Declutter Like
a Mother, Allie
Casazza
comes
alongside you
to explore:
Why
decluttering
calms anxiety
in your heart

and lessens tension in your relationships. How to ensure your house is working for you, not against you. Why kids thrive when they're not overwhelmed with options. How to make time, when you feel you don't have time, to declutter. Allie Casazza was tired of feeling it was her against the laundry in her home. She wondered if somewhere beneath her frantic days and the mountains of

toys in the playroom she would ever find joy and peace in motherhood. Then she discovered the abundance . . . of less. As she purged her home of excess stuff, Allie discovered a lifestyle that strengthened her marriage, saved her motherhood, and helped her develop her gifts in a way that no amount of new kitchen appliances or new organizing system ever could. Research

studies show a direct link between stress levels and the amount of physical possessions people have in their homes, and Allie has seen that truth play out in her own life and in the lives of hundreds of thousands of other moms she has mentored through her business and online courses. She proclaims: You don't need a home that's perfect. You need a home that's lighter. Discover less

stress, more space. Less chaos, more peace. Less of what doesn't matter, so you have room for what matters most of all. *The Complete Guide to Crochet Dolls and Animals* Fox Chapel Publishing Explore the world of micro crochet with this collection of 100 exquisite designs. Talented designer, Steffi Graves, shows how to create intricately detailed motifs using fine cotton quilting thread

and a 0.5mm crochet hook. As well as the huge choice of motifs there are also 10 projects showing how to use the motifs for jewellery. *Vibration Problems in Machines* Annie's Wholesale Create animal slippers for the whole family, with this cute collection of patterns from leading crochet designer Ira Rott. First choose your slipper type - slide, shoe or boot - then choose your

size, and finally choose one of 20 different animal designs. This adorable book will have you reaching for your hook and crocheting the most appropriate animals for your tribe. Why not try the elephants for grandpa (who sometimes forgets), the pandas for mum (whose mascara always runs) and the bears for the little one who loves warm hugs... there are options to delight them

all and keep you in handmade gifts to give for years! Ira Rott is well known for her gorgeous animal designs and her easy-to-follow crochet patterns, which include step-by-step photographs for any fiddly parts, and crochet charts alongside the written patterns. She expertly guides you through making three different kinds of crochet slippers - shoes with covered heels, boots with

ankle cuffs, and slides which are backless slippers. Knowing what size to make is made easy thanks to a clever measuring chart at the front of the book. Simply open the flap, put your foot on the measuring gauge and instantly see what size you need. In the book are useful tables that show how much yarn and what size hook you will need for each size. Complete step-by-step instructions

and charts then show you how to master each slipper type, with templates for adding non-slip soles to your crochet slippers too. Once you've mastered the slipper-making, the fun begins in creating your crochet animal designs. Choose from: the Snuggly Pug, the Cuddly Bear, the Happy Penguin, the Zingy Dinosaur, the Starry Unicorn, the Rock 'n' Roll Panda, the Sleepy Koala,

the Mossy Sloth, the Graceful Elephant, the Playful Pig, the Mischievous Raccoon, the Cheeky Monkey, the Woolly Sheep, the Sandy Turtle, the Sassy Cat, the Hippie Llama, the Brave Moose, the Artful Fox, the Friendly Cow and the Roaring Lion. But that's not all - Ira also shows you how you can mix and match patterns to create all sorts of new animals too. Add the unicorn horn to the cat for a cute uni-kitty, and mix the dinosaur and the penguin to create a wise owl - once you've discovered that you can customize your crochet slippers you'll be able to create unlimited options!
