Can you imagine this scene - Arthur Griffith, in the esteemed company of William Butler Yeats, George Moore and Douglas Hyde standing on the Hill of Tara? Not out for a walk or a discussion about contemporary culture, but waging a protest about the exploratory dig on the hill for the Ark of the Covenant, the gold

encrusted oak box which contains the stone tablets that Moses brought down from Mount Sinai. Then Maud Gonne arrives, lights a bonfire and starts singing "A Nation Once Again" at the top of her voice. Then the man who owns that land arrives and threatens to shoot them This actually happened at the turn of the century in Co. Meath. Between 1899 and 1902, a group known as the British-Israelites dug the Hill of Tara in their quest to find the Ark of the Covenant. Tara and the

Ark of the Covenant describes the story of this excavation and places it in its archaeological, historical, cultural and political context. It describes the reasons for the British-Israelites expedition and the involvement of the Freemasons in their quest.

tropes of early modern English culture. Showing the importance of Jerusalem's destruction in sermons, ballads, puppet shows and provincial drama of the period, Beatrice Groves brings a new perspective to works by canonical authors such as Marlowe, Nashe, Shakespeare, Dekker and Milton. The volume also offers a historically compelling and wide-ranging account of major shifts in cultural attitudes towards Judaism by situating texts in their wider cultural and

theological context. Groves examines the continuities and differences between medieval and early modern theatre, London as an imagined community and the way that narratives about Jerusalem and Judaism informed notions of English identity in the wake of the Reformation. Adopting an interdisciplinary approach, this volume will interest researchers and upper-level students of early modern literature, religious studies and

theatre.

It is one of the commonplaces of history that adverse circumstances offer no obstacle to men of outstanding energy and ability. Douglas Reed, who described himself as "relatively unschooled," started out in life as an office boy at the age of

thirteen and he was a bank clerk at nineteen before enlisting at the outbreak of World War I. A less promising preparation for a man destined to be one of the most brilliant political analysts and descriptive writers of the century could hardly be imagined. He was already 26 years old when he reached the London Times in 1921 as a telephonist and clerk; and he was 30 when he finally reached journalism as sub-editor. Three years later he became assistant Times correspondent in

Berlin before moving on to Vienna as Chief Central European correspondent. Reed broke with the Times in October 1943, near the time of the appearance of a book which was to win him instant world fame: *INSANITY FAIR*, a charming combination of autobiography and contemporary history. This was followed by more best sellers in quick succession. Commencing in 1951, Douglas Reed spent more than three years writing *THE CONTROVERSY OF ZION* -

all 300,000 words of it. He completed the epilogue in 1956. Although there is correspondence to show that the book was once discussed with his publisher, the manuscript was never submitted, but remained for 22 years stowed away in Reed's home in Durban, South Africa. The question remains. Why?
