DESIREE BLAZE

The Enemy Within Vintage

"This country's leading hell-raiser" (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him,

Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

The Internal Enemy: Slavery and War in Virginia, 1772-1832 W. W. Norton & Company

A detailed guide to overcoming the most frequently encountered psychological pitfalls of investing Bias, emotion, and overconfidence are just three of the many behavioral traits that can lead investors to lose money or achieve lower returns. Behavioral finance, which recognizes that there is a psychological element to all

investor decision-making, can help you overcome this obstacle. In *The Little Book of Behavioral Investing*, expert James Montier takes you through some of the most important behavioral challenges faced by investors. Montier reveals the most common psychological barriers, clearly showing how emotion, overconfidence, and a multitude of other behavioral traits, can affect investment decision-making. Offers time-tested ways to identify and avoid the pitfalls of investor bias Author James Montier is one of the world's foremost behavioral analysts Discusses how to learn from our investment mistakes instead of repeating them Explores the behavioral principles

that will allow you to maintain a successful investment portfolio. Written in a straightforward and accessible style, *The Little Book of Behavioral Investing* will enable you to identify and eliminate behavioral traits that can hinder your investment endeavors and show you how to go about achieving superior returns in the process. Praise for *The Little Book of Behavioral Investing*: "The Little Book of Behavioral Investing is an important book for anyone who is interested in understanding the ways that human nature and financial markets interact." —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of *Predictably Irrational*. "In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one." —Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School. "'Know thyself.' Overcoming human instinct is key to becoming a better investor. You would be irrational if you did not read this book." —Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset

Management. "There is not an investor anywhere who wouldn't profit from reading this book." —Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited. "James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our 'Inner Spock' to make better investment decisions. Bravo!" —John Mauldin, President, Millennium Wave Investments. *Enemies Within* Top Shelf Productions. A Gulf War veteran and ten-year leader of the CIA's psychic research program reveals how its operatives developed the ability to locate objects and people over considerable distances, recounting how the program was used to find missing soldiers, hidden weapons, and lost aircraft before it was shut down. Reprint. **The 48 Laws of Power** Greenwood. A cultural history of witch-hunting from the ancient world through the McCarthy era traces the factors that contribute to outbreaks of cultural paranoia and how people were able to accept hysteria-based beliefs about unlikely supernatural powers and occult activities. 35,000 first printing.

Reading the Enemy's Mind Women's Research and Resources Centre. A former FBI Special Agent and leading cyber-security expert offers a devastating and essential look at the misinformation campaigns, fake news, and electronic espionage operations that have become the cutting edge of modern warfare—and how we can protect ourselves and our country against them. Clint Watts electrified the nation when he testified in front of the House Intelligence Committee regarding Russian interference in the 2016 election. In *Messing with the Enemy*, the cyber and homeland security expert introduces us to a frightening world in which terrorists and cyber criminals don't hack your computer, they hack your mind. Watts reveals how these malefactors use your information and that of your friends and family to work for them through social media, which they use to map your social networks, scour your world affiliations, and master your fears and preferences. Thanks to the schemes engineered by social media manipulators using you and your information, business executives have coughed up millions in fraudulent wire transfers, seemingly good kids have joined

the Islamic State, and staunch anti-communist Reagan Republicans have cheered the Russian government's hacking of a Democratic presidential candidate's e-mails. Watts knows how they do it because he's mirrored their methods to understand their intentions, combat their actions, and coopt their efforts. Watts examines a particular social media platform—from Twitter to internet Forums to Facebook to LinkedIn—and a specific bad actor—from al Qaeda to the Islamic State to the Russian and Syrian governments—to illuminate exactly how social media tracking is used for nefarious purposes. He explains how he's learned, through his successes and his failures, to engage with hackers, terrorists, and even the Russians—and how these interactions have generated methods of fighting back. Shocking, funny, and eye-opening, *Messing with the Enemy* is a deeply urgent guide for living safe and smart in a super-connected world.

The Enemy Scholastic Inc.

Attribution - tracing those responsible for a cyber attack - is of primary importance when classifying it as a criminal act, an act of war, or an act of terrorism. Three

assumptions dominate current thinking: attribution is a technical problem; it is unsolvable; and it is unique. Approaching attribution as a problem forces us to consider it either as solved or unsolved. Yet attribution is far more nuanced, and is best approached as a process in constant flux, driven by judicial and political pressures. In the criminal context, courts must assess the guilt of criminals, mainly based on technical evidence. In the national security context, decision-makers must analyse unreliable and mainly non-technical information in order to identify an enemy of the state. Attribution in both contexts is political: in criminal cases, laws reflect society's prevailing norms and powers; in national security cases, attribution reflects a state's will to maintain, increase or assert its power. However, both processes differ on many levels. The constraints, which reflect common aspects of many other political issues, constitute the structure of the book: the need for judgement calls, the role of private companies, the standards of evidence, the role of time, and the plausible deniability of attacks.

A Reading Rainbow book for your child
 Recommend by experts for children who are reading independently and transitioning to longer books. Teach kindness, courtesy, respect, and friendship: It was the perfect summer. That is, until Jeremy Ross moved into the house down the street and became neighborhood enemy number one. Luckily Dad had a surefire way to get rid of enemies: Enemy Pie. But part of the secret recipe is spending an entire day playing with the enemy! In this funny yet endearing story one little boy learns an effective recipe for turning a best enemy into a best friend. Accompanied by charming illustrations, *Enemy Pie* serves up a sweet lesson in the difficulties and ultimate rewards of making new friends. The perfect book for kids learning how to make friends or deal with conflict Ideal as a read aloud book for families or elementary schools Created by Derek Munson who has directly shared his children's stories with over 100,000 kids across the globe Fans of Last Stop on Market Street, Have You Filled a Bucket Today, and First Day Jitters will love this Reading Rainbow classic, *Enemy Pie*.

Recommend by experts for children who are reading independently and transitioning to longer books and perfect for the following reading categories:

Elementary School Chapter Books Family Read Aloud Books Books for Kids Ages 5-9 Children's Books for Grades 3-5

Messing with the Enemy Simon and Schuster

This fast-paced action novel is set in a future where the world has been almost destroyed. Like the award-winning novel *Freak the Mighty*, this is Philbrick at his very best. It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.

On War Penguin

SET TO BE ADAPTED FOR THE SCREEN.
Like Michael Connelly's Bosch, John Bailey

will risk everything to get to the truth -- and expose a deadly enemy. Shortlisted for the 2022 Danger Prize. Shortlisted for the 2022 Ned Kelly Award. 'He heard a voice, someone calling out in the distance, followed by a loud fluttering of birds. Bailey looked up just in time to see a body falling from the sky ...' Investigative journalist John Bailey is doing his best to turn his life around after losing the woman he loved. He has a new job. He's given up the drink. He even has a dog. But then Federal Police raid his home with a warrant granting them unprecedented powers to take anything they want, including all his electronic devices and passwords. When Bailey protests, they threaten to put him in a prison cell. Someone wants to stop Bailey doing what he does best -- exposing the truth. He has been investigating the rise of a global white supremacist group and suspects that a notorious neo-Nazi in the United States has been directing deadly racist attacks on Sydney's streets. When the body of one of his key sources washes up on a nearby beach, it's clear Bailey and anyone helping him have become targets. Bailey reaches out to a ruthless old friend

-- CIA veteran, Ronnie Johnson -- to lure the enemy from the shadows. An enemy who thought they were untouchable. Until now ... The brilliant third book in Tim Ayliffe's John Bailey series. Bailey's adventures in *The Enemy Within*, *State of Fear* and *The Greater Good* are to be adapted for the screen by CJZ Productions, Australia's largest independently owned production company series. Praise for *The Enemy Within*: 'A breathlessly written book, ripped from today's headlines, this is a cracking read that blurs the line between fact and fiction. More please.' Michael Robotham 'A cracking yarn told at breakneck speed. I couldn't put it down.' Chris Hammer 'Sharp, gritty, sophisticated. Ayliffe's criminal world is terrifyingly real.' Candice Fox Praise for *State of Fear* 'Another brilliantly crafted thriller from Ayliffe that fits perfectly in today's worrying world ... Verdict: Get this guy on TV.' Herald Sun 'Sharp, incisive and scarily prescient, I was hooked from the first chapter to the final page.' Sara Foster, bestselling author of *The Hidden Hours* 'Utterly compelling and terrifyingly timely. I could not put it down.' Pip Drysdale, bestselling author of *The Sunday*

Girl 'As a correspondent, I lived this world. Tim Ayliffe has written it.' Stan Grant, writer and broadcaster Praise for The Greater Good 'A brilliantly written character starring in cracking crime thriller.' Herald Sun 'Ayliffe delivers a taut, nail-biting page-turner, stamping his mark on the modern day Australian thriller.' Better Reading 'An absolute cracker of a thriller.' Chris Uhlmann
They Called Us Enemy - Expanded Edition
 Oneworld Publications
 'There's only one Jack Reacher. Accept no substitutes' Mick Herron 'The thing about Lee Child's books is that you can't put the damn things down. . .there's something about his writing that's addictive. The Enemy is no exception. . .Superb.'
 Independent on Sunday _____
 North Carolina. New Year's Day, 1990. A soldier is found dead in a sleazy motel bed. Jack Reacher is the officer on duty. The soldier turns out to be a two-star general. The situation is bad enough, then Reacher finds the body of the general's wife. This stomach-churning thriller turns back the clock to a younger Reacher, in dogtags. A Reacher who still believes in the service. A Reacher who imposes army

discipline. Even if only in his own pragmatic way... _____ Although the Jack Reacher novels can be read in any order, The Enemy is 8th in the series. And be sure not to miss Reacher's newest adventure, no.27, No Plan B! ***OUT NOW***
In the Presence of Mine Enemies Chronicle Books
 As World War II ended, few Americans in government or universities knew much about the Soviet Union. As David Engerman shows in this book, a network of scholars, soldiers, spies, and philanthropists created an enterprise known as Soviet Studies to fill in this dangerous gap in American knowledge. This group brought together some of the nation's best minds from the left, right, and center, colorful and controversial individuals ranging from George Kennan to Margaret Mead to Zbigniew Brzezinski, not to mention historians Sheila Fitzpatrick and Richard Pipes. Together they created the knowledge that helped fight the Cold War and define Cold War thought. Soviet Studies became a vibrant intellectual enterprise, studying not just the Soviet threat, but Soviet society and culture at a

time when many said that these were contradictions in terms, as well as Russian history and literature. And this broad network, Engerman argues, forever changed the relationship between the government and academe, connecting the Pentagon with the ivory tower in ways that still matter today.
The Enemy Within Ballantine Books
 Richard Clarke has been one of America's foremost experts on counterterrorism measures for more than two decades. He has served under four presidents from both parties, beginning in Ronald Reagan's State Department becoming America's first Counter-terrorism Czar under Bill Clinton and remaining for the first two years of George W. Bush's administration. He has seen every piece of intelligence on Al-Qaeda from the beginning; he was in the Situation Room on September 11th and he knows exactly what has taken place under the United State's new Department of Homeland Security. Through gripping, thriller-like scenes, he tells the full story for the first time and explains what the Bush Administration are doing.
The Enemy Within Random House

The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. *THEY CALLED US ENEMY* is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those

experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

The Enemy Elex media komputindo This is the authoritative, compelling account of one of the most famous, consummate, and effective Senate investigations in modern Congressional history. From 1956 to 1959 the Senate Select Committee on Improper Activities in the Labor or Management Field (chaired by Sen. McClellan and guided by chief counsel Robert Kennedy) heard more than 1500 witnesses and uncovered a shocking story, proving that labor leaders, management, the underworld, and public officials, sometimes in combination, sometimes separately, had worked to cheat and intimidate the rank-and-file union members. These revelations resulted in convictions, tough labor reform legislation, and a public awareness of organized crime's insidious and corrosive influence. Writing crisply, with indignation but also with humor, Kennedy focuses on how unions are bought, sold, and

sometimes stolen; how 'democracy' actually operated in Jimmy Hoffa's captive unions and what happened to the men who dared to oppose him; how Hoffa was tried on charges of attempting to plant a spy in the McClellan Committee; how an investigating committee works; how the Committee resisted external pressures, threats, and ploys to derail its efforts; and more. *The Enemy Within* is illuminated by firsthand knowledge and charged with the fire of personal conviction. With a new introduction by the chairman of the Robert F. Kennedy Memorial, this book remains a vivid testament to Robert Kennedy's early commitment to equal justice for leaders and laborers alike.

Know Your Enemy HarperCollins

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by

drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Spearhead Simon and Schuster

Drawn from new sources, a Pulitzer Prize-winning historian presents a gripping narrative that recreates the events that inspired hundreds of slaves to pressure British admirals into becoming liberators by using their intimate knowledge of the countryside to transform the war.

Inside the Enemy's Computer Penguin UK Margaret Thatcher branded the leaders of the 1984-85 miners strike "the enemy within." With the publication of this book,

the full irony of that accusation became clear. Seumas Milne revealed for the first time the astonishing lengths to which the government and its intelligence machine were prepared to go to destroy the power of Britain's miners' union. There was an enemy within. It was the secret services of the British state, operating inside the NUM itself. Milne revealed for the first time the astonishing lengths to which the government and its intelligence machine were prepared to go to destroy the power of Britain's miners' union. Using phoney bank deposits, staged cash drops, forged documents, agents provocateurs and unrelenting surveillance, M15 and police Special Branch set out to discredit Scargill and other miners' leaders. Planted tales of corruption were seized on by the media and both Tory and Labour politicians in what became an unprecedentedly savage smear campaign.

The Enemy Inside Da Capo

From the Roswell UFO incident to the Communist threat to the rise of the Antichrist, there has been a hunger for conspiracy in America since World War II. In this enthralling book, Goldberg focuses on five major conspiracy theories of the

past half century and examines why they became so popular. Illustrations.

Rules for Radicals Presidio Press

In the twenty-first century, Germany's Third Reich continues to thrive after its victory in World War II-keeping most of Europe and North America under its heel. But within the heart of the Nazi regime, a secret lives. Under a perfect Aryan facade, Jews survive-living their lives, raising their families, and fearing discovery...
