Mesopotamian religion was one of the earliest religious systems to develop with—and in turn influence—a high civilization. Followed by the Sumerians, Akkadians, Babylonians, and Assyrians, Mesopotamian religion and mythology reflected the complexities of these societies and has been preserved in remnants of their cultural, economic, and political institutions. This absorbing volume provides a glimpse of the cradle of civilization by examining Mesopotamian religious and mythological beliefs as well as some of the many gods and goddesses at the core of their stories and also looks at epics—such as that of Gilgamesh—and other aspects of Mesopotamian life.

Though left uncompleted, “Kubla Khan” is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's

imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned “Kubla Khan” after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem.
