RECOMMENDED BY DOLLY PARTON IN PEOPLE MAGAZINE! A NEW YORK TIMES BESTSELLER A USA TODAY BESTSELLER A LOS ANGELES TIMES BESTSELLER The bestselling historical fiction novel from Kim Michele Richardson, this is a novel following Cussy

Mary, a packhorse librarian and her quest to bring books to the Appalachian community she loves, perfect for readers of William Kent Kreuger and Lisa Wingate. The perfect addition to your next book club! The hardscrabble folks of Troublesome Creek have to scrap for everything—everything except books, that is. Thanks to Roosevelt's Kentucky Pack Horse Library Project, Troublesome's got its very own traveling librarian, Cussy Mary Carter.

Cussy's not only a book woman, however, she's also the last of her kind, her skin a shade of blue unlike most anyone else. Not everyone is keen on Cussy's family or the Library Project, and a Blue is often blamed for any whiff of trouble. If Cussy wants to bring the joy of books to the hill folks, she's going to have to confront prejudice as old as the Appalachias and suspicion as deep as the holler. Inspired by the true blue-skinned people of Kentucky and the brave and dedicated Kentucky

Pack Horse library service of the 1930s, *The Book Woman of Troublesome Creek* is a story of raw courage, fierce strength, and one woman's belief that books can carry us anywhere—even back home. What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of clandestine societies and the power they have wielded - from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world

collude covertly to start and stop wars, manipulate stock markets, maintain class distinctions, and even censor the news. Provocative and utterly compelling, *Rule by Secrecy* offers a singular worldview that may explain who we are, where we came from, and where we are going.

Learn about the legendary queen who ruled ancient Egypt for nineteen years. As the last pharaoh of

ancient Egypt, I ruled alone without the help of my husband. I was a powerful and courageous leader, and I passionately loved my people. Much has been written of my beauty, but I was also known for my composure, wit, and strength. I was a queen who was worshipped as a god. I am Cleopatra. To this day, Cleopatra remains a popular figure in Western culture, with books, plays, and movies devoted to her story. This biography follows her journey from its illustrious beginning to

its tragic end, with: illustrations throughout a timeline an introduction to the other people you'll meet in the book, such as Julius Caesar and Alexander the Great maps sidebars a top ten list of important things to know, and more

Children are taught much about the men who shaped early America, but history-shaping colonial women remain largely unknown and undiscussed. The Extraordinary Suzy Wright

sets about to change that, telling the little-known story of Quaker Susanna (Suzy) Wright (1697–1784), a renowned poet and political activist. Suzy helped settle the Pennsylvania frontier, where she acted as legal counselor to her less literate neighbors, preparing wills, deeds, indentures, and other contracts. Surviving documents and correspondence between Suzy and a host of her contemporaries—including Benjamin Franklin; James Logan,

Pennsylvania’s governor and chief justice; and a few signers of the Declaration of Independence—reveal that Suzy, from her home on the frontier, exerted considerable influence in the highest circles of Pennsylvania government. This fascinating and inspiring story includes an author’s note, bibliography, and index. *The Alcatraz Escape* Astra Publishing House

Workload transition is a potentially crucial problem in work situations wherein operators are faced with abrupt changes in task demands. People involved include military combat personnel, air-traffic controllers, medical personnel in emergency rooms, and long-distance drivers. They must be able to respond efficiently to sudden increases in workload imposed by a failure, crisis, or other, often unexpected, event. This book provides a

systematic evaluation of workload transition. It focuses on a broad spectrum of activities ranging from team cooperation to the maintenance of this problem on a theoretical level and offers several practical solutions.

"A truly profound debut."—Buzzfeed "A time-bending suspense that's contemplative and fresh, evocative and gripping."—USA Today "Henry's story captivates, both as a romance and as an imaginative rethinking of time and space."—Publishers Weekly "This time-traveling, magical, and beautifully written love story definitely deserves a spot on your

bookshelf."—Bustle Emily Henry's stunning debut novel is *Friday Night Lights* meets *The Time Traveler's Wife* and perfectly captures those bittersweet months after high school, when we dream not only of the future, but of all the roads and paths we've left untaken. Natalie's last summer in her small Kentucky hometown is off to a magical start . . . until she starts seeing the "wrong things." They're just momentary glimpses at first—her front door is red instead of its usual

green, there's a preschool where the garden store should be. But then her whole town disappears for hours, fading away into rolling hills and grazing buffalo, and Nat knows something isn't right. Then there are the visits from the kind but mysterious apparition she calls "Grandmother," who tells her, "You have three months to save him." The next night, under the stadium lights of the high school football field, she meets a beautiful boy named Beau, and it's as if time just stops and

nothing exists. Nothing, except Natalie and Beau.

Sleuthing duo Emily and James tackle their most challenging mystery yet set on the haunting Alcatraz Island in Book 3 of the New York Times bestselling Book Scavenger series! Legendary literary game-maker Garrison Griswold is back in action—this time with “Unlock the Rock.” For his latest game, Griswold has partnered with the

famous--and famously reclusive--mystery writer Errol Roy to plan an epic escape room challenge on Alcatraz Island. Emily and James are eager to participate, but the wave of fame they are riding from their recent book-hunting adventures makes them a target. Threatening notes, missing items, and an accident that might not have been an accident have the duo worried that someone is trying to get them out of the game at any cost. When Emily's brother is caught red-

handed and blamed for all the wrong doings, Emily is certain Matthew is being framed. With Matthew's record on the line, Emily and James can't afford to leave this mystery uncracked. Christy Ottaviano Books

From New York Times bestselling authors Laura Schroff and Alex Tresniowski comes the young readers edition of

an unbelievable memoir about an unlikely friendship that forever changed the lives of a busy sales executive and a hungry eleven-year-old boy. On one rainy afternoon, on a crowded New York City street corner, eleven-year-old Maurice met Laura. Maurice asked Laura for spare change because he was hungry, and something made Laura stop and ask Maurice if she could take him to lunch. Maurice and Laura went to lunch together, and also bought ice cream

cones and played video games. It was the beginning of an unlikely and magical friendship that changed both of their lives forever. *An Invisible Thread* is the true story of the bond between an eleven-year-old boy and a busy sales executive; a heartwarming journey of hope, kindness, adventure, and love—and the power of fate to help us find our way.

 comes a deeply moving  
 picture book memoir  
 about serving in the  
 segregated army during  
 World War II, and how  
 love and the pursuit of art  
 sustained him. In May of  
 1942, at the age of  
 eighteen, Ashley Bryan  
 was drafted to fight in  
 World War II. For the next  
 three years, he would face  
 the horrors of war as a  
 black soldier in a

segregated army. He endured the terrible lies white officers told about the black soldiers to isolate them from anyone who showed kindness—including each other. He received worse treatment than even Nazi POWs. He was assigned the grimmest, most horrific tasks, like burying fallen soldiers...but was told to remove the black soldiers first because the media didn't want them in their newsreels. And he waited and wanted so desperately to go home, watching every white

soldier get safe passage back to the United States before black soldiers were even a thought. For the next forty years, Ashley would keep his time in the war a secret. But now, he tells his story. The story of the kind people who supported him. The story of the bright moments that guided him through the dark. And the story of his passion for art that would save him time and time again. Filled with never-before-seen artwork and handwritten letters and diary entries, this illuminating and

moving memoir by Newbery Honor-winning illustrator Ashley Bryan is both a lesson in history and a testament to hope. Book Wagons Jist Publishing

Global value chains (GVCs) powered the surge of international trade after 1990 and now account for almost half of all trade. This shift enabled an unprecedented economic convergence: poor countries grew rapidly and began to catch up with richer countries. Since the 2008 global

financial crisis, however, the growth of trade has been sluggish and the expansion of GVCs has stalled. Meanwhile, serious threats have emerged to the model of trade-led growth. New technologies could draw production closer to the consumer and reduce the demand for labor. And trade conflicts among large countries could lead to a retrenchment or a segmentation of GVCs. World Development Report 2020: Trading for Development in the Age

of Global Value Chains examines whether there is still a path to development through GVCs and trade. It concludes that technological change is, at this stage, more a boon than a curse. GVCs can continue to boost growth, create better jobs, and reduce poverty provided that developing countries implement deeper reforms to promote GVC participation; industrial countries pursue open, predictable policies; and all countries revive multilateral cooperation.
