This two-volume encyclopedia profiles the contemporary culture and society of every country in Europe. Each country receives a chapter encompassing such topics as religion, lifestyle and leisure, standard of living, cuisine, gender roles, relationships, dress, music, visual arts, and architecture. This authoritative and comprehensive encyclopedia provides readers with richly detailed entries on the 45 nations that comprise modern Europe. Each country profile looks at elements of contemporary life related to family and work, including popular pastimes, customs, beliefs, and attitudes. Students can make cross-cultural comparisons-for instance, a student could compare social customs in Denmark with those in Norway, compare Greece's cuisine with that of Italy, and contrast the architecture of Paris with Amsterdam and Barcelona. Culture and society are changing in each region and nation of Europe due to many political and economic forces, both inside and outside of each nation's borders. This encyclopedia considers many of the transformations connected to globalization, as well as traditions that still hold strong, to provide a complete assessment of the processes that make European societies and cultures distinctive.

Les 100 plus grands cyclistes de l'histoire Editions L'Harmattan

Christian Laborde cette fois choisit l'abécédaire. Et, du A d'Anquetil au Z de Zaaf, du B de Louison Bobet ou de Joséphine Baker au H de Bernard Hinault, du F de Christopher Froome au P de Parasol, du R de Robic au V de Ventoux, et du V de Ventoux à celui de Vodka, le Tour passe en toutes lettres. Le Tour de France de Laborde est un roman d'aventures où le savoir et la saveur se disputent la vedette. Laborde, qui se souvient de Joseph Habierre, casseur de cailloux disputant le Tour de France en 1909, a bel et bien une mémoire d'éléphant. Il est surtout un fabuleux conteur. Les exploits, les duels, les grands cols, les paysages, les coups tordus, les abandons, les chutes, les tragédies, les larmes, les maillots, les vélos, l'accordéon, la caravane, les spectateurs, leur enthousiasme et leurs chapeaux de fortune : Laborde n'oublie rien, magnifie tout, fait le Tour de la question dans un style flamboyant. La légende des cycles brille d'un éclat neuf. Poète, romancier, pamphlétaire, chroniqueur à La Nouvelle République des Pyrénées, journal le plus lu par les ours, Christian Laborde, quand il n'écrit pas, monte sur scène ou sur son vélo.

Les grandes premières du tour de France Welbeck

Geoffrey Wheatcroft's hugely entertaining and well researched history of the Tour de France is already established as the definitive account of cycling's greatest event. Since the book was last published in 2007, much has changed. Bradley Wiggins' historic victory in 2012 - the first Briton ever to secure the yellow jersey - brought him a knighthood and garnered more interest in the race than ever before. Yet the months after were dominated by an even bigger story, as Tour legend and seven-time winner Lance Armstrong was stripped of his titles and confessed on Oprah to doping in each of his victories. Suddenly, everything that we thought we knew had happened was no longer true. In this new and comprehensively revised edition of the book, Wheatcroft not only brings his story of the Tour fully up to date to mark the race's 100th running in 2013, he also reflects on the changes brought about by the scandals that have rocked the sport to its core. Yet for all the controversies of modern times, he vividly captures the essential glory and romance of the heroes who battle to conquer one of sport's greatest challenges.

Les secrets du Tour de France City Edition

This book gives the reader a straightforward and continuous survey of the history of the French Foreign Legion. By outlining the Legion's vicissitudes, victorious campaigns, epic marches, heroic and sometimes hopeless stands, dirtiest combats and dramatic defeats, but also by briefly placing the Legion back in the historical background of France, and by describing its development, organization, uniforms, equipments and weapons, the author hopes to dispel myths, and try to give a true and accurate picture of what the French Foreign Legion has been from 1831 until today. There are well-researched, detailed line drawings throughout.

La fin de la légende des grands champions cyclistes La Librairie Vuibert

Avec son rythme annuel, d'une durée de trois semaines, des dizaines de milliers de kilomètres couverts par plus de 5000 géants de la route et chantés par autant de journalistes, suiveurs, chroniqueurs, écrivains ou dessinateurs, le Tour, épreuve de démesure, d'excellence et de folie, en a suscité des bourdes, des zizanies, des délires, des extrapolations, des dérapages, des quiproquos, des bavures ! De Robert Chapatte à Gérard Holtz, du président Valéry Giscard d'Estaing à Antoine Blondin ou Lance Armstrong, cette moisson surprenante et savoureuse n'oublie ni le dopage ni le maillot jaune. Elle prolonge encore la magie du Tour, car le Tour est unique.

L'éducation physique suisse en quête d'identité (1800-1930) Calmann-Lévy

The year 1910 marks the first time the Tour de France, only seven years young, will include a section through the high mountain passes of the Pyrenees. The weather is awful. The routes are perilous. The rules are still a work in progress. Nutrition? Safety? These racers didn't even have derailleurs. They barely had gears. In a genuinely superhuman feat of determination and endurance they rode through literal blood, sweat, mud, snow, starvation, tears, and utter despair to make the Tour de France what it is today: a contest of colossi, a clash of titans, a tour... of giants.

Le Tour de France Portico

The Official History of the Tour de France is a celebration of one of the greatest annual sporting events, and the premier competition in world cycling. Through more than 300 photographs, rarely-seen documents and items of memorabilia, this book covers more than a century of fascinating stories on the Tour and its iconic yellow jersey. This revised and updated edition includes an authoritative narrative account of each major era, up to and including the thrilling 2020 Tour - a dramatic contest completed against all the odds - and a preview of the 2021 event. There are features on superstar cyclists and memorable moments from each period of the event's rich history, and a foreword from legendary Tour de France champion Stephen Roche, all of which combines to form the definitive illustrated book on the Tour.

The Official History of The Tour De France Pen and Sword

Le 1er août 1909, François Faber remporte la septième édition du tour de France cycliste. Le "Géant des Colombes" entre dans la légende, mais bien plus qu'un parcours sportif exemplaire son itinéraire est un condensé de la France de la Belle époque. En s'appuyant sur la presse d'époque et sur de nombreux documents inédits, ce livre retrace le destin romanesque de ce champion attachant, l'un des plus populaires de son temps.

Petit-Breton Random House

A path through cycling-specific information: slang, cycling stars, equipment, and nicknames The essential A-to-Z compendium of everything there is to know about the bicycle, this sports reference is full of amazing facts and enthralling anecdotes. Numerous entries have been updated for this paperback edition. A world of death-defying feats and obscure mechanical oddities, the nature of cycling is both heroic and geeky, and the perils of vicious dogs are given the same attention as the perils of drug and sex scandals. From the history of the Tour de France and Lance Armstrong's rise and fall to the origins of the quick-release system and Chris Hoy's dominance of the Beijing Velodrome, no element is omitted from this exploration of the bicycle and its faithful riders. Cyclopedia has all the equipment, the races, and the faces needed to convert any amateur cyclist into a fully fledged bike expert.

Tours 1914 à 1925 Workman Publishing

A generation of young athletes decimated in the carnage of war. The Shattered Peloton is a mind-boggling account of young athletes in their prime destroyed in the hell of war. A mesmerizing view of cycling in its golden age, and the darkness that followed. On June 28, 1914, one hundred and forty-five riders lined up in a suburb of Paris at 3 a.m. to start the first stage of the Tour de France. The race, which had been founded just a decade earlier, had grown to become the biggest bicycle race in the world. The riders did not know it at the time, but as they raced, an event was taking place on the opposite side of Europe which would change all of their lives forever: Gavrilo Princip assassinated Archduke Franz Ferdinand of Austria, triggering World War I. While racing went on in France, a diplomatic crisis had started that would try but fail to avert war. Shortly after the finish of the race, France mobilized its troops and went to war with Germany. The organizer of the Tour de France, Henri Desgrange, despite being fifty years old, enrolled in the army shortly afterwards and encouraged the cyclists to do the same. The war would see over 16 million soldiers and civilians die. Many of the riders from that Tour de France did not return, and three previous winners of the race would be among those killed in action. The Shattered Peloton tells the story of the 1914 Tour and what happened to the top cyclists of the day during the course of the war. A brilliant, disturbing, important book for anyone with an interest in cycling or military history.

The French Foreign Legion Editions Publibook

The first major biography of the pathbreaking, perpetually influential surrealist artist and iconoclast whose inspiration can be seen in everyone from Jasper Johns to Beyoncé—by the celebrated biographer of Cézanne and Braque In this thought-provoking life of René Magritte (1898-1967), Alex Danchev makes a compelling case for Magritte as the single most significant purveyor of images to the modern world. Magritte’s surreal sensibility, deadpan melodrama, and fine-tuned outrageousness have become an inescapable part of our visual landscape, through such legendary works as The Treachery of Images (Ceci n’est pas une pipe) and his celebrated iterations of Man in a Bowler Hat. Danchev explores the path of this highly unconventional artist from his middle-class Belgian beginnings to the years during which he led a small, brilliant band of surrealists (and famously clashed with André Breton) to his first major retrospective, which traveled to the United States in 1965 and gave rise to his international reputation. Using 50 color images and more than 160 black-and-white illustrations, Danchev delves deeply into Magritte’s artistic development and the profound questions he raised in his work about the very nature of authenticity. This is a vital biography for our time that plumbs the mystery of an iconoclast whose influence can be seen in everyone from Jasper Johns to Beyoncé.

The Yellow Jersey Univ of California Press

Appuyé sur la sociologie historique de Max Weber, Du rituel au record vise la construction d'un paradigme susceptible d'expliquer l'unité du sport moderne au regard des pratiques sportives de l'Antiquité, du Moyen Age et du début de la modernité. Il entreprend aussi d'identifier quels sont les traits les plus marquants de l'expérience sportive américaine. L'analyse développe et illustre une définition du sport moderne, tout en instaurant un dialogue fécond entre histoire, sociologie, anthropologie et littérature.

The Story of the Tour De France McFarland

"L'avant-dernière étape du Tour 1914 allait nous valoir un rebondissement absolument surprenant. Certes, les quatre meilleurs s'échappaient ensemble à l'occasion de l'unique bosse constituée par le Mont Cassel, mais ils devaient tous connaître le revers de la médaille. Et si les circonstances

se montraient plutôt clémentes envers Rossius, qui perdait sept minutes sur crevaison, Alavoine, qui ne cédait qu'une minute et vingt secondes sur un retour-canon de Faber, et surtout Pélissier, qui ne perdait qu'au sprint le fruit de ses efforts, elles faillirent coûter à Thys tout simplement la partie..." Passionné par le Tour de France, l'auteur a passé douze ans à retranscrire cette épreuve étape par étape, en y ajoutant toutes les statistiques annexes, donc de manière exhaustive, et en y mêlant en parallèle une enquête très approfondie pour déterminer si le vainqueur méritait bien de l'être ou, sinon, d'en dévoiler son identité. Richement documentée et illustrée, cette étude est une véritable mine d'or pour les aficionados.

Histoires insolites du Tour de France Pantheon

Le Tour de France rassemble chaque année près de 35 millions de téléspectateurs. De cet événement sportif incontournable, Jean-Luc Seguin nous propose une étude approfondie du point de vue passionné qui est le sien. Dans son dictionnaire des vainqueurs, l'auteur nous livre le parcours sportif de chaque coureur ayant remporté l'étape du Tour à la date du 14 juillet. Rapprochant une date nationale symbolique et un événement à la renommée internationale, il dépeint des figures telles que Jacques Anquetil, Warren Barguil ou encore Christopher Froome, de leur première victoire à leur ascension au Tour de France. Découvrez un ouvrage aux allures d'anthologie qui nous invite à percer les mystères des grands champions du cyclisme !

Cyclopedía Editions du Rocher

1907: In a small town in the Pyrenees, a young soldier regularly climbs one of the tallest peaks to deliver supplies to an observatory. There, he makes a friend whose great passion for the Tour de France pushes ambitious Amédée to take up cycling and dream of winning the Tour himself. But the road to the Tour de France is more challenging and dangerous than he thought, and a terrible accident leaves him handicapped. Still, Amédée remains undaunted and trains even harder, which sets him on the road to cycling stardom... until war breaks out and interrupts his plans yet again. An inspiring tale of courage and human achievement, set against the fascinating backdrop of one of the world's most grueling tests of endurance.

Le tour de France et la France du tour Publishroom

In this highly original history of the world's most famous bicycle race, Christopher S. Thompson, mining previously neglected sources and writing with infectious enthusiasm for his subject, tells the compelling story of the Tour de France from its creation in 1903 to the present. Weaving the words of racers, politicians, Tour organizers, and a host of other commentators together with a wide-ranging analysis of the culture surrounding the event including posters, songs, novels, films, and media coverage Thompson links the history of the Tour to key moments and themes in French history.

Examining the enduring popularity of Tour racers, Thompson explores how their public images have changed over the past century. A new preface explores the long-standing problem of doping in light of recent scandals.

François Faber Europe Comics

Rares sont les coureurs de la Belle Époque dont la renommée a franchi tous les écueils du xxe siècle pour parvenir jusqu'à nous. Combien sont-ils, ces pionniers dont le nom semble familier même au profane ? Trois, peut-être quatre : Eugène Christophe, qui s'est offert l'éternité en réparant sa fourche à Sainte-Marie-de-Campan, François Faber et Octave Lapize, vainqueurs du Tour de France morts au champ d'honneur. Et, bien sûr, Lucien

Petit-Breton. Ce nom, qui n'était d'ailleurs pas le sien, résonne encore voluptueusement à l'oreille des amateurs de cyclisme. Une volupté qui doit autant au charme de l'époque qu'à la vie et à la personnalité de l'homme. Pourtant, que savons-nous de lui ? Pas grand-chose... Pour beaucoup, Petit-Breton n'est qu'un nom vaguement familier auquel il est difficile d'accoler une image ou des faits. Le cycliste cachait pourtant un homme aux qualités remarquables. Photographe éclairé, aviateur, polyglotte, mécanicien hors-pair, amoureux des belles-lettres, le Breton multipliait les talents. Outre sa carrière bien remplie - l'un des plus beaux palmarès d'avant-guerre - cet ouvrage a pour vocation de faire découvrir les autres facettes de Lucien Petit-Breton, qui font de lui un archétype de son temps. Sa mort, survenue au cours de la Première Guerre Mondiale, participe de sa légende et contribue à l'inclure dans une époque qu'il aura marquée de son empreinte, rayonnant au-delà du seul sport cycliste.

Les Grimpeurs du Tour de France Bloomsbury Publishing USA

* WINNER OF THE 2020 TELEGRAPH SPORTS BOOK AWARDS CYCLING BOOK OF THE YEAR* Discover this 100-year anniversary celebration of the hardest-earned and most sacred prize in sport, the Tour de France's Yellow Jersey. In 2019, the cycling world will celebrate the 100th anniversary of sport's most iconic and distinguished prize: the Yellow Jersey. Beautifully produced and packed full of interviews with riders such as Chris Froome, Thomas Voeckler and the oldest living wearer of the Yellow Jersey at 94, Antonin Rolland, *The Yellow Jersey* is a fitting celebration of the 'maillot jaune'. In 1919 the leading rider was first instructed to wear the Yellow Jersey, following a campaign from fans and journalists who were struggling to identify the winning rider. 100 years on, the jersey has passed into almost sacred status. You'll never see an amateur rider wearing yellow - it is reserved purely for those who have sacrificed themselves in the world's greatest race. Cossins will take the reader on a journey to the origins of the jersey and its early winners. He'll explore the effect of wearing yellow as a motivator and occasionally as a curse. Beautifully produced with original photography, *The Yellow Jersey* is an exquisite tribute to the greatest trophy in sport. 'Without doubt the most beautiful book to land on our desk this year... we can't recommend this book enough' *Cycling Weekly*

Les plus surprenantes histoires de 14-18 Librinova

With the popularity of Lance Armstrong and the Tour outstripping the public's knowledge of bicycle racing, "The Tour De France" is a fully illustrated primer that explains the strategies, ground rules, history, personalities, techniques, and technology behind one of the world's most spectacular and brutal sporting events.

La Revue hebdomadaire Editions L'Harmattan

Quels sont les ingrédients qui font un « bon » Tour de France ? Si tous les coureurs se dopent, comment expliquer la suprématie de Lance Armstrong ? Et pourquoi Poulidor ne pouvait-il absolument pas gagner en 1964 ? Aucun événement sportif n'égale le Tour de France : c'est le plus populaire, le plus spectaculaire, le plus long, le plus fou, mais aussi le plus secret... Il fallait un passionné pour faire découvrir les à-côtés de la course et nous raconter sa grande histoire. Depuis les origines très politiques de la compétition jusqu'à la suprématie anglaise de ces dernières années en passant par les petits arrangements de quelques-uns avec l'esprit sportif, José-Alain Fralon décrypte les meilleurs moments de la Grande Boucle, des plus triviaux aux plus héroïques, et révèle la vie cachée du peloton. Cette enquête, nourrie notamment d'interviews inédites de grands anciens, lève le voile sur le Tour de France et ses mystères, ceux-là même qui font sa grandeur.
