NEW YORK TIMES BESTSELLER • From the

governor-elect of Maryland, the "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world.

Did you know that an estimated 5,000 blacks were an early and integral part of the California Gold Rush? Did you know that black history in California precedes Gold Rush history by some 300 years? Did you know that in California during the Gold Rush, blacks created one of the wealthiest, most culturally advanced, most politically active communities in the nation? Few people are aware of the intriguing, dynamic often wholly inspirational stories of African American argonauts, from backgrounds as diverse as those of their less sturdy- complexioned peers. Defying strict California fugitive slave laws and an unforgiving court testimony ban in a state that declared itself free, black men and women combined skill, ambition and courage and rose to meet that daunting challenge with dignity, determination and even a certain elan, leaving behind a legacy that has gone starkly under-reported. Mainstream history tends to contribute to the illusion that African Americans were all but absent from the California Gold Rush experience. This remarkable book, illustrated with dozens of photos, offers definitive contradiction to that illusion and opens a door that leads the reader into a forgotten world long shrouded behind the shadowy curtains of time."

The Jamaican writer and cultural theorist Sylvia Wynter is best known for her

diverse writings that pull together insights from theories in history, literature, science, and black studies, to explore race, the legacy of colonialism, and representations of humanness. *Sylvia Wynter: On Being Human as Praxis* is a critical genealogy of Wynter's work, highlighting her insights on how race, location, and time together inform what it means to be human. The contributors explore Wynter's stunning reconceptualization of the human in relation to concepts of blackness, modernity, urban space, the Caribbean, science studies, migratory politics, and the interconnectedness of creative and theoretical resistances. The collection includes an extensive conversation between Sylvia Wynter and Katherine McKittrick that delineates Wynter's engagement with writers such as Frantz Fanon, W. E. B. DuBois, and Aimé Césaire, among others; the interview also reveals the ever-extending range and power of Wynter's intellectual project, and elucidates her attempts to rehistoricize humanness as praxis.
