These are the British Ashgate Publishing, Ltd.

Doctor Max Jacobson, whom the Secret Service under President John F. Kennedy code-named “Dr. Feelgood,” developed a unique “energy formula” that altered the paths of some of the twentieth century’s most iconic figures, including President and Jackie Kennedy, Marilyn Monroe, Frank Sinatra, and Elvis. JFK received his first injection (a special mix of “vitamins and hormones,” according to Jacobson) just before his first debate with Vice President Richard Nixon. The shot into JFK’s throat not only cured his laryngitis, but also diminished the pain in his back, allowed him to stand up straighter, and invigorated the tired

candidate. Kennedy demolished Nixon in that first debate and turned a tide of skepticism about Kennedy into an audience that appreciated his energy and crispness. What JFK didn’t know then was that the injections were actually powerful doses of a combination of highly addictive liquid methamphetamine and steroids. Author and researcher Rick Lertzman and New York Times bestselling author Bill Birnes reveal heretofore unpublished material about the mysterious Dr. Feelgood. Through well-researched prose and interviews with celebrities including George Clooney, Jerry Lewis, Yogi Berra, and Sid Caesar, the authors reveal Jacobson’s vast influence on events such as the assassination of JFK, the Cuban Missile Crisis, the Kennedy-Khrushchev

Vienna Summit, the murder of Marilyn Monroe, the filming of the C. B. DeMille classic *The Ten Commandments*, and the work of many of the great artists of that era. Jacobson destroyed the lives of several famous patients in the entertainment industry and accidentally killed his own wife, Nina, with an overdose of his formula.

Dr. Feelgood Simon and Schuster
Using clear, readable prose, conceptual artist and poet Kenneth Goldsmith's manifesto shows how our time on the internet is not really wasted but is quite productive and creative as he puts the experience in its proper theoretical and philosophical context. Kenneth Goldsmith wants you to rethink the internet. Many people feel guilty after spending hours watching cat videos or

clicking link after link after link. But Goldsmith sees that "wasted" time differently. Unlike old media, the internet demands active engagement—and it's actually making us more social, more creative, even more productive. When Goldsmith, a renowned conceptual artist and poet, introduced a class at the University of Pennsylvania called "Wasting Time on the Internet", he nearly broke the internet. The *New Yorker*, the *Atlantic*, the *Washington Post*, *Slate*, *Vice*, *Time*, *CNN*, the *Telegraph*, and many more, ran articles expressing their shock, dismay, and, ultimately, their curiosity. Goldsmith's ideas struck a nerve, because they are brilliantly subversive—and endlessly shareable. In *Wasting Time on the Internet*, Goldsmith expands upon his

provocative insights, contending that our digital lives are remaking human experience. When we're "wasting time," we're actually creating a culture of collaboration. We're reading and writing more—and quite differently. And we're turning concepts of authority and authenticity upside-down. The internet puts us in a state between deep focus and subconscious flow, a state that Goldsmith argues is ideal for creativity. Where that creativity takes us will be one of the stories of the twenty-first century. Wide-ranging, counterintuitive, engrossing, unpredictable—like the internet itself—Wasting Time on the Internet is the manifesto you didn't know you needed.

Joe Goldberg is no stranger to hiding

bodies-- in the past ten years, he's buried four of them, collateral damage in his quest for love. He's determined to put his past behind him by moving to Los Angeles. He doesn't want to hurt his new girlfriend... he wants to be with her forever. But if she finds out what he's done....

In Defense of Jesus In Farbe und Bunt Verlag

It was in 1940 that the then Prime Minister of the United Kingdom noted that Britain and the United States would have to be "somewhat mixed up together in some of their affairs for mutual and general advantage." This situation persisted until the book's publication in the 1960s. Yet, despite the closeness of co-operation in the intervening years, there is among

Americans a surprising lack of knowledge about modern Britain. This book is an effort to provide a picture of that country—"warts and all." Such a book must perforce be uneven. There are areas of British life—the attitude toward religion is one—that has not been touched. The author hopes that the reader will find here some idea of what has been going on in Britain since 1945 and what is going on there today.

Crystal Meth Riva Verlag

It's Tokyo, 1941. Teddy Maki and Jimmy Yakamoto are Japanese-American friends and jazz musicians playing Tokyo's lively nightclub scene. Stranded in Japan after the bombing of Pearl Harbor, Teddy and Jimmy are drafted into the Japanese army and sent to fight against American troops in the Philippines. Their perilous

attempts to remain neutral in a conflict where their loyalties are deeply divided are shattered when Jimmy is killed by the commanding officer for refusing to shoot an American prisoner. The deed then falls to Teddy. Thirty years later, Teddy is married to Jimmy's widow, father to his son, a star on Japanese TV -- and still wrestling with the guilt over Jimmy's death. Winner of the 1987 PEN/Faulkner Award for Best American Fiction, *Soldiers in Hiding* is a haunting portrayal of war's lingering emotional burdens. This revised edition features a new preface by the author and an introduction by Nobel Prize winner Wole Soyinka.

Was Sie schon immer über Sucht wissen wollten Hawthorne Books

"Exorbitant prices for lifesaving drugs,

safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in pharmaceutical companies. Now, Americans are demanding national reckoning with a monolithic industry. In *Pharma*, award-winning journalist and New York Times best-selling author Gerald Posner uncovers the real story of the Sacklers, the family that became one of America's wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the center of the opioid crisis. The unexpected twists and turns of the Sackler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. *Pharma* reveals how and why American drug companies

have put earnings ahead of patients"--
Breaking Bad Simon and Schuster
 Crystal Meth ist die gefährlichste Droge unserer Zeit. Es macht rasend schnell abhängig, schädigt Körper und Gehirn ab dem ersten Konsum, ist leicht herzustellen und daher billig. Die transparenten Kristalle aus Methamphetamin, die geschnupft, geraucht, geschluckt oder gespritzt werden können, haben Teile Deutschlands sowie Österreichs schon fest im Griff. Bereits vor zwei Jahren hat Crystal bei den Einsteigern Heroin als häufigste Droge abgelöst. In diesem ersten Sachbuch zum Thema beschreiben der Suchtmediziner Dr. Roland Härtel-Petri und der Journalist Heiko Haupt die verheerende Wirkung von Crystal und informieren über die

aktuelle Lage in Deutschland. In persönlichen Erfahrungsberichten schildern Betroffene, wie sie der Droge verfallen sind und warum es so schwer ist, davon wieder loszukommen. Breite Aufklärung ist der einzige Weg, den Vormarsch von Crystal zu stoppen. Dieses Buch macht den Anfang.

Der Spiegel Springer Science & Business Media

As the turbulent 60s began to fade into the calmer 70s, a coterie of young singers, songwriters, musicians, artists, and poets began to congregate, musically on the stage of The New Bijou Theater - the Springfield, Missouri nightclub that would become the loose-knit groups home. What started as an informal weekly gathering, quickly morphed into a formal band. Dubbed the

Family Tree, they became a favorite of the local counter-culture, as well as a continuation of the tradition-rich, Springfield music scene - which, until recently, included the Ozark Jubilee (the nations first televised country music show). Though unprofitable at the time, they stuck to their guns and their original songs. When a rough tape of an early Bijou gig caught the ear of music mogul, John Hammond, it culminated in a 26-song studio demo, which caught the ear of A&M executive, David Anderle. The group signed with the label, changed their name to its present moniker, and whisked off to London to record their debut album under the tutelage of Glyn Johns. The album contained If You Want to Get to Heaven. Their subsequent album, recorded in

rural Missouri, contained Jackie Blue. Both songs remain staples on classic rock radio. By the early 80s, the Ozark Mountain Daredevils found themselves right where the Family Tree had stood a decade before - in Springfield with no record deal. They did, though, find themselves with legions of loyal fans around the world. Amidst personnel changes, personal turmoils and a cornucopia of tales from the rock-n-roll highway, the next twenty years were spent on the road. Though continuing to write, they could garner little interest among the rapidly modernizing music industry - a situation many long-haired, long-named hippie bands of the 70s find themselves in. Their music, though, lives in the hearts of their fans.
Chasing Hillary Springer

Nach »Frostmond« und »Blutrodeo« nun der dritte Teil der preisgekrönten Trilogie um Ted Garner. Nachdem ihn sein letzter Fall beinahe das Leben kostete, beschließt der kanadische Profiler Ted Garner den Polizeidienst zu quittieren und eine psychotherapeutische Praxis zu eröffnen. Bei einem Therapeutenkongress lernt er Dr. Hofstätter kennen und lässt sich von ihr zu einer nächtlichen Zeremonie mit einem indigenen Mediziner überreden. Nach einem Horrortrip erwacht Garner in einem einsamen Tipi. Neben ihm eine skalpierte Leiche, in seiner Hand ein blutiges Messer. Anstatt sich zu stellen, lassen ihn Zweifel und Misstrauen selbst ermitteln. Die Spur führt ihn immer tiefer in die kanadische Wildnis von British Columbia und die

indigene Welt. Doch die Polizei ist ihm dicht auf den Fersen. Ted Garner, ein geachteter Profiler der Royal Canadian Police, ermittelt in Mordfällen, die ihn von großen Metropolen, durch ungezähmte Wildnis, bis in die Reservate der indigenen Stämme führen. Dabei muss er sich nicht nur mit Kriminellen auseinandersetzen, sondern auch mit seinen eigenen Abgründen.

Halloween Horror Queen 1 - Die geisteskranke Autobahn-Hexe DigiCat
Traces the efforts of a small Iowa community to counter the pervasiveness of crystal methamphetamine, in an account that offers insight into the drug's appeal while chronicling the author's numerous visits with the town's doctor, the local prosecutor and a long-time addict. Reprint. A best-selling book.

Malin and the White Reindeer

Government Printing Office

Trampen kann gefährlich sein! Dies ist eine düstere, erschreckend realistische Halloween-Story, die sich des Themas "Hexe" auf eine ganz eigene, unwiderstehlich gruselige Weise annimmt... Vorsicht: extremer Splatter, der ganz leise beginnt und mit fürchterlichen Paukenschlägen endet! UMFANG: 54 Seiten / 16 107 Wörter. Am 31. Oktober, dem Nachmittag vor der Halloween-Nacht, stehen zwei junge Leute an der Autobahn. Die sexy Studentin Mona und ihr gutaussehender Freund Ingo wollen nach Hause trampen. Sie werden schließlich von einem Wagen mitgenommen, dessen Fahrerin sich bald als sehr seltsam und beunruhigend entpuppt... Nicht nur, dass die

unangenehm riechende "Friede"
 merkwürdig geistesgestörte
 Verhaltensweisen zeigt und auf sexuell
 ordinäre Art ausfällig wird: Bald zeigt
 sich, dass die Frau in einer schrecklichen
 Mission unterwegs ist und dabei
 sämtliche dreckigen Tricks draufhat,
 trotz oder gerade wegen ihres kranken
 Verstandes! Anstatt an ihr Ziel zu
 gelangen und zuhause einen
 vergnüglichen Abend zu verbringen,
 geraten Mona und Ingo in einen Strudel
 aus grenzenlosem Wahnsinn,
 erschütternder Perversion und
 blutgieriger Bosheit.

Textbook of Addiction Treatment
 Springer-Verlag

Nanga Parbat, The Killer Mountain, is the
 ninth highest mountain in the world and
 second highest peak in Pakistan. The

Sanskrit word parvata means mountain
 rocks and nanga means bare, in
 reference to the exposed rock buttresses
 of the south face. The north face is
 equally intimidating but in contrast to
 the south face's steep rock and ice, the
 snowy north face is guarded by a broad
 barrier of seracs that extend the width of
 the mountain.

Breaking Bad: Critical Essays on the
 Contexts, Politics, Style, and Reception
 of the Television Series, edited by David
 P. Pierson, examines the social contexts,
 cultural politics, and visual, aural, and
 narrative style of AMC's original series
 Breaking Bad. This collection of critical
 essays explores such topics as neo-
 liberalism, spatiality and temporality,
 modern science and its principles, the

representation of masculinity, Latinos, and disabilities, the function of narrative teasers and songs, and the role of emotions as dramatic action in the series.

Being Homosexual Genealogical Publishing Com

"This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain."-- Jacket.

Hidden Bodies Elsevier

An enlightening follow-up to the

bestselling book *The Case for Christ, In Defense of Jesus* follows award-winning journalist Lee Strobel as he explores the most explosive arguments against the identity of Christ as the Messiah. Has modern scholarship debunked the traditional Christ? Has the church suppressed the truth about Jesus to advance its own agenda? What if the real Jesus is far different from the atoning Savior worshiped through the centuries? *In Defense of Jesus* explores such hot-button questions as: Did the church suppress ancient non-biblical documents that paint a more accurate picture of Jesus than the four Gospels? Did the church distort the truth about Jesus by tampering with early New Testament texts? Do new insights and explanations disprove the resurrection?

Have fresh arguments disqualified Jesus from being the Messiah? Did Christianity steal its core ideas from earlier mythology? Evaluate the arguments and evidence being advanced by prominent atheists, liberal theologians, Muslim scholars, and others. Sift through expert testimony. Then reach your own verdict with *In Defense of Jesus*. This title is also available in Spanish, *En defensa de Jesús*.

Wasting Time on the Internet Simon & Schuster

This comprehensive new soybean reference book disseminates key soybean information to “drive success for soybeans via 23 concise chapters covering all aspects of soybeans--from genetics, breeding and quality to post-harvest management, marketing and

utilization (food and energy applications), U.S. domestic versus foreign practices and production methods. When the Sky Fell Macmillan

Wacky but well-researched, unbiased and shameless, this informational book about drugs dares to take readers on a long, strange trivia trip. Following in the tradition of *The Ultimate Book of Useless Information*, *The Curious World of Drugs and Their Friends* is a wry potpourri of interesting information about every conceivable kind of drug. Readers can

feed their heads with anecdotes, facts, lists, statistics, and illustrations, including:

- The test results of animals on LSD—cats lose their fear of dogs, and goats walk in geometric patterns
- Drugs found in nature, from magic mushrooms to St. John's wort to beaver secretions
- Celebrities who overdosed at age 27—Jimi Hendrix, Janis Joplin, Jim Morrison, Kurt Cobain, Brian Jones, and Jean Michel-Basquiat
- Imaginary drugs in literature and film, from spice the mélange in Dune to Moloko plus in A Clockwork Orange
- Nicknames for a joint—from doobie to giggly stick to Mr. Boom Bizzle
- The global percentages of adults who have used cannabis—.004 percent in Singapore and 12.6 percent in the United States
- The uses of opium in ancient Rome—from treatments for

insomnia and epilepsy to colic and deafness

- The most glamorous rehab clinics and their celebrity alumni
- Mini-biographies of the biggest drug kingpins around the world

Skalpjagd PENDRAGON Verlag

Addiction is increasingly being recognized as a major global public health issue, and an ever-growing number of medical specialties, psychological and social science training programs, and professional associations are including addiction as part of their training and continuing education curricula. The first edition of this book presented an overview of the spectrum of addiction-related problems across different cultures around the globe. Sharing the experience and wisdom of more than 260 leading experts in the

field, and promoted by the International Society of Addiction Medicine, it compared and contrasted clinical practices in the field of addiction medicine on the basis of neurobiological similarities as well as epidemiological and socio-cultural differences. Building on the success of this inaugural edition, and taking into account the formal and informal comments received as well as an assessment of current need, this textbook presents general updated information while retaining the most requested sections of the first edition as demonstrated by the number of chapter downloads. It also provides a basic text for those preparing for the ISAM annual certification exam. Written by some 220 international experts, it is a valuable reference resource for anyone interested

in medicine, psychology, nursing, and social science.

Nanga Parbat GRIN Verlag

A compassionate and powerful resource for gay men—now revised and updated for the 21st century. Richard Isay was the first person to challenge the homophobia of the psychoanalytic community and prove, through his own story and those of his patients, that homosexuality is an innate characteristic rather than a learned pathology. Now revised and updated for the 21st-century, the groundbreaking *Being Homosexual* carries the reader through the main developmental stages in the gay male's life cycle from the initial awareness of same-sex impulses to coming out, forming friendships with other gay men, and a mature integration

of one's sexual identity.

Masters of Fiction 2: About Stories of the (Un)Dead - Lebst du noch oder wankst du schon? Crown Archetype

Dieses Buch gibt Antworten auf die dringendsten Fragen zum Thema Sucht. Was eigentlich ist das Süchtige an der Sucht? Gibt es Kriterien? Wie entsteht unabhängig vom Suchtmittel Sucht? Was ist problematisch an süchtigem Erleben und Verhalten? Woran hindert Sucht? Was sind Übergänge von normalem zum süchtigen Verhalten? Hat man einen Nutzen von süchtigem Verhalten? Sind wir vielleicht alle mehr oder weniger süchtig – oder leben wir gar in einer „versüchtelten“ Gesellschaft? Sucht ist eines der chronisch gewordenen Probleme unserer Gesellschaft. Dabei sind es nicht nur die stoffgebundenen

Suchtformen (Alkohol, Medikamente, illegale Drogen), die mit diesem Begriff gemeint sind, sondern es sind auch die Verhaltenssüchte, die jedes Jahr zunehmen: Internetsucht, Spiel-, Arbeits-, Kauf-, Sexsucht. Man nennt diese exzessiven Tätigkeiten auch stoffungebundene Suchtformen. Aber handelt es sich dabei wirklich um Sucht, sind es Vorstufen von Sucht oder haben sie einen ganz anderen Hintergrund? Antworten und Orientierung gibt dieses Buch. Die Zielgruppen Geschrieben für Betroffene, Angehörige und Freunde, Selbsthilfegruppen, Berater in Suchtberatungsstellen und -kliniken, Psychotherapeuten, Psychiater, Ärzte. Der Autor Werner Gross ist niedergelassener Psychotherapeut und Coach. Er beschäftigt sich seit über 30

Jahren mit dem Thema Sucht, hat viele Suchtpatienten und deren Angehörige behandelt, hat mehrere Bücher zu dem

Thema geschrieben und gibt in mehreren Ausbildungsinstituten Seminare zu dem Thema.
