Politics, Policy and Power in Translation History

Königshausen & Neumann

The contributions in this book are partly based on papers given at the 7th congress of the European Society for Translation Studies, held at the University of Mainz in Germersheim. For this publication, all papers have undergone a review process. In order to illustrate the variety of contents and approaches involved in the concepts of translation policy and politics, the chapters are organised thematically rather than chronologically. The objective in doing so was to show how policies influence a wide array of discursive practices. The first group of articles is concerned with the policy of translating and interpreting in power settings. A second group deals with translation policies as applied to a wide corpus of literary texts. A third group is devoted to the policies of media translation.

In ihrer gut dokumentierten Arbeit befasst sich Irmtraud Ubbens mit Leben und Werk des Journalisten und Schriftstellers Moritz Goldstein, der aus dem nationalsozialistischen Deutschland über Italien und England in die Vereinigten Staaten emigrierte. Anhand einer differenzierten Quellenlage beschreibt sie vor dem Hintergrund der Korrespondenz Goldsteins sehr eindringlich die Zerrissenheit des emigrierten Schriftstellers, die durch den allmählichen Verlust der Muttersprache, seinem wichtigsten Arbeitsinstrument, ausgelöst wurde. Im Anhang des Buches werden Texte präsentiert, die Goldstein nach 1933 verfasst hat.

This volume contains Lawrence's letters written between March 1927 and November 1928: almost 770 letters in just a year and nine months. The letters cover the period of Lawrence's Etruscan tour in the spring of 1927 as preparation for the writing of *Sketches of Etruscan Places*; the performance of his play, *David*, in London in May, and - above all - the writing, typing, private publication, promotion and immediate consequences of *Lady Chatterley's Lover*. He makes new acquaintances with writers and publishers in Europe (Max Mohr, Hans Carossa, Harry and

Cresse Crosby); renews friendships which will stand him in good stead in times of poor health (the Huxleys, Aldington, the Brewsters); and rediscovers the bonds of family and old Eastwood friends. The volume provides annotation identifying persons and allusions, and includes a biographical introduction, illustrations, a full chronology and index.

 The concept of Heimat with its seemingly pre- or anti-modern connotations of rootedness in a place of origin is central to a critical understanding of German history and culture. Over the course of the past fifteen years, scholars across a range of disciplines have found new ways to examine the changing notions of Heimat – its multifaceted cultural, literary, and visual history, its gendered connotations, and its national and ideological appropriations. This anthology is the first to examine cultural manifestations of Heimat by giving special consideration to issues of memory and space. The contributions to this volume challenge static notions of place often associated with Heimat. Instead, they explore the social and cultural production of places of belonging as they emerge in literary and visual narratives ranging from 1800 to 2000 and beyond. Although the anthology includes historical perspectives on Heimat, its overall objective is not to trace its cultural or literary history, but to place this complex term into new conceptual contexts. Drawing attention to manifestations of Heimat within German literary and cultural studies provides a rich ground for exploring the transformation of locality in trans/national contexts.

Als Musik meine Sprache wurde - Die offizielle Autobiografie
 Routledge

This is the first book in English to survey the Eastern German literary trend of employing humor and satire to come to terms with experiences in the German Democratic Republic and after the fall of the Berlin Wall. As sophisticated attempts to make sense of socialism's failure and a difficult unification process, these contemporary texts help define Germany today from a specific, Eastern German perspective. Grounded in politics and history, ten humorous and satirical novels are analyzed for their literary aesthetics and language, cultural critiques, and socio-political insights. The texts include popular novels such as Thomas Brussig's *Helden wie wir*, Ingo Schulze's *Simple Stories*, and Jens Sparschuh's *Der Zimmerspringbrunnen*, as well as lesser-known but equally relevant works like *Schlehwins Giraffe* by Bernd Schirmer and *Katerfrühstück* by Erich Loest. A broad spectrum of humor and satire theories is applied to probe texts from various angles and suggest multi-layered answers to the question of how these literary modes function in postwall Germany to construct a specifically Eastern German identity. Interviews the author conducted with five of the satirists are appended as primary sources and contribute to the interpretation of the texts.

"The Voices of Wittgenstein brings together for the first time in both the original German and English translation over one hundred short essays in philosophical logic and the philosophy of mind of historical importance to understanding Wittgenstein's philosophical thought and development in the 1930s. It is the only substantial corpus of Wittgenstein's work that has remained relatively unknown and unavailable until now. Transcribed from the papers of Friedrich Waismann and dating from 1932-1935, the majority are highly important dictations by Wittgenstein to Waismann. The volume also includes texts of redrafted material by Waismann closely based on the dictations." --Book Jacket.

Luther & the State: Writings on Secularism Frank & Timme GmbH
 As speakers of different languages interact, language contact will occur. Language contact will necessarily lead to language change for both parties involved in such contact. As languages change, the issue of competence becomes problematic. Who has the right to say what language will be taught in schools, or what kind of language will be published in the press and spoken in the media in a world where languages constantly change? The articles in this collection refer to several language areas in Europe, from the North (Scandinavia), the South (Spain / Balkan), the East (Ukraine / Russia), as well as the Center (Austria / Germany) and includes one contribution on Canada. They present different cases of language competence and assessment, languages in contact in different settings, and language changes which are related to applied linguistics, both from a sociolinguistic and an educational linguistic point of view. Unter meiner Flagge. Mehrfach Platin in Deutschland, Platin in Österreich und der Schweiz – mit dem Album "Große Freiheit" stieß DER GRAF im Jahr 2010 Herbert Grönemeyer vom Sockel, da "Unheilig" 23 Wochen lang die deutschen Charts anführte – länger als jeder deutsche Künstler zuvor. Ausverkaufte Konzerte, gefeierte TV-Auftritte – die Band "Unheilig" stand in den vergangenen drei Jahren fast überall an erster Stelle. Viel wurde über "Unheilig" und den GRAFEN geschrieben und gesagt – eine wirkliche Annäherung an den momentan erfolgreichsten Musiker Deutschlands gelang jedoch nie. Nun bricht DER GRAF endlich sein Schweigen und gibt in seiner Autobiografie einen erstaunlich offenen Einblick in sein bewegtes Leben und den steinigen, am Ende aber fast märchenhaften Aufstieg zum erfolgreichsten deutschen Musiker dieser Zeit. Es ist das Buch des GRAFEN für seine Fans, für die er seit mehr als zehn Jahren komponiert und singt – unter der Flagge seiner Millionen Anhänger...

Race, Language, and Subjectivation Camden House

This volume focuses on the highly debated topic of theatrical translation, one brought on by a renewed interest in the idea of performance and translation as a cooperative effort on the part of the translator, the director, and the actors. Exploring the role and function of the translator as co-subject of the performance, it addresses current issues concerning the role of the translator for the stage, as opposed to the one for the editorial market, within a multifarious cultural context. The current debate has shown a growing tendency to downplay and challenge the notion of translational accuracy in favor of a recreational and post-dramatic attitude, underlying the role of the director and playwright instead. This book discusses the delicate balance between translating and directing from an intercultural, semiotic, aesthetic, and interlingual perspective, taking a critical stance on approaches that belittle translation for the theatre or equate it to an editorial practice focused on literalism. Chapters emphasize the idea of dramatic translation as a particular and extremely challenging type of performance, while consistently exploring its various textual, intertextual, intertranslational, contextual, cultural, and intercultural facets. The notion of performance is applied to textual interpretation as performance, interlingual versus intersemiotic performance, and (inter)cultural performance in the adaptation of translated texts for the stage, providing a wide-ranging discussion from an international group of contributors, directors, and translators.

Die Grenzen meiner Sprache BRILL

Many school students in Germany are plurilingual and use German and further languages in their daily lives. This use is differently approached and valued. Not only languages spoken, but race, too, plays a role in how language use is addressed in schools. Interviews that were conducted and analyzed with a Grounded Theory approach show that subject positions assigned to students concerning plurilingualism shape how they reflect on experiences in school from a retrospective focus. By turning to a raciolinguistic perspective and drawing on subjectivation theory, the terms used to signify dominantly found re-positionings are 'raciolinguistic norm' and 'raciolinguistic Other'. The results highlight the necessity of focusing in more detail on how listening positionalities shape language use in society and in schools specifically.
