This cookbook is a collection of tested and tasted recipes that are so delicious you forget that they are good for you! Kathy Smart is a holistic chef with a passion for food and life. As a nutritionist and a personal trainer with 14 years of experience, Kathy is intimately familiar with food both as fuel and as a source of comfort. However, as an individual with celiac disease, her love of good food was limited, and flavour was often compromised. In an effort to level the playing field, she engaged the skills of another foodie with a passion for fine French cuisine and combined the best of both worlds. Live the Smart Way offers over 60 simply delicious recipes from the Smart Kitchen that include nutritional analyses and smart facts and tips. Here the timeless traditions of the world of French gastronomy meets the Smart World to bring you great food that just happens to be good for you, too! Welcome to the Smart Kitchen!

Take a detailed look at your Pilates practice with the superbly illustrated exercises in Pilates Anatomy, Second Edition. Choose from 46 exercises to target a particular body region and delve deeper to stretch, strengthen, and finely coordinate specific muscles. See which key muscles are activated, how variations and minor adjustments can influence effectiveness, and how breathing, alignment, and movement are all fundamentally linked as you work to tone the body, stabilize the core, improve balance, and increase flexibility. Use the Personalize Your Practice section for each exercise to vary your practice and customize your workouts to fit your needs. Here you'll find modifications to make each exercise more accessible when there are limitations such as tight hamstrings or underdeveloped core strength. Variations provide variety, and progressions are offered to add more challenge to each exercise and serve as valuable stepping stones on your journey to more advanced Pilates exercise. Also included are techniques for breathing, concentration, and self-awareness, providing a unique exercise experience that enhances your body and your mind. Whether you are just beginning to explore the beauty and benefits of Pilates or have been practicing for years, Pilates Anatomy is a one-of-a-kind resource that you'll refer to again and again.
