<i>Visitor Visa Extension Request Sample</i>	<i>2022-12-16</i>	it's like to live and work in America as an immigrant. Over a million people migrate to the United States every single year. What most of them don't know is that life in America is completely different from the America they see in the News or movies or American TV shows. In "Coming To America" Muchina talks directly to new immigrants as well as those planning on migrating to the United States in the future. With well-researched statistics and figures, he details the income of an average immigrant as well as the true cost of living and the sacrifices required in order to have a decent life while supporting family back home. Close to a million immigrants become undocumented every year. Muchina dedicates a few chapters to speak to those that may end up overstaying their visas or falling out of "Status" for various reasons. The challenges faced by undocumented immigrants are many, but millions of them find ways to get jobs, buy cars, rent apartments and even start their own businesses. The question is "How do they do it?" Those answers plus alternative documents the government makes available for undocumented people to open bank accounts and pay taxes to states that offer driver's licenses to undocumented residents; all found within the pages of this book In the final chapters of the book, Muchina shares his story of how his obsession with the pursuit of the American dream cost him everything he owned and nearly destroyed his life in the process. He tells his compelling poignant story as a warning to others whose desire to make a lot of money may lead them down the wrong paths with dire consequences. Mostly, with his deep understanding of how the American system works, he brings the wisdom of knowing "What not to do" as well as what aspects of life one must protect in order to build a decent and fulfilling life in America. In his own words, Muchina says 'This book is everything I wish someone had told me when I first came to America" So, if you're planning to migrate to America, this book will help you answer some of the most important questions you may have such as What are the 5 top myths about America? What are the top 5 mistakes most immigrants make? Is "The American Dream" possible for an immigrant? What will your host expect of you when you get to America? Where should you settle in and why? How are you expected to behave in America? How is America different from where you're coming from? What are you going to love about the country and its culture? Will you be able to get a job? What kind of documents will you need to get a job? Will you be able to get work documents if you have a non-immigrant visa? Will you be allowed and able to get work if you have a non-immigrant visa? What happens if you overstay your visa? What kind of job will you be able to get as an immigrant? How much are you likely to get paid for what job? How much will it cost you to live in America? How much does housing cost? What can you or can't you do? What kind of bills will you have to pay? What kind of taxes will you have to pay? How much money will you be able to earn per month? How much will you be able to save per month? If you wanted to start a business; could you? What kind of rights will you have as an immigrant? How do undocumented immigrants get jobs? What kind of work do undocumented immigrants do? What jobs pay better than others for immigrants? What rights do immigrants have? Do undocumented immigrants have any rights? What's a social security number and why does everyone need one? What if you can't get a social security number because of your immigration status? How do you get a driver's license? If you go out of status, will you be able to get a driver's license? Where can you get a driver's license if you overstay your visa? What can you expect from friends and relatives when you move to America? How should you deal with relatives back home? What's a FICO credit score and how does it determine your success or failure? What mistakes are you likely to make that could ruin your life in America? Will your foreign university degree get you a job in the United States? In part 4, you'll hear the story of the author, an immigrant whose life was nearly destroyed in America due to the lack of information such as found in this book. In his pursuit of the American dream, he made all the wrong mistakes, just like so many immigrants and citizens make. He hopes to spare you from the same fate so you have a chance to succeed and get yourself a piece of the American Dream.

About this book Now into its fifth edition, Bradt's Iran continues to provide the most detailed background, history and cultural information available when visiting this 'Jewel of Central Asia'. This new edition has been thoroughly reviewed to provide all the latest information, from updated history and cultural developments to security, language and hotel prices, plus expanded practical information for independent travellers. Food and arts, rugs and handicrafts are all covered, plus new details of skiing in Iran and recommended Iranian movies. For outdoor enthusiasts, swimming and desert and eco-tours are also included. With new direct flights to Iran now available from Europe, and a warm-hearted and welcoming people eager to meet tourists, visiting this intriguing country has never been easier. Iran's cities are packed with gilded mosques and blue-mosaic shrines built in honour of the country's greatest leaders. Its people are generous and its terrain ranges from the sands of the Persian Gulf to the Alborz Mountains in the north. The expert authors give first-hand descriptions of attractions ranging from the exquisite mosques of Esfahan and the museums and palaces of Tehran to remote, spectacular mountain hikes. New maps and up-to-date information on all the basics - hotels, restaurants, businesses and shops - help you to uncover the mysteries of ancient Persepolis, to enjoy a soak and scrub in a local hamam, or to pick up a pair of giveh slippers or a Persian rug in Kirman's bazaar. Thoroughly updated, this new edition also includes new details of 'Around Tehran', caravanserai, Nishapur, Qaleh Rudkhan and Kurdish villages on the Silk Road Trail, plus new maps of the historic bazaars of Esfahan, Yazd, Kerman and Shiraz. It has been updated by Middle East expert Maria Oleynik, who is fluent in ten languages, including Persian and Arabic. This book tackles three choices that face developers of L2 writing assessments: defining L2 writing abilities; collecting evidence of those abilities (usually by getting L2 writers to write something); and judging their performance (usually by assigning a score or grade to it). It takes a historical view of how assessment developers have made those choices, how contemporary practices emerged, and of alternative techniques that have risen and fallen over time. The three sections each tackle one of these choices. The first considers the social functions that define L2 writing and assessment; the second relates how assessment tasks have adapted to changing conceptions of languages, writing, and assessment; and the third explores how scoring systems have evolved. Each section brings the reader up to date with current issues confronting writing assessment (both in large-scale testing and in language classrooms) before considering the new opportunities and challenges of the digital age. This book will be of interest to students, scholars and practitioners in language assessment, language education, and applied linguistics.
