This book provides an overview of the history and evolution of tourism to the present, and speculates on possible and probable change into the future. It discusses significant travel, tourism and hospitality

events while referring to tourism-related notions and theories that have been developed since the beginnings of tourism. Its scope moves beyond a comprehensive historical account of facts and events. Instead, it bridges these with contemporary issues, challenges and concerns, hence enabling readers to connect tourism past with the present and

future. This textbook aspires to enhance readers' comprehension of the perplexed system of tourism, promoting decision-making and even the development of new theories. This book will be of great interest to academics, practitioners and students from a wide variety of disciplines, including tourism, hospitality, events, sociology, psychology, philosophy,

history and human geography. Being Heumann Large Print Edition Boydell Press "Simple solutions for survival in this family-unfriendly culture...Eye-opening...heart-wrenching and uplifting."—San Francisco Chronicle Even more resonant today than at its original publication in 1996, *The Shelter of Each Other* traces the effects of our society's "anti-family"

way of life, where parents are overtaxed, children are undersupervised, and technology is rapidly dictating how we interact. As she did in her number-one bestseller *Reviving Ophelia*, Mary Pipher illuminates how our families are suffering at the hands of shifting cultural norms, and she snaps our gaze into crisp focus. Drawing on the fascinating stories of families rich

and poor, angry and despairing, religious and skeptical, and probing deep into her own family memories and experiences, Pipher clears a path to the strength and energy at the core of family life. Compassionate and heart-wrenching, *The Shelter of Each Other* is an impassioned call for us to gather our families in our arms and hold on to them for dear life. *Dancing Times* Springer Since 1957,

As the year goes on, Mrs. Muddle creates a unique holiday for each month, and all of Katie's friends get in on the fun.

Then Katie comes up with a special holiday of her own, and Mrs. Muddle Day is the biggest celebration her neighborhood has ever seen! The particular joys of each season are brought to life in lively, entertaining watercolor-and-ink illustrations by Thomas F. Yezerski. Jake, hack writer and sponger, now penniless flat-hunter, seeks

out an old girlfriend, Anna Quentin, and her glamorous actress sister, Sadie. He resumes acquaintance with the formidable Hugo, whose 'philosophy' he once presumptuously dared to interpret. These meetings involve Jake and his eccentric servant-companion, Finn, in a series of adventures that include the kidnapping of a film-star dog and a political

riot on a film set of ancient Rome. Jake, fascinated, longs to learn Hugo's secret. Perhaps Hugo's secret is Hugo himself? Admonished, enlightened, Jake hopes at last to become a real writer. **It's Never Going to Work: A Tale of Art and Nonprofits in the Minneapolis Community** "O'Reilly Media, Inc." Misericord carvings present a fascinating corpus of medieval art which, in turn,

complements our knowledge of life and belief in the late middle ages. Subjects range from the sacred to the profane and from the fantastic to the everyday, seemingly giving equal weight to the scatological and the spiritual alike. Focusing specifically on England - though with cognisance of broader European contexts - this volume offers an analysis of misericords in relation to other cultural artefacts of

the period. Through a series of themed "case studies", the book places misericords firmly within the doctrinal and devotional milieu in which they were created and sited, arguing that even the apparently coarse images to be found beneath choir stalls are intimately linked to the devotional life of the medieval English Church. The analysis is complemented by a

gazetteer of the most notable instances. Dr Paul Hardwick is Professor in English, Leeds Trinity University College. The Publishers Weekly SAGE Flowers Cracking Concrete is the first in-depth study of the forty-year career of Eiko & Koma—two artists from Japan who have lived and worked in New York City since the mid-1970s, establishing themselves as innovative and influential modern and

postmodern dancers. They continue to choreograph, perform, and give workshops across the United States and around the world. Rosemary Candelario argues that what is remarkable about Eiko & Koma's dances is not what they signify but rather what they do in the world. Each chapter of the book is a close reading of a specific dance that reveals a choreographic theme or concern.

Drawing on interviews, live performance, videos, and reviews, Candelario demonstrates how ideas have kinesthetically and choreographically cycled through Eiko & Koma's body of work, creating dances deeply engaged with the wider world through an active process of mourning, transforming, and connecting.

"...an essential and engaging look at recent disability history."—
Buzzfeed One of the most influential disability rights activists in US history tells her personal story of fighting for the right to receive an education, have a job, and just be human. A story of fighting to belong in a world that wasn't built for all of us

and of one woman's activism—from the streets of Brooklyn and San Francisco to inside the halls of Washington—Being Heumann recounts Judy Heumann's lifelong battle to achieve respect, acceptance, and inclusion in society. Paralyzed from polio at eighteen months, Judy's struggle for equality began early in life. From fighting to attend grade school after being

described as a "fire hazard" to later winning a lawsuit against the New York City school system for denying her a teacher's license because of her paralysis, Judy's actions set a precedent that fundamentally improved rights for disabled people. As a young woman, Judy rolled her wheelchair through the doors of the US Department of Health, Education,

and Welfare in San Francisco as a leader of the Section 504 Sit-In, the longest takeover of a governmental building in US history. Working with a community of over 150 disabled activists and allies, Judy successfully pressured the Carter administration to implement protections for disabled peoples' rights, sparking a national movement and leading to the creation of the Americans with

Disabilities Act. Candid, intimate, and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.

Lisa Niemi and Patrick Swayze first met as teenagers at his mother's dance studio. He was older and just a bit cocky; she

was the gorgeous waif who refused to worship the ground he walked on. It didn't take long for them to fall in love. Their thirty-four year marriage -- which they explored together in *The Time of My Life* -- was a uniquely passionate partnership. Now, for the first time, Lisa will share what it was like to care for her husband as he battled Stage IV pancreatic cancer, and will describe his last days

when she simply tried to keep him comfortable. She writes searingly about her grief in the aftermath of Patrick's death, and candidly discusses the challenges that the past fourteen months without him have posed. But while this is an emotionally honest and unflinching depiction of illness, death, and loss, it is also a hopeful and life-affirming exploration of the power of

the human spirit. Lisa shows that no matter how dark the prospect of another day may seem, there are always reserves of strength to call upon, and the love shared between two people will never truly die.

 Allâ Essays on Women and Performance in Eighteenth-Century England considers the relationship between British women and various modes of performance in the long eighteenth century. From the moment Charles II was

restored to the English throne in 1660, the question of women's status in the public world became the focus of cultural attention both on and off the stage. In addition to the appearance of the first actresses during this period female playwrights, novelists, poets, essayists, journalists, theatrical managers and entrepreneurs emerged as skillful and often demanding

professionals. In this variety of new roles, eighteenth-century women redefined shifting notions of femininity by challenging traditional representations of female subjectivity and contributing to the shaping of eighteenth-century society's attitudes, tastes, and cultural imagination. Recent scholarship in eighteenth-century studies reflects a heightened

interest in fame, the rise of celebrity culture, and new ways of understanding women's participation as both private individuals and public professionals. What is unique to the body of essays presented here is the author's focus on performance as a means of thinking about the ways in which women occupied, negotiated, reimagined, and challenged the world outside of the
