Only Twice I've Wished for Heaven

Macmillan

Frank Bill is back with a gritty, wrenching novel from deep inside the traumas of a

broken American heartland. Miles is a Vietnam veteran who's worried he's going to lose his job—and with it his tenuous grasp on a stable life—over a fight with a coworker. His PTSD and struggles to control his steroid-fueled violent tendencies also complicate his relationship with his girlfriend, Shelby, a stripper who only occasionally displays the proverbial heart of gold. She's certainly kinder and more generous than her brother, Wylie, who has been implicated in the deaths of two local Oxy dealers and is currently on the run. When Wylie kidnaps Shelby and holes up in Miles's country lair, it all

threatens to become a bit too much for Miles. As Frank Bill peels back the layers of Miles's history, going deep into his memories of the Vietnam War, *Back to the Dirt* gets to the root of the traumas that have caused Miles and his community so much adversity. In this blistering novel, Bill reaches for the core values—living close to the land, working with your hands—that have been obscured by generations of neglect, drug abuse, and desperation. This is a profound and important story of an America that is only beginning to get its due attention—and Frank Bill is its most visceral, essential chronicler.

Michael Cunningham brings together his Pulitzer Prize-winning novel with the masterpiece that inspired it, Virginia Woolf's *Mrs. Dalloway*. In *The Hours*, the acclaimed author Michael Cunningham draws inventively on the life and work of Virginia Woolf and the story of her novel, *Mrs. Dalloway*, to tell the story of a group of contemporary characters struggling with the conflicting claims of love and inheritance, hope and despair. In this edition, Cunningham brings his own Pulitzer Prize-winning novel together with Woolf's masterpiece, which has long been hailed as a groundbreaking work of literary fiction and one of the finest novels written in English. The two novels, published side by side with a new introduction by Cunningham, display the extent of their affinity, and each illuminates new facets of the other in this joint volume. In his introduction, Cunningham re-creates the wonderment of his first encounter with

*Mrs. Dalloway* at fifteen—as he writes, “I was lost. I was gone. I never recovered.” With this edition, Cunningham allows us to disappear into the world of Woolf and into his own brilliant mind.

In this paradigm-shifting book, celebrated historian Tiya Miles reveals that slavery was at the heart of the Midwest's iconic city: Detroit. Miles has pieced together the experience of the unfree - both native and African American - in the frontier outpost

of Detroit, a place wildly remote yet at the centre of national and international conflict. The result is fascinating history, little-explored and eloquently told, of the limits of freedom in early America, one that adds new layers of complexity that completely change our understanding of slavery's American legacy.

"In Shimon Adaf's *Lost Detective Trilogy*, what begins as conventional mystery becomes by degrees a brilliant deconstruction not just of genre but of our own search for meaning. Both profound and compulsively readable, these books demand to be devoured." —Lavie Tidhar, author of *By Force Alone* In *A Detective's Complaint*, the sequel to *One Mile and Two Days Before Sunset*, Elish Ben Zaken has traded working as a private investigator for writing detective novels based on unsolved cases from the past. He appears to live an ordinary writer's life: meeting with his agent, attending literary conferences. But all is not quite right with Elish, who cannot escape his past so easily, especially when his sister's daughter, Tahel, a teenager and an

aspiring sleuth herself, calls on him for help. Tahel has uncovered a mystery: a young woman boarded a bus in Beersheva on a Thursday evening and stepped off in Sderot, close to the Gaza border, on Sunday evening. A bus ride that should have lasted an hour instead took three days, and the young woman remembers none of it. To assist Tahel—and, he tells himself, to conduct research for his next novel—Elish moves back to Sderot, where he grew up. His sister, Yaffa, has moved her family from Tel Aviv to a new lakeside development there; the property came cheap, despite the attractive setting, and there are murmurs that the developer fled the country before it was completed. Some of the houses still stand empty, and Tahel keeps waking up at night to find her mother staring out at the lake, convinced she is being watched. Now, in the summer of 2014, Sderot lies near the center of the Gaza-Israel conflict, and sirens and missile strikes are part of the town's daily reality—as are violent clashes between anti-war protestors and those who oppose them. In this pressurized environment, Elish must grapple with the deep wounds of history, both personal and political, and

the human need for answers in a world that offers few.

*The Hours / Mrs. Dalloway* Schocken

How are Holocaust events remembered and narrated, and why? What knowledge can Holocaust testimony convey? Christine June Wunderli explores these questions as she examines four works by Holocaust survivor Elie Wiesel. Guided by Bourdieu's theory of literary field as well as Young's theory of literary representation, she traces Hasidic influences in Wiesel's writing. Her conclusions are telling: Wiesel's narratives are born as memory is pulled towards both Auschwitz and the shtetl, caught up in the tension between the two. Still, the emerging trajectory is one of hope, led by a new categorical imperative.

From the acclaimed author and artist who created *The Song of Songs: The Honeybee in the Garden*, this breathtakingly

beautiful book fuses the artist Debra Band's stunning illuminated interpretation of selected psalms with the scholar Arnold Band's insightful analysis of the text. In shimmering gold and brilliant color this book invites contemporary readers to experience the intense emotion embodied within the ancient verses. It features 36 of the most well-known and moving psalms, including songs of personal and communal joy, prayers for healing and redemption in times of desperation, expressions of love and longing for Jerusalem, and prayers of comfort traditionally included in mourning rites. Band ingeniously interprets each psalm through two illuminations on facing pages: one that brings to life the Hebrew text; the other that illustrates the JPS English translation. Each pair of full-page illuminations is followed by an analysis of the psalm by Arnold Band and an explanation of the symbolism of the artwork by Debra Band. This beautifully bound book can be used for prayer and study, as well as aesthetic enjoyment, and, it makes an unforgettable gift for weddings, anniversaries, and other special occasions. Included in the volume is a foreword by Rabbi Harold S. Kushner and

an appendix with the text of all 150 psalms in Hebrew and in English.

Lillian Kremer author of *Women's Holocaust Writing: Memory and Imagination* *Daniel's Story* Farrar, Straus and Giroux The dramatic, untold story of the brilliant team whose feats of innovation and engineering created the world's first digital electronic computer—decrypting the Nazis' toughest code, helping bring an end to WWII, and ushering in the information age. Planning the invasion of Normandy, the Allies knew that decoding the communications of the Nazi high command was imperative for its success. But standing in their way was an encryption machine they called Tunny (British English for "tuna"), which was vastly more difficult to crack than the infamous Enigma cipher. To surmount this seemingly impossible challenge, Alan Turing, the Enigma codebreaker, brought in a maverick English working-class engineer named Tommy Flowers who

devised the ingenious, daring, and controversial plan to build a machine that would calculate at breathtaking speed and break the code in nearly real time. Together with the pioneering mathematician Max Newman, Flowers and his team produced—against the odds, the clock, and a resistant leadership—Colossus, the world’s first digital electronic computer, the machine that would help bring the war to an end. Drawing upon recently declassified sources, David A. Price’s *Geniuses at War* tells, for the first time, the full mesmerizing story of the great minds behind Colossus and chronicles the remarkable feats of engineering genius that marked the dawn of the digital age. *The Time of the Uprooted* Schocken

At age thirty, Elish Ben Zaken has found himself in a life he never imagined. As a university student, Elish was an esteemed

rock-music critic for local newspapers; now, disenchanted with an increasingly commercialized music scene, he has joined a private investigation agency where he is content to be a “clerk of small human sins”—a finder of stolen cars and wayward husbands. But when a disconcertingly amiable detective asks him to look into the suicide of an infamous philosophy professor—and the police file contains an unexpected allusion to Dalia Shushan, a celebrated young rock singer whose recent murder remains unsolved—Elish’s natural curiosity is piqued. And when violence begins to dog the steps of his investigation, he knows that dangerous secrets are at hand. Haunted by the ghost of Dalia, a true artist with a transformative voice whose dark brilliance Elish was one of the first to recognize, he must face the long-buried trauma of his own past in order to unravel the intertwining threads of two lives, and their ends. In *Elish*, Shimon Adaf has created an unforgettable protagonist. A former philosophy student with a questing mind, born to Moroccan parents and raised in an outlying town, he is an eternal outsider in cosmopolitan Tel Aviv. Equally,

*One Mile and Two Days Before Sunset* is a detective novel unlike any other: an incisive portrait of a man and a city, and a meditation on disappointment, on striving for beauty and for intensity of experience, and on the futile desire to truly know another person.

As this concluding volume of his moving and revealing memoirs begins, Elie Wiesel is forty years old, a writer of international repute. Determined to speak out more actively for both Holocaust survivors and the disenfranchised everywhere, he sets himself a challenge: "I will become militant. I will teach, share, bear witness. I will reveal and try to mitigate the victims' solitude." He makes words his weapon, and in these pages we relive with him his unstinting battles. We see him meet with world leaders and travel to regions ruled by war, dictatorship, racism, and exclusion in order to engage the most pressing issues of the day. We see him in the Soviet Union defending persecuted Jews and dissidents; in South Africa battling apartheid and supporting Mandela's ascension; in Cambodia and in Bosnia, calling on the world to face the atrocities;

in refugee camps in Albania and Macedonia as an emissary for President Clinton. He chastises Ronald Reagan for his visit to the German military cemetery at Bitburg. He supports Lech Walesa but challenges some of his views. He confronts Francois Mitterrand over the misrepresentation of his activities in Vichy France. He does battle with Holocaust deniers. He joins tens of thousands of young Austrians demonstrating against renascent fascism in their country. He receives the Nobel Peace Prize. Through it all, Wiesel remains deeply involved with his beloved Israel, its leaders and its people, and laments its internal conflicts. He recounts the behind-the-scenes events that led to the establishment of the Holocaust Museum in Washington, D.C. He shares the feelings evoked by his return to Auschwitz, by his recollections of Yitzhak Rabin, and by his memories of his own vanished family. This is the magnificent finale of a historic memoir.

The product of the author's lifetime, this powerful narrative, intersperses the author's analysis of wars, philosophy,

science, manners, sex, religion, morals, art, et al, from the Reformation to the present day, with biographical sketches of influential historical figures. His conclusion is that the decadence of the current age is merely a watershed for a new age in which Western culture will again flourish.

In 1975, Tempestt Saville and her family are chosen by lottery to "move on up" to Lakeland: one square mile of sparkling apartment towers and emerald lawns where the Black elite live sheltered from the ghetto by a ten-foot-tall, ivy-covered wrought-iron fence. Eleven-year-old Temmy doesn't enjoy the privilege, however, and thinks Lakeland is the "kingdom of the drab." Instead, she is drawn to the vivid world outside the fence: to 35th Street, where the saved and the sinners are both so "done up" you can't tell one from the other. Tempestt's curiosity soon leads her down a dangerous path, however, and after witnessing the death of a friend, she sets into motion a chain of events that will send 35th Street up in flames.

Love and tragedy converge in a seaside town in The High Road, a newly reissued novel from Edna O'Brien, the author of *Girl* and "one of the most celebrated writers in the English language" (NPR's Weekend Edition) This richly peopled, compellingly readable novel explores the many lives of women—as mystic, mother, daughter, and lover. There is Iris, with her "winsome wonsome" ways, no longer young; there is Charlotte, a troubled debutante who has fled from society; and there is the narrator, Anna, who feels that her emotional life has folded until she meets a young Spanish girl named Catalina. Set in a seaside enclave on the Mediterranean coast, *The High Road* is a passionate account of lost love and the return to loving, where currents of regret and loneliness clash with a fiery instinct for survival.

Gamaliel Friedman is only a child when his family flees Czechoslovakia in 1939 for the relative safety of Hungary. For him, it will

be the beginning of a life of rootlessness, disguise, and longing. Five years later, in desperation, Gamaliel's parents entrust him to a young Christian cabaret singer named Ilonka. With his Jewish identity hidden, Gamaliel survives the war. But in 1956, to escape the stranglehold of communism, he leaves Budapest after

painfully parting from Ilonka. Gamaliel tries, unsuccessfully, to find a place for himself in Europe. After a failed marriage, he moves to New York, where he works as a ghostwriter, living through the lives of others. Eventually he falls in with a group of exiles, including a rabbi—a mystic whose belief in the potential for grace in

everyday life powerfully counters Gamaliel's feelings of loss and dispossession. When Gamaliel is asked to help draw out an elderly, disfigured Hungarian woman who may be his beloved Ilonka, he begins to understand that a real life in the present is possible only if he will reconcile with his past.
