Les voiles qui lui volaient son père
Fernando au large de Napoli mirent
longtemps à disparaître derrière
l'horizon dans l'esprit de la petite Inés de
Argote. Mais de fillette, on devient
inexorablement jeune femme un jour.
Son existence sera-t-elle marquée à
jamais par cet abandon nécessaire ?
Deviendra-t-elle la grande Dame
présagée par sa mère dans son agonie ?
Sa beauté, son intelligence et sa culture
suffiront-elles à lui garantir la liberté que
peu de femmes de la Renaissance
pouvaient prétendre atteindre dans
l'Italie de la fin du XVIe siècle ? Ce
deuxième tome de la saga des Grana
nous introduit dans la vie intime et
sociale d'une Inés en marche vers son

destin. Pour ceux qui aiment le récit de vies réelles tellement riches qu'elles n'ont guère besoin d'être brodées, ou si peu, pour devenir roman.

International Catalogue of Scientific Literature Cambridge University Press
Early modern Naples has been characterized as a marginal, wild and exotic place on the fringes of the European world, and as such an appropriate target of attempts, by Catholic missionaries and others, to 'civilize' the city. Historiographically bypassed in favour of Venice, Florence and Rome, Naples is frequently seen as emblematic of the cultural and political decline in the Italian peninsula and as epitomizing the problems of southern Italy. Yet, as this volume makes plain, such views blind us to some of its most

extraordinary qualities, and limit our understanding, not only of one of the world's great capital cities, but also of the wider social, cultural and political dynamics of early modern Europe. As the centre of Spanish colonial power within Europe during the vicerealty, and with a population second only to Paris in early modern Europe, Naples is a city that deserves serious study. Further, as a Habsburg dominion, it offers vital points of comparison with non-European sites which were subject to European colonialism. While European colonization outside Europe has received intense scholarly attention, its cultural impact and representation within Europe remain under-explored. Too much has been taken for granted. Too few questions have been posed. In the sphere of the

visual arts, investigation reveals that Neapolitan urbanism, architecture, painting and sculpture were of the highest quality during this period, while differing significantly from those of other Italian cities. For long ignored or treated as the subaltern sister of Rome, this urban treasure house is only now receiving the attention from scholars that it has so long deserved. This volume addresses the central paradoxes operating in early modern Italian scholarship. It seeks to illuminate both the historiographical pressures that have marginalized Naples and to showcase important new developments in Neapolitan cultural history and art history. Those developments showcased here include bot

Catalogue of the Libraries of the

Late Chevalier Bernardoni BoD – Books on Demand

This book deals with various aspects of musical life at the Aragonese court of Naples, from its establishment in 1442 to its demise in the opening years of the sixteenth century. An opening chapter gives a general historical-cultural background of the court. The author then discusses the royal chapel and its most important members, as well as other important musicians who were in Naples but who had no known ties with the court in an official sense. He goes on to describe the various types of secular music at the court and the music manuscripts compiled in and around Naples. The importance of the book lies in its attempt to synthesize all that is known about music at Naples - both from

discovered archival sources and from the scholarly literature of specialized studies. The second part of the book contains a collection of 18 pieces, edited from Neapolitan manuscripts, which illustrate the earlier chapter on the repertory.

Cet ebook est une version numérique du

guide papier sans interactivité additionnelle. Naples est une ville inouïe avec ses rues grouillantes et colorées, sa population joyeuse et bruyante, son linge suspendu aux fenêtres, ses quartiers populaires et labyrinthiques et son front de mer interminable. Amateurs de vieilles pierres foncez jusqu'à Herculaneum et surtout Pompéi et si l'envie vous prend de prendre le large, rien de mieux que d'aller découvrir Capri ou Ischia profiter de ses stations thermales, à moins que vous ne préfériez la minuscule île de Procida... la plus secrète. Le Routard Naples (avec la côte Amalfitaine) c'est aussi une première partie haute en couleur avec des cartes et des photos, pour découvrir plus facilement la ville et ses environs et repérer nos coups de cœur ; des

adresses souvent introuvables ailleurs ; des visites culturelles originales en dehors des sentiers battus ; des infos remises à jour chaque année ; des cartes et plans détaillés. Merci à tous les Routards qui partagent nos convictions : Liberté et indépendance d'esprit ; découverte et partage ; sincérité, tolérance et respect des autres !
