The true story of one of pro wrestling’s most charismatic, feared, and beloved icons Who was Maurice the man, and who was Mad Dog the character? Maurice ÓMad DogÓ Vachon was a gold medalist, a pro-wrestling legend, and a pop culture icon Ñ but he was also a son, husband, and father. Mad Dog explores Vachon’s career and personal struggles with painstakingly detailed historical research and through both Maurice’s own recollections and those of the people who knew him best. As a young man, Maurice could have chosen a dark criminal path, but then wrestling and family changed him. Chronicling his slow but steady rise to prominence across America and internationally in some of pro wrestling’s most important territories, this in-depth biography shows how Vachon’s life came to be defined by the words of Mark Twain: ÓIt’s not the size of the dog in the fight, it’s the size of the fight in the dog.Ó Fiercely proud, motivated, and supremely talented, Vachon’s story is also the amazing tale of how a lifelong make-believe heel became a real-life hero outside of the ring. With a foreword by his brother, Paul Vachon, and an afterword by his widow, Kathie Vachon.

Why would Doug Hall follow in Robert Peary's 1909 sled tracks to the North Pole, despite the grueling terrain and temperatures between 15 and 62 degrees below zero? His goal was to resurrect the spirit of Peary's journey in a world increasingly driven by instant gratification, short term business focus, and lack of sustained dedication to great causes. Peary succeeded where some 578 expeditions before him had failed. North Pole Tenderfoot is Doug's attempt to let the reader experience what is possible when one does what Peary did: think big.

Tales from a Wandering Mind Graphic Arts Books

"You will find my story is a lot like pie, a strawberry-rhubarb pie. It's bitter. It's messy. It's got some

sweetness, too. Sometimes the ingredients get added in the wrong order, but it has substance, it will warm your insides, and even though it isn't perfect, it still turns out okay in the end." When journalist Beth M. Howard's young husband dies suddenly, she packs up the RV he left behind and hits the American highways. At every stop along the way—whether filming a documentary or handing out free slices on the streets of Los Angeles—Beth uses pie as a way to find purpose. Howard eventually returns to her Iowa roots and creates the perfect synergy between two of America's greatest icons—pie and the American Gothic House, the little farmhouse immortalized in Grant Wood's famous painting, where she now lives and runs the Pitchfork Pie Stand. *Making Piece* powerfully shows how one courageous woman triumphs over tragedy. This beautifully written memoir is, ultimately, about hope. It's about the journey of healing and recovery, of facing fears, finding meaning in life again, and moving forward with purpose and, eventually, joy. It's about the nourishment of the heart and soul that comes from the simple act of giving to others, like baking a homemade pie and sharing it with someone whose pain is even greater than your own. And it tells of the role of fate, second chances and the strength found in community.

It is about his gratitude for living modestly and pushing life to the limits. It will make you laugh. It will make you cry.

He takes off after them, as does an irritatingly tenacious bail bondsman, both following the romantic couple's spending as far as Mexico. There Ray meets Dr Reo Symes, the seemingly down-on-his-luck and rather eccentric owner of a beaten

up and broken down bus, who needs a ride to Belize. The further they drive, in a car held together by coat-hangers and excesses of oil, the wilder their journey gets. But they're not going to give up easily.

NEW YORK TIMES BESTSELLER “As sweet and funny and sad and true and heartfelt a memoir as one could find.” —from the foreword by Augusten Burroughs Ever since he was young, John Robison longed to connect with other people, but by the time he was a teenager, his odd habits—an inclination to blurt out non sequiturs, avoid eye contact, dismantle radios, and dig five-foot holes (and stick his younger brother, Augusten Burroughs, in them)—had earned him the label “social deviant.” It was not until he was forty that he was diagnosed with a form of autism called Asperger’s syndrome. That understanding transformed the way he saw himself—and the world. A born storyteller, Robison has written a moving, darkly funny memoir about a life that has taken him from developing exploding guitars for KISS to building a family of his own. It’s a strange, sly, indelible account—sometimes alien yet always deeply human.

Forty Acres and a Fool Villard

The New York Times–bestselling author Donald McCaig has established an expansive literary career, founded equally on books about working sheepdogs and the Civil War novels Jacob’s Ladder and Rhett Butler’s People, the official sequel to *Gone with the Wind*. In his new book, *Mr. and Mrs. Dog*, McCaig draws on twenty-five years of experience raising sheepdogs to vividly describe his—and his dogs June and Luke’s—unlikely progress toward and participation in the World Sheepdog Trials in Wales. McCaig engagingly chronicles the often grueling experience—through rain, snow, ice storms, and brain-numbing heat—of preparing and trialing Mrs. Dog, June, “a foxy lady in a slinky black-and-white peignoir,” and Mr. Dog, Luke, “a plain worker—no flash to him.” Along the way, he relays sage advice from his decades spent talking with America’s most renowned dog experts, from police-dog trainers to positive-training gurus. As readers of McCaig’s novels will expect, Mr. and Mrs. Dog delivers far more than straightforward dog-training tips. Revealing an abiding love and respect for his dogs, McCaig unveils the life experiences that set him on the long road to the Welsh trial fields. Starting with memories of his

first dog, Rascal, and their Montana roadtrip in a '48 Dodge, McCaig leads us into his thirties, when he abandons his New York advertising career to move to a run-down Appalachian sheep farm in the least populous county in Virginia. This 1960s agrarian adventure ultimately brings McCaig, Luke, and June to the Olympics of sheepdog trials. In his narration of one man's love for his dogs, McCaig offers a powerful portrayal of the connection between humans and their animal companions.
