La "resurrection" des évangélistes Giulio Einaudi Editore

For 150 years the French public and literati have enjoyed a love affair with crime fiction. This book investigates the nature of this relationship and how through periods of dramatic social and political change in France it has flourished. It challenges the conventional view of a popular genre feeding a niche market, depicting crime fiction instead as a field of creative endeavour, which has gradually matured into one of considerable literary

fertility. By inviting us to share secrets and crack codes, creating suspense and (at times) not shirking from presenting horrific events in graphic language, the crime story brings into play the intellect and emotions of its readership. This book explores both this intrinsic literary value of the crime novel and its extrinsic witness to historical events and cultural trends, arguing that these apparently distinct aspects are in fact dynamic, interrelated parts of the same whole. This blend of cultural history with literary analysis allows for the discussion of themes such as politics, memory, the urban environment and youth cultures, mixed with case studies of major French crime writers, including Gaston Leroux, Georges

Simenon, Jean-Patrick Manchette, Daniel Pennac and Fred Vargas.

An Uncertain Place Vintage Canada Internationally acclaimed and bestselling crime writer Fred Vargas will be published for the first time in Canada in hardcover by Knopf Canada. In this remarkable addition to the Commissaire Adamsberg series, has a serial killer followed Adamsberg to Canada on his training mission? Between 1943 and 2003, nine people have been stabbed to death with a most unusual weapon: a trident. In each case, arrests were made, suspects confessed their crime and were sentenced to life. One slightly worrying detail: all the presumed murderers lost consciousness during the night of the crime and cannot

remember whether they actually did it or not. Commissaire Adamsberg is convinced all the murders are the work of one person: the terrifying Judge Fulgence. Years before, Adamsberg's own brother had been the principal suspect in a similar case and avoided prison only thanks to Adamsberg's help. History now repeats itself when Adamsberg, who is temporarily based in Quebec for a training mission, is accused of having savagely murdered his young lover. In order to prove his innocence, Adamsberg must go on the run from the Canadian police and find Judge Fulgence. The heir to Maigret, Commissaire Adamsberg is back in a new investigation that will keep the reader spellbound until the very last word. Have Mercy on Us All Simon and Schuster

"Commencez ce livre, vous ne pourrez plus vous l'arracher des mains. Quant à savoir dans quel rayon le classer, peu importe. Vargas est unique en son genre." Téléobs "Victor, mauvais sort, que fais-tu dehors ?" Ça amuse les Parisiens. Depuis quatre mois, cette phrase accompagne les cercles qui surgissent la nuit, tracés à la craie sur les trottoirs ; en leur centre, prisonniers, un débris, un déchet, un objet

: trombone, pince à épiler, patte de pigeon... Le phénomène fait les délices des journalistes et des psychiatres. Le commissaire Adamsberg, lui, ne rit pas. Ces cercles et leur contenu hétéroclite "suintent" la cruauté. Il le sent : bientôt, de l'anodin on passera au tragique. L'Homme aux cercles bleus était l'acte de naissance du commissaire Adamsberg. Après une longue absence, il réapparaissait dans L'Homme à l'envers. Entre-temps, on découvrait la trilogie des "Évangélistes" (Debout les morts, Un peu plus loin sur la droite, Sans feu ni lieu), où trois jeunes chercheurs "dans la merde" - Mathias le préhistorien, Marc le médiéviste et Lucien le contemporainiste - cohabitaient dans une baraque pourrie de la rue de Chasle. Ce livre a reçu le prix du Festival de Saint-Nazaire.

Legacies of the Rue Morgue Simon and Schuster

Commissaire Adamsberg investigates the death of three men linked by their childhood at an orphanage in Nîmes, all killed by the venom of the recluse spider, in the new novel by the #1 bestselling French crime writer “A wildly imaginative series.”—The New York Times “Adamsberg is a terrific creation and his team of misfits a joy to watch in action.”—Peter Robinson, New York Times bestselling author of the Inspector Banks series A murder in Paris brings Commissaire Adamsberg out of the Icelandic mists of his previous investigation and unexpectedly into the region of Nîmes, where three old men have died of spider bites. The recluse has a sneaky attack, but is that enough to explain the deaths of these men, all killed by the same venom? At the National

Museum of Natural History, Adamsberg meets a pensioner who tells him that two of the three octogenarians have known each other since childhood, when they lived in a local orphanage called The Mercy. There, they had belonged to a small group of violent young boys known as the “band of recluses.” Adamsberg faces two obstacles: the third man killed by the same venom was not part of the “band of recluses”, and the amount of spider venom necessary to kill doesn't add up. Yet after the Nîmes deaths, more members of the old band succumb to recluse bites, leading the commissaire to uncover the tragedy hidden behind the walls of the orphanage.

This Poison Will Remain Penguin Jean-Baptiste Adamsberg is not like other policemen. His methods appear unorthodox in the extreme: he doesn't search for clues; he ignores obvious suspects and arrests people with iron-clad alibis; he appears permanently distracted. The Chalk Circle Man is the first book featuring Jean-Baptiste Adamsberg, one of the most engaging characters in contemporary detective fiction. When strange, blue chalk circles start appearing

overnight on the pavements of Paris, the press take up the story with amusement and psychiatrists trot out their theories. Adamsberg is alone in thinking this is not a game and far from amusing. He insists on being kept informed of new circles and the increasingly bizarre objects which they contain: empty beer cans, four trombones, a pigeon's foot, four cigarette lighters, a badge proclaiming “I Love Elvis,” a hat, a doll's head. Adamsberg senses the cruelty that lies behind these seemingly random occurrences. Soon a circle with decidedly less banal contents is discovered: the body of a woman with her throat savagely cut. Adamsberg knows that other murders will follow.

Noé Stéphan, 35 ans, est en garde à vue. La police l'accuse d'avoir intentionnellement tué l'un de ses amis, Paul Chance, qui avait roué de coups sa propre femme. Noé plaide son innocence, il s'agit d'un accident. Alors que l'épouse de Noé, Ayla, avocate, tarde à le rejoindre au commissariat, l'interrogatoire se déroule de façon musclée. Noé tente de s'enfuir, mais sa tête heurte très violemment le sol, on le jette en cellule à demi-inconscient. Il va mourir, il appelle à l'aide, c'est alors que les figures de son enfance lui apparaissent : le voici devant le tribunal de sa conscience, dont le juge est sa mère, Jocelyne Daoulas. L'affaire en cours ? Déterminer comment Noé en est arrivé là. Il doit prouver à la juge qu'il est innocent. Noé voit alors toute son enfance défiler devant ses yeux et se retrouve à Saint-Sébastien-sur-Loire, près de Nantes. Un premier âge marqué par l'absence du père, et où sa mère, La Joce, trime comme intérimaire pour entretenir son fils et son frère étudiant en philosophie. Sur ordre de

sa mère, dans la cour de récréation, Noé joue avec les filles pour éviter la violence, mais se retrouve victime d'une bande de garçons. Il se lie d'amitié alors avec Gabriel Kalender, un enfant de l'école, réfugié kurde, capable de mettre en déroute n'importe qui. La famille Kalender l'accueille comme un des leurs, il épouse leur cause et leurs combats. Les premières amours, les premières fois se succèdent, alors que le père absent, prétendument « marin au long cours » mais en réalité en prison, meurt le jour de sa libération dans un accident de voiture. L'enfant doit dès lors construire sa masculinité sans figure paternelle. Au seuil de l'adolescence, Noé apprend que son père a fait partie d'un réseau indépendantiste breton et part enquêter sur son propre passé. Avec l'amour sous tous ses visages (la vierge inaccessible, la bonne copine confidente, l'initiatrice délurée...), le sport (des pages inouïes sur le hockey subaquatique !), le sexe, les soirées, les bagarres, il découvre la part de violence inhérente à l'existence. Gare au jugement de la mère Joce... s'il se réveille du coma où l'a plongé le choc initial au commissariat. Cette épopée de l'enfance chez les jeunes de la France des

classes moyennes, des pavillons et des petites cités est une incroyable « comédie humaine » contemporaine, où Mahir Guven mêle avec brio le grave et le comique, la légèreté des premières fois et l'examen de conscience d'un homme adulte, sur un ton cocasse, proche du dirty realism.

First published in 1997, Glenn Meade's first internationally bestselling thriller is

back and better than ever, as it takes you on a riveting ride into the heart of a Cold War plot to assassinate Joseph Stalin. It's 1953—the middle of the Cold War. Joseph Stalin is a major threat—with his deteriorating mental stability, reports that he's about to resume his horrifying purges, and the Soviet Union on the cusp of developing nuclear weapons, it's a risk the US government is unwilling to take. Operation Snow Wolf is created to eliminate Stalin before it's too late. CIA agent Jake Massey is chosen to run the operation and he recruits Alex Slanski—AKA Wolf—to do the deed, along with Anna, who recently escaped from a Soviet gulag, to be his guide. But someone knows their plan, and the KGB have dispatched their own deadly Major Yuri Lukin to hunt down the hunters. As circumstances quickly unravel, Jake must somehow put an end to the mission he had set into motion—before the entire situation explodes into World War III. Filled with breathtaking action and nail-biting thrills, this classic bestseller proves that despite being over, the Cold War can “still freeze readers' attention and chill their blood” (Publishers Weekly).

As her husband doesn't give a damn, she asks her new neighbours to dig around the tree to find out if something has been buried.
