"White Noise," which is a laptop sculpture garden, a romp through cubism and futurism, and a lesson in early--20th-century modernist formalism. Each spread, designed to make crackly, crinkly, creaky, tinkling or snapping noises as the pages are turned, evokes children's construction-paper cutouts. As sophisticated as the mechanics are, the

primary colors and seemingly random tangles of "bits and pieces," as one page describes them, combine in such imperfect forms that they give the illusion that anyone could make this book"--Web site
