aka Marcel Duchamp is an  
anthology of recent  
essays by leading  
scholars on Marcel

Duchamp, arguably the most influential artist of the twentieth century. With scholarship addressing the full range of Duchamp's career, these papers examine how Duchamp's influence grew and impressed itself upon his contemporaries and subsequent generations of artists. Duchamp provides an illuminating model of the dynamics of play in construction of artistic identity and legacy, which includes both personal volition and contributions made by fellow artists,

critics, and historians. This volume is not only important for its contributions to Duchamp studies and the light it sheds on the larger impact of Duchamp's art and career on modern and contemporary art, but also for what it reveals about how the history of art itself is shaped over time by shifting agendas, evolving methodologies, and new discoveries. Carving the Little Guys Fox Chapel Publishing Pete shares a great number of techniques and secrets of caricature

al. A landmark survey of Latin American portraiture and its powerful significance throughout history. The tradition of portraiture in Latin America is astonishingly long and rich. For over 2,000 years, portraits have been used to preserve the memory of the deceased, bolster the social standing of the aristocracy, mark the deeds of the mighty, advance the careers of politicians, record rites of passage, and mock symbols of the status quo. This beautiful and wide-

ranging book—the first to explore the tradition of portraiture in Latin America from pre-Columbian times to the present day—features some 200 works from fifteen countries. *Retratos (Portraits)* presents an engaging variety of works by such well-known figures as Diego Rivera, Frida Kahlo, Fernando Botero, and José Campeche as well as stunning examples by anonymous and obscure artists. Distinguished contributors discuss the significance of portraits in

ancient Mayan civilizations, in the world of colonial Iberians, in the political struggles of the nineteenth and twentieth centuries, and in a remarkable range of other times and locations. With a wealth of informative details and exquisite color illustrations, *Retratos* invites readers to appreciate Latin American portraits and their many meanings as never before. This book is the catalogue for the first exhibition of Latin American portraiture ever organized in the United

States.  Ballantine Books  
 #1 NEW YORK TIMES BESTSELLER • The incredible true story of survival and salvation that is the basis for two major motion pictures: 2014's *Unbroken* and the upcoming *Unbroken: Path to Redemption*. On a May afternoon in 1943, an Army Air Forces bomber

crashed into the Pacific Ocean and disappeared, leaving only a spray of debris and a slick of oil, gasoline, and blood. Then, on the ocean surface, a face appeared. It was that of a young lieutenant, the plane's bombardier, who was struggling to a life raft and pulling himself aboard. So began one of the most extraordinary odysseys of the Second World War. The lieutenant's name was Louis Zamperini. In boyhood, he'd been a cunning and incorrigible delinquent, breaking into

houses, brawling, and fleeing his home to ride the rails. As a teenager, he had channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics and within sight of the four-minute mile. But when war had come, the athlete had become an airman, embarking on a journey that led to his doomed flight, a tiny raft, and a drift into the unknown. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, a

foundering raft, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. In her long-awaited new book, Laura Hillenbrand writes with the same rich and vivid narrative voice she displayed in *Seabiscuit*. Telling an unforgettable

story of a man's journey into extremity, *Unbroken* is a testament to the resilience of the human mind, body, and spirit. Praise for *Unbroken* "Extraordinarily moving . . . a powerfully drawn survival epic."—The Wall Street Journal "[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring."—New York "Staggering . . .

mesmerizing . . . Hillenbrand's writing is so ferociously cinematic, the events she describes so incredible, you don't dare take your eyes off the page."—People "A meticulous, soaring and beautifully written account of an extraordinary life."—The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book."—The New York Times Book Review "Marvelous . . . *Unbroken* is wonderful twice over, for the tale it tells and for

the way it's told. . . . It manages maximum velocity with no loss of subtlety."—Newsweek "Moving and, yes, inspirational . . . [Laura] Hillenbrand's unforgettable book . . . deserve[s] pride of place alongside the best works of literature that chart the complications and the hard-won triumphs of so-called ordinary Americans and their extraordinary time."—Maureen Corrigan, *Fresh Air* "Hillenbrand . . . tells [this] story with cool elegance but at a thrilling

sprinter's pace."—Time "Unbroken is too much book to hope for: a hellride of a story in the grip of the one writer who can handle it."—Christopher McDougall, author of *Born to Run* [Unbroken \(Movie Tie-in Edition\)](#) Smithsonian Institution Caricatures demand the same skill and sense of proportion that realistic figures do. This is particularly true of carving heads, which can easily become grotesque looking if certain rules are not

followed. This book takes you step-by-step through the process of carving 33 projects, each illustrated with color photographs and precise captions. A gallery is included.
