Center's and, yes, mistletoe above every doorway, can Nina resist the magic of Christmas - and stick to her no-romance rule? This heart-warming romantic comedy will have you reaching for eggnog, roasted chestnuts and gingerbread cookies! The perfect festive book to read curled up in front of the fire, for fans of Sue Moorcroft, Holly Martin and Debbie Johnson.

I'm just trying to get back a piece of what I lost, focusing solely on raising Aaron and my work at Jameson. As long as I have my son and my career, I'm content.
