"The Long Island Serial Killer Murders Gilgo Beach and Beyond" is based on one of the most notorious serial killer cases of our time. The work is a nonfictional / fictional accounting, synonymous with New Journalism. The novel is an exposé uncovering a corrupt group of high-ranking police officials working within one of the largest law enforcement departments in the country; that is, the Suffolk County Police Department. The story shines a light upon a cast of discreditable characters, one of whom is currently under suspicion of murder(s) as well as the unquestionable abuse of power. It is a true-life story of cover-up, conceit, and conspicuously bad behavior by a host of bad actors. It was simply a matter of connecting the dots to arrive at this terrifying conclusion. Those who are familiar with the case will recognize the names of those characters portrayed,

their criminal offenses, and the precise locations of where these crimes took place. A good portion of this work was written in real time referencing the outbreak of the coronavirus. Therefore, you will note the progression of the pandemic as the story unfolds.

Eva Traube Abrams, a semiretired librarian in Florida, is at the returns desk one morning when her eyes lock on to a photograph in a newspaper nearby. She freezes; it's an image of a book she hasn't seen in sixty-five years--a book she recognizes as the Book of Lost Names. The accompanying article describes the looting of libraries across Europe by the Nazis during World War II--an experience Eva remembers all too well. As a graduate student in 1942, Eva was forced to flee Paris after the arrest of her father, a Polish Jew. Finding refuge in a small mountain town in the Free Zone, she begins forging identity documents for Jewish children fleeing to neutral Switzerland. But erasing people comes with a price, and along with a mysterious, handsome forger named

Rémy, Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are. The records they keep in the Book of Last Names will become even more vital when the Resistance cell they work with is betrayed and Rémy disappears. As the Germans close in, Eva records a last, vital message in the book. Decades later, does she have the strength to seek out its answer--and help reunite those lost during the war?

The crime-infested intersection of West Fayette and Monroe Streets is well-known--and cautiously avoided--by most of Baltimore. But this notorious corner's 24-hour open-air drug market provides the economic fuel for a dying neighborhood. David Simon, an award-winning author and crime reporter, and Edward Burns, a 20-year veteran of the urban drug war, tell the chilling story of this desolate crossroad. Through the eyes of one broken family--two drug-addicted adults and their smart, vulnerable 15-year-old son, DeAndre McCollough, Simon and Burns examine the sinister realities of inner cities across the country and unflinchingly assess why law enforcement policies, moral crusades, and the welfare system have accomplished so little. This extraordinary book is a crucial look at the price of the drug culture and the poignant scenes of hope, caring, and love that astonishingly rise in the midst of a place America has abandoned.

The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “A brilliant genre-buster.... Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called “the Golden State Killer.” Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I’ll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman’s obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which

fulfilled Michelle's dream: helping unmask the Golden State Killer. *The Workout Journal and Roadmap* Diversion Books The New York Times–bestselling author’s “haunting, compassionate, and terrifyingly true” story of a man breaking free from his notorious past (Gregg Olson, New York Times–bestselling author of *Starvation Heights*). From 1926 to 1928, Gordon Stewart Northcott committed at least twenty murders on a chicken ranch outside of Los Angeles. He held his nephew, Sanford Clark, captive there from the age of thirteen to fifteen. Sanford would be Northcott’s sole surviving victim. Forced by Northcott to take part in the murders, he carried tremendous guilt all his life. Yet despite his youth and the trauma he endured, Sanford helped gain justice for the dead and their families by testifying at the trial that led to Northcott’s execution. These shocking events inspired Clint Eastwood’s film *The Changeling*. But in *The Road Out of Hell*, acclaimed crime writer Anthony Flacco uses revelatory new accounts from Sanford’s son to tell the complete, true story. Going beyond the film’s narrative, Flacco recounts not only Sanford’s nightmarish captivity, but also the inspiring life he led afterward. In dramatizing one of the darkest cases in American crime, Flacco constructs a riveting psychological drama about how Sanford was able to detoxify himself from the evil he’d encountered, offering the ultimately redemptive story of one man’s remarkable ability to survive hell on earth and emerge intact.

impossible to put down." —Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. *American Predator* is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer,

and to the limitations of traditional law enforcement.

**The Hot One** Simon and Schuster  
“The delicacy of [Young’s] writing elevates the drama and gives her two central characters depth and backbone... For all the beauty of Young’s writing, her novel is a dark one...And the murder mystery that drives it is as shocking as anything you’re likely to read for a good long while.” — New York Times Book Review  
A stunning novel that examines the price of loyalty, the burden of regret, the meaning of salvation, and the sacrifices we make for those we love, told in the voices of two unforgettable women linked by a decades-old family mystery at a picturesque lake house. In 1935, six-year-old Emily Evans vanishes from her family’s vacation home on a remote Minnesota lake. Her disappearance destroys the family—her father commits suicide, and her mother and two older sisters spend the rest of their lives at the lake house, keeping a decades-long vigil for the lost child. Sixty years later, Lucy, the quiet and watchful middle sister, lives in the lake house alone. Before her death, she writes the story of that devastating summer in a notebook that she leaves, along with the house, to the only person who might care: her grandniece, Justine. For Justine, the lake house offers freedom and stability—a way to escape her manipulative boyfriend and give her daughters the home she never had. But the long Minnesota winter is just beginning. The house is cold and dilapidated. The dark, silent lake is isolated and eerie. Her only neighbor is a strange old man who seems to know more about the summer of 1935 than he’s telling. Soon Justine’s troubled oldest daughter becomes obsessed with Emily’s disappearance, her mother

arrives to steal her inheritance, and the man she left launches a dangerous plan to get her back. In a house haunted by the sorrows of the women who came before her, Justine must overcome their tragic legacy if she hopes to save herself and her children.

**The Two Lost Girls** HarperCollins  
The true story of a cold case, a compulsive liar, and five determined detectives, from the #1 New York Times–bestselling author and “master journalist” (The Wall Street Journal). On March 29, 1975, sisters Katherine and Sheila Lyons, ages ten and twelve, vanished from a shopping mall in suburban Washington, DC. As shock spread, then grief, a massive police effort found nothing. The investigation was shelved, and the mystery endured. Then, in 2013, a cold case squad detective found something he and a generation of detectives had missed. It pointed them toward a man named Lloyd Welch, then serving time for child molestation in Delaware. The acclaimed author of *Black Hawk Down* and *Hue 1968* had been a cub reporter for a Baltimore newspaper at the time of the original disappearance, and covered the frantic first weeks of the story. In *The Last Stone*, he returns to write its ending. Over months of intense questioning and extensive investigation of Welch’s sprawling, sinister Appalachian clan, five skilled detectives learned to sift truth from determined lies. How do you get a compulsive liar with every reason in the world to lie to tell the truth? *The Last Stone* recounts a masterpiece of criminal interrogation, and delivers a chilling and unprecedented look inside a disturbing criminal mind. “One of our best writers of muscular nonfiction.” —The Denver Post  
“Deeply unsettling . . . Bowden

displays his tenacity as a reporter in his meticulous documentation of the case. But in the story of an unimaginably horrific crime, it's the detectives' unwavering determination to bring Welch to justice that offers a glimmer of hope on a long, dark journey." —Time

The New York Times bestselling author takes readers on "a fascinating journey into the trenches of crime [investigation]"—now revised and updated (Lowell Cauffiel, New York Times bestselling author). A body stuffed in a car trunk swallowed by the swirling, muddy waters of the Missouri River. A hiker brutally murdered, then thrown off a steep embankment in a remote mountain range. A devious killer who hid his wife's body under a thick cement patio. For investigators, the story is often the same: they know a murder took place, they may even know who did it; but without key evidence, or a body, pursuing a conviction is nearly impossible. That's when they call NecroSearch International, a brain trust of the nation's top scientists in a wide variety of fields, who along with law enforcement, use the latest technology and field techniques to locate clandestine graves and hidden secrets to solve "unsolvable" crimes. In *No Stone Unturned*, Steve Jackson—who became a member of NecroSearch International in 2015—gives a captivating, insider's look into a realm of crime investigation of which few people are aware. "The book covers the group's quirky beginnings and digs into its most important cases suspensefully; Jackson's sharp eye misses nothing in the painstakingly rendered details. A must-have for true crime fans, it should also be of great interest to anyone fascinated with the

practical applications of science."—Publishers Weekly (starred review) "Delves into cases that would make good novels, but they're real. Furthermore, he describes a group of uncommon people performing uncommon tasks, and he does it with respect, accuracy and genuine style."—Ron Franscell, bestselling author of *Alice & Gerald: A Homicidal Love Story* Knopf

New York Times Bestseller • Now a Netflix Film "Rich, tragic...monumental . . . true-crime reporting at its best."—Washington Post The bestselling account of the lives of five young women whose fates converged in the perplexing case of the Long Island Serial Killer. Now updated, with a new epilogue by the author. One late spring evening in 2010, Shannan Gilbert—after running through the oceanfront community of Oak Beach screaming for her life—went missing. No

one who had heard of her disappearance thought much about what had happened to the twenty-four-year-old: she was a Craigslist escort who had been fleeing a scene—of what, no one could be sure. The Suffolk County police, too, seemed to have paid little attention—until seven months later, when an unexpected discovery in a bramble alongside a nearby highway turned up four bodies, all evenly spaced, all wrapped in burlap. But none of them Shannan’s. There was Maureen Brainard-Barnes, last seen at Penn Station in Manhattan three years earlier, and Melissa Barthelemy, last seen in the Bronx in 2009. There was Megan Waterman, last seen leaving a hotel in Hauppauge, Long Island, just a month after Shannon’s disappearance in 2010, and Amber Lynn Costello, last seen leaving a house in West Babylon a few months later that same year. Like Shannan, all four women were petite, in their twenties, and had come from out of town to work as escorts, and they all had advertised on Craigslist and its competitor, Backpage. *Lost Girls* is a portrait of unsolved murders in an idyllic part of America, of the underside of the Internet, and of the secrets we keep without admitting to ourselves that we keep them. Long considered “one of the best true-crime books of all time” (Time), this edition includes a new epilogue that speaks to developments in the case, including the shocking fate of Mari Gilbert, Shannan’s mother, for whom this case became the crusade of a lifetime. [Summary and Analysis of Lost Girls: An Unsolved American Mystery](#) Macmillan

In this remarkable memoir, a harrowing true story of family, violence, guilt and atonement, a journalist reflects on his own journey to come to terms with his brother’s terrible crimes—and to find justice for the young girl he killed. In the gritty docklands of south-east England, Alix Sharkey and his younger siblings grew up in awe of their charismatic yet violent father, a vicious alcoholic. Yet it was Alix’s kid brother Stuart—button-cute and fearless—who defended his siblings at home, at school and on the streets. Their fraternal bond was deep and powerful until Alix moved away from their rough hometown. Stuart remained—and slid into a furtive life of sexual violence against teenage girls, punctuated by prison time. Having started out inseparable, their paths diverged radically. Alix became a journalist, cosmopolitan and bilingual, working for upmarket media in London, Paris, New York, and Los Angeles. Today, Stuart remains incarcerated in Britain’s most notorious high security prison, awaiting imminent parole. Twenty years ago, he was convicted of the kidnap and murder of his 15-year old niece Danielle, daughter of his wife’s brother. Despite his conviction, a lost appeal, and repeated pleas by her parents, Stuart has steadfastly refused to reveal the location of his victim’s remains, condemning the girl’s parents to two

decades of unresolved grief. How do two brothers choose such different paths? Could anything have prevented Stuart from becoming a killer? What factors contributed to his fall? What does Alix owe to Stuart—the fiercely protective kid brother—and what does he owe to the truth? With the clock ticking, can he convince Stuart to do the right thing and give the victim’s family the closure and peace they’ve sought for so long? Or will Stuart walk free, unrepentant and defiant? In this piercing and unforgettable memoir, laced with bleak irony and heartrending honesty, Alix tackles these questions and confronts a harsh reality: that the younger brother he once adored not only deceived their own family for decades, but destroyed another with his truly heinous crime.
