LES RELIGIONS DES PEUPLES NONCIVILISES Рипол Классик

Ostervald 1770-1771 Bible

Documents Relating to the Constitutional History of Canada. 1759-1791 TheBookEdition Pierre-Esprit Radisson (1636?-1710) was many men. He was a teenager captured, tortured, and adopted by the Mohawk, and a youth relishing the freedom of the wilderness. He was the French-born servant of an ambitious English trading company and a hapless petitioner at the court of Louis XIV. He was a central figure in the tug-of-war between France and England over Hudson Bay and a pretender to aristocratic status who had to defend his actions before James II. Finally, he was a retired "sea captain" trying to provide for his children, and despite the pension he had fought for, the "decay'd Gentleman" described in his burial record. Radisson's writings, characterized by hubris and contradiction, provoke many questions. Was he a semi-literate woodsman? Are his accounts of Native life ethnographically reliable? Can he be trusted to tell the truth about himself? How important were his explorations? All these questions are raised in this first critical edition of Radisson's writings in both English and French, which includes previously unknown documents. Volume 1 follows Radisson's account of the decade he spent, in part with his brother-in-law Médard Des Groseilliers, exploring far into the interior of North America. In Volume 2, Radisson recounts his part in the battle over possession of Hudson Bay waged in the 1680s by England and France, his difficulties at the French and English courts, and his struggle with the Hudson's Bay Company for his just reward. Striking a superb balance between accessible writing and comprehensive scholarship, this new edition of Radisson's writing is indispensable, definitive, and reasserts the important roles that Radisson played in seventeenth-century North American rivalries.

Philo of Alexandria, according to Cardinal Danielou, represents the first attempt to correct Greek philosophical thought with biblical revelation. Philo was a faithful Jew who studiously avoided syncretism with pagan religion: biblical worship could only be radically monotheistic. But Philo represents more than a spiritual master; he inaugurated Judeo-Christian philosophy itself. But even here, Philo avoided syncretism with Platonism and remained highly orthodox. Modifying Greek philosophy at the points where it conflicted with biblical revelation, Philo built the fundamentals of a Judeo-Christian way of looking at the world that would have a profound influence for centuries to come.

Raymond Poisson, a contemporary of Molière, was the leading comic actor with the troupe of the Hôtel de Bourgogne and later at the Comédie Française during the first five years of its existence. He popularized one of the French stage's best-loved stock characters, the impudent servant Crispin, while finding time to supply his troupe with short comedies in which he himself starred. This study is thoroughly documented and reflects the author's detailed knowledge of, and interest in, the period. It establishes Poisson's place in theatrical history, and illuminates a whole tradition in French theatre in the seventeenth century.
