The Wonder Engine Entangled: Teen

Married by Morning continues Lisa Kleypas's Hathaways beloved series set in Victorian London. For two years, Catherine Marks has been a paid companion to the Hathaway sisters—a pleasant position, with one caveat. Her charges' older brother, Leo Hathaway, is thoroughly exasperating. Cat can hardly believe that their constant arguing could mask a mutual attraction. But when one quarrel ends in a sudden kiss, Cat is shocked at her powerful response—and even more so when Leo proposes a dangerous liaison. Leo must marry and produce an heir within a year to save his family home. Catherine's respectable demeanor hides a secret that would utterly destroy her. But to Leo, Cat is intriguing and infernally tempting, even to a man resolved never to love again. The danger Cat tried to outrun is about to separate them forever—unless two wary lovers can find a way to banish the shadows and give in to their desires...

Discover the New York Times bestselling series from Jennifer L. Armentrout. Starting over sucks. When we moved to West Virginia right before my senior year, I'd pretty much resigned myself to thick accents, dodgy internet access, and a whole lot of boring...until I spotted my hot neighbor, with his looming height and eerie green eyes. Things were looking up. And then he opened his mouth. Daemon is infuriating. Arrogant. Stab-worthy. We do not get along. At all. But when a stranger attacks me and Daemon literally freezes time with a wave of his hand, well, something...unexpected happens. The hot alien living next door marks me. You heard me. Alien. Turns out Daemon and his sister have a galaxy of enemies wanting to steal their abilities, and Daemon's touch has me lit up like the Vegas Strip. The only way I'm getting out of this alive is by sticking close to Daemon until my alien mojo fades. If I don't kill him first, that is. 'Beautifully wrought dark fantasy' NetGalley Reviewer A MAN MARKED BY MAGIC. A WOMAN MARKED BY HER PAST. On the other side of the Shadowpass, rebellion is brewing and refugees have begun to trickle into the city at the edge of the world. Looming high on the cliff is The Nest, a fortress full of mages who offer protection, but also embody everything the rebellion is

fighting against: a strict hierarchy based on magic abilities. When Isha arrives as a refugee, she attempts to fit in amongst the other mages, but her Kher tattoo brands her as an outcast. She can't remember her past or why she has the tattoo. All she knows is that she survived. She doesn't intend to give up now. Tatters, who wears the golden collar of a slave, knows that this rebellion is different from past skirmishes. He was once one of the rebels, and technically, they still own him. He plans to stay in the shadows, until Isha appears in his tavern. He's never seen a human with a tattoo, and the markings look eerily familiar . . . As the rebellion carves a path of destruction towards the city, an unlikely friendship forms between a man trying to escape his past and a woman trying to uncover hers, until their secrets threaten to tear them apart. The Collarbound hooks from the opening page and will appeal to fans of magical, brink-of-war settings, like that of *The Poppy War* and *The City of Brass*. 'Zahabi deftly creates a fully-realized and richly described world, providing a quiet yet striking exploration of the way inequality and injustice often serve as the bedrock of systems of power' M. J. Kuhn, author of *Among Thieves*

#1 New York Times, USA Today, and internationally bestselling author Jennifer L. Armentrout returns to the world of the Lux with *The Burning Shadow*, the steamy, shocking second installment of the Origin series that will leave readers reeling. When Evelyn Dasher crossed paths with Luc, she was thrown headfirst into the

world of the Lux—only to discover that she was already far more involved in their world than she ever suspected. Because the Luxen aren't the only ones with a hidden past. There's a gap in Evie's memory, lost months of her life and a lingering sense that something happened, something she can't remember and nobody is willing to tell her. She needs to find out the truth about who she is—and who she was. But every answer she finds only brings up more questions. Her search for the truth brings her ever closer to Luc, the Origin at the center of it all. He's powerful, arrogant, inhumanly beautiful, extremely dangerous...and possibly in love with her. But even as Evie falls for him, she can't help but wonder if his attraction is to her, or to the memory of a girl who no longer exists.
