Manual of American English Pronunciation GRIN Verlag
American Accent Drills for British and Australian Speakers provides a comprehensive guide to learning a "General American" accent, made specifically for native English speakers. Unlike most American accent guides, which are geared toward ESL learners, this handbook covers only the shifts that English speakers need to make - nothing more, nothing less. In addition to vowel and consonant drills, it covers the finer points of American intonation and elision, features that often elude English speakers of other dialects. Finally, it provides exercises for "owning" the dialect, finding authenticity and making it work for each individual actor in their own way. This is an excellent resource for students of speech and dialects, actors from the UK, Australia, and New Zealand, and advanced ESL learners who need to use an American accent on screen or on stage. American Accent Drills for British and Australian Speakers also includes access to downloadable audio files of the practice drills featured in the book, to help students practice and perfect their American accent.

Barron'S American Accent Training (5 Cd Free) Createspace Independent Pub

Directed to speakers of English as a second language, a multimedia guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

SpeakUp! Lingual Arts

Five audio CDs and one guide book. Focussing on the core English pronunciation problems, 'Accent America! Essentials' addresses the needs of non-native speakers who desire to express themselves more clearly and confidently. The practice exercises on the audio CDs along with explanations and illustrations in the guide book will help develop the fundamental features of an American accent. The book is for those who can speak and understand English but wish to reduce their native accent to build self-confidence and thus better their careers.

Awesome Accent Accent Reduction Institute

Optimized for use as an eBook, American Accent Training is a great training tool for classroom or for personal use! In recent years, this title has gained wide respect as a self-teaching program, but more and more speech trainers, teachers, and speech therapists report that they are also using it as a valuable teaching tool in their speech classes. The program goes where no American accent training tool has gone before, providing highly innovative instruction for both students and business people. The structure of the book has been reorganized, offering students a much more clear and direct sequence of lessons and a path to better understanding. The online audio component features professional male and female voices that have been carefully selected to represent authentic American pronunciation and intonation. Pronunciation exercises encompass all vowel sounds,

consonants, blends, and diphthongs Emphasis on linking, or phonetically transcribed sound liaisons, help students "see" the correct sounds. Designed for foreign-born students and business people working, traveling, or studying in the United States and Canada. Supplementary materials include detailed nationality guides for 11 languages (Chinese, Japanese, Indian, Spanish, French, German, Russian, Korean, Arabic, the U.S. Southern accent, and African languages). More valuable features include access to a comprehensive website, and referral to a qualified telephone analyst for an individual diagnostic speech analysis. American Accent Training Book Sakha Global Books (Sakha Books)

Are your nerves rankled by American English? Does your face grow splotchy in patches when you stumble through your 'trouble words'? When facing a speaking engagement, do you drag your feet, imagining a minefield of lava pits? Speech instructor Ivan Borodin has taught accent reduction for two decades, researching the most efficient methods. This manual presents a proven technique that is based on the premise that a convincing American accent begins with the production of the consonants. This concise manual is fully supported by a series of free YouTube videos. Don't delay. Start now to strive for your ideal speech. Presenting yourself with a clear American accent will wake up your listeners to the power of your words.

Manual of American English Pronunciation for Adult Foreign Students Simon and Schuster

Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and

much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds. Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product.

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1951.

American accent training Penton Overseas, Inc

Seminar paper from the year 2015 in the subject English Language and Literature Studies - Linguistics, , course: Phonetics and Phonology, language: English, abstract: This term paper aims to carve out the differences and similarities between the pronunciation of Received Pronunciation and General American by surveying Svartvik and Leech's quote: „...if we study the main standardized varieties of American English (AmE) and British English (BrE), we come to the conclusion that in pronunciation they are clearly different, but generally mutually intelligible“ (Svartvik & Leech, 2006:157). A close analysis will reveal to which extent one can agree with their statement. Firstly, general information about the two accents will be presented. Secondly, a comparison of RP and GA with regard to rhoticity, consonants, vowels, word stress and intonation examines phonological similarities and differences of both accents. A final conclusion sums up the findings with reference to the quote.

Accent Reduction Plural Publishing

Ready to learn the American accent? No time like the present. This program is also extremely helpful for speakers of Dutch, Swedish, Norwegian and Danish.

Accent Reduction For Professionals: How to Eliminate Your Accent to Sound More American Routledge

"A guide to speaking and pronouncing American English for everyone who speaks English as a second language"--Container.

How to Say "The" in the American Accent Barrons Educational Services

Are you frustrated with your Accent and want to speak like a native? You can speak American English like a native, regardless of age. Don't waste your time with courses and classes. The native speakers of American English never took classes to speak fluently and naturally. So what's the secret to speaking with perfect American accent? The Fast Fluent System is based on advances in brain science, which debunk the old myths about language learning and traditional classes. This book shows you: A 6-step system to perfect American accent. How to pick up the American accent easily like kids do. A method that works effortlessly, like the natives do it without classes and homework. 8 simple rules to follow. How to avoid the mistakes that have been holding you back. 6 sounds that make you sound American. And more... Once you know how, speaking with perfect accent can be effortless and natural. The classes and courses don't tell you the real secret. They just tell you the rules of pronunciations. Do you seriously think that Americans speak naturally by learning and applying the rules constantly? Of course not! Aren't you tired of being asked "Where are you from?" after so many years? Show your intelligence to employers, friends, and strangers by being a super fluent bilingual. * Special Bonus: This book also comes with a bonus resource to identify your problem areas based on your nationality or first language. People with different nationality backgrounds face different challenges in pronunciations. Once you pinpoint your problem areas and fix them, you will transform your accent tremendously. Speaking fluently and with perfect accent can completely change all aspects of your life from your career to romantic relationships. Grab a copy of this book and surprise your friends and family with your new perfect American accent!

The American Accent Guide, 3rd Edition McGraw Hill Professional Lose Your Accent in 28 Days is the powerful, proven system that will help you master American English pronunciation in weeks -- not months or years. Practice 30 minutes a day for 4 weeks and greatly improve your pronunciation. No more being asked to repeat yourself! No more being asked, "What did you say?" Discover the pronunciation system preferred by faculty and students at America's most prestigious universities -- including Cornell, UC Berkeley, Middlebury, and University of Southern California. Lose Your Accent in 28 Days features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The Workbook offers 80 techniques for better pronunciation. In all, you'll learn from 956 guided examples. What an easy and enjoyable way to lose your accent! Lose Your Accent in 28 Days is complete. There are no extras to buy. You get all this with your system: * A CD-ROM. Learn to position your mouth and make those difficult vowel and consonant sounds you never thought you could. If you use a system without video, you'll miss the picture. - An Audio CD. Join Ravin and her expert team to practice rhythm, stress and everyday speech patterns. Develop perfect pronunciation and total confidence! - A Workbook. Master pronunciation techniques that will make you sound native-born! People will no longer ask, "What did you say?" - A Carrying Case. Study both at home and on-the-go with this durable and attractive case! Why do people choose this system over the others? * Most accent reduction training systems have audio only. It is very helpful to see the instructor's mouth so you know how to position your own mouth to make the sounds correctly. * Systems that use a video-cassette or DVD do not allow you the incredible flexibility of being able to click with your mouse on the sounds you need to

practice...and click over and over again until you've mastered the target sound. * Many systems are complicated and difficult to use. After a few chapters, many people just give up in frustration. Lose Your Accent in 28 Days is clear and user-friendly so you look forward to studying every day. * Lose Your Accent in 28 Days also helps you master new vocabulary as you go. The system includes a handy idioms glossary defining every idiom used in the book. [Here's How to Do Accent Modification](#) Language Success Press

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it

that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

Accent Modification Independently Published

[Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists](#) is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. [Here's How to Do Accent Modification](#) is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an

excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.
