## IZAIAH CHACE

*Ever Faithful* Titan Books (US, CA)

This is an edited volume of approximately 17 essays that deal with various types of spontaneous shrines and other, related public memorializations of death. The articles address events such as New York after 9/11; roadside crosses, and the use of 'Day of the Dead' altars to bring attention to deceased undocumented immigrants.

*Resident Evil. La conspiración Umbrella* Titan Books (US, CA)

A dramatic study of working-class urbanism and the fight for control of Barcelona.

*Resident Evil: RE Remake + RE Zero - Guía Argumental* LSU Press

On a late September day in 1837, shortly after sunset, a group of six slaves marched into the small Cuban village of Güira de Melena, beating African drums and singing loudly. Alarmed, villagers rushed into the streets with machetes, sabers, and spears, ready to take action against the disobedient slaves. Yet this makeshift parade never evolved into the violent rebellion the villagers expected. Though the slaves who lived on Cuban coffee and sugar plantations sometimes defied their captors by orchestrating fierce uprisings and committing murder and suicide, they also resisted in less overt ways—by running away, feigning sickness, breaking tools, and by maintaining their own cultures. In *Seeds of Insurrection*, Manuel Barcia examines many largely overlooked ways in which African and Creole slaves in Cuba defied domination in the first half of the nineteenth century. Ethnic and geographic origins, as well as slaves' personal experiences, affected their resistance to bondage. Dividing resistance into two broad types—violent and nonviolent—Barcia examines when and why the slaves chose certain forms. Creole slaves grew up in Cuba, for example, so they learned both the language of their ancestors and Spanish, and they came to understand their Spanish masters as few African-born slaves ever could. Consequently, they cleverly used the few rights colonial laws offered them to their advantage. African-born slaves, by contrast, carried with them their memories from home, their religious beliefs, jokes, and songs, and they dealt with enslavement by incorporating this cultural heritage into their everyday activities. Barcia demonstrates the ways in which the slaves made use of the privacy of their huts and barracks and the lack of surveillance in the fields to voice their ideas and opinions—through song, religion, gossip, folktales, and jokes—within an acceptable degree of safety. Relying primarily on transcripts of local and central court proceedings involving slaves, free people of color, slave owners, and witnesses, Barcia reveals the slaves' view of their world. He also explores the forms of domination practiced by colonial authorities, plantation masters, and overseers, gleaned insight from innovative sources, including medical reports and diaries of rancheadores, as well as public and private correspondence, newspapers, and the contributions of contemporary scholars. In *Seeds of Insurrection*, Barcia expands the definition of resistance and adds an invaluable dimension to the understanding of slavery in the Americas.

**Conspiraciones que se cumplieron** Capitán Swing Libros

#1 NATIONAL BESTSELLER • In this “thoroughly gripping” (New York Times) continuation of the *Girl with the Dragon Tattoo* series, Lisbeth Salander lies in critical condition in a Swedish hospital, a bullet in her head. But she's fighting for her life in more ways than one: if and when she recovers, she'll stand trial for three murders. • Also known as the Millennium series In the next installment of the Millennium series, with the help of Mikael Blomkvist, Salander will need to identify those in authority who have allowed the vulnerable, like herself, to suffer abuse and violence. And, on her own, she'll seek revenge—against the man who tried to kill her and against the corrupt government institutions that nearly destroyed her life. Look for the latest book in the *Girl with the Dragon Tattoo* series, *The Girl in the Eagle's Talons*, coming soon! *Resident Evil: Code Veronica* Duke University Press

"Los virus no entienden de fronteras ni de clases sociales". No hemos parado de escuchar esta frase como un mantra, como una aventura mágica en la que los virus aparecen de un espacio neutro, llegan, infectan y desaparecen. Pero es falso: las epidemias no surgen de la nada, parten de unos contextos sociales y políticos concretos; y entender este sustrato político, económico, sanitario y social es clave para analizar cómo afectan. La peste, la tuberculosis, el sida, el ébola, la malaria y recientemente la COVID-19 surgieron de contextos determinados, impactaron de forma diferencial sobre determinados grupos sociales y transformaron las sociedades que se encontraron. Ahora toca preguntarse: ¿quién está más expuesto a enfermar

durante una epidemia?, ¿quién es más vulnerable a sus consecuencias sociales?, ¿qué respuestas políticas sanitarias (y no sanitarias) tenemos para actuar frente a una crisis epidémica?, ¿qué sanidad queremos para hacer frente a las epidemias?, ¿qué transformaciones sociales nos quedan tras una crisis epidémica?

*Animation: A World History* CRC Press

Winner of the Pulitzer Prize “A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue.”—The New York Times Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

*The Girl Who Kicked the Hornet's Nest* Grupo Planeta Spain

"Amanda Young grew up in Port Isley, a remote seaside community perched on the outermost shores of Washington. She's watched as, each summer, the tight-knit small village braces for the invasion of vacationers seeking refuge from city life. But this year, a new kind of visitor arrives in Port Isley, bringing something most unexpected. Soon after the season begins, a teenage girl's mutilated body is found in a local park. The police declare it a random act of violence, but Amanda's not so sure...because how can she explain that she had a premonition of the crime just hours before it happened? Or that the neighbors she's known forever inexplicably are beginning to change...into lustful, violent shadows of themselves? Amanda knows something's not right. And she knows it has something to do with the sinister stranger who's come to town. But can she uncover his dark secret in time to stop him--and in time to save the souls of Port Isley?"--Amazon.com.

*Animation: A World History* Vintage Crime/Black Lizard

Exploring the extent to which the control over the materiality of writing has shaped the numerous and complex processes of cultural exchange from the 16th century onwards, this book introduces the specificities of written culture anchored in colonial contexts.

*Epidemiocracia* VIZ Media LLC

A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World History* encompasses the history of animation production on

every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films, art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

Tan sólo oírás unos pasos en las sombras y el espectral gemido de algo que acecha en las cercanías

*Resident Evil: Zero Hour* Titan Books (US, CA)

Known for much of the nineteenth century as "the ever-faithful isle," Cuba did not earn its independence from Spain until 1898, long after most American colonies had achieved emancipation from European rule. In this groundbreaking history, David Sartorius explores the relationship between political allegiance and race in nineteenth-century Cuba. Challenging assumptions that loyalty to the Spanish empire was the exclusive province of the white Cuban elite, he examines the free and enslaved people of African descent who actively supported colonialism. By claiming loyalty, many black and mulatto Cubans attained some degree of social mobility, legal freedom, and political inclusion in a world where hierarchy and inequality were the fundamental lineaments of colonial subjectivity. Sartorius explores Cuba's battlefields, plantations, and meeting halls to consider the goals and limits of loyalty. In the process, he makes a bold call for fresh perspectives on imperial ideologies of race and on the rich political history of the African diaspora.

*Tavistock Institute* BRILL

La Unidad de Rescate y Tácticas Especiales (STARS) se ha desplegado en Raccoon City para investigar el caos. Se trata de un ecléctico grupo de especialistas: el rebelde Chris Redfield, la antigua ladrona de guante blanco Jill Valentine, el combativo Barry Burton y el enigmático jefe de la unidad, Albert Wesker. Pero lo que los STARS descubren cuando entran en la mansión es un terror que supera sus peores pesadillas: criaturas que desafían las leyes de la vida y de la muerte. S. D. Perry es la autora de casi todos los libros de la serie Resident Evil. También ha escrito novelas sobre Alien y novelizaciones de películas.

Guía argumental de Resident Evil Remake y Resident Evil Zero.

No son guías de cómo pasarse un juego, sino una narración de su argumento, haciendo especial hincapié en las conversaciones. La adaptación es algo libre, pudiendo tener variaciones con respecto al texto original, para hacer más amena la lectura y arreglar posibles errores de traducción. Además, se han añadido explicaciones y opiniones en los casos en que pudiera ser necesario. Al final de cada libro se incluye un código para poder ver la guía argumental en su versión web, con imágenes del juego y comentarios de los lectores. Esta es la versión digital. Para más información, visita [MakoSedai.com/guias-argumentales](http://MakoSedai.com/guias-argumentales), donde

podrás ver otras versiones y leer los primeros capítulos de forma totalmente gratuita.

**Resident Evil, Vol. 1** Yale University Press

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude

beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.
