This Pontiac parts interchange manual has been designed to help you in the purchase and identification of original equipment parts. It will save many hours of time locating the parts you need. With this manual you will know exactly what parts from which GM vehicles are identical. There may be no need to pay a high price for a supposedly rare part when it may be identical to many other vehicles parts. Many parts interchange between different years, makes and models. For example a part from a 53 Pontiac may be the same as for a 55 Cadillac or a part from a 65 Chevy Impala may be the same as a part for 64 Buick. This manual may not only save you money, it could be a great reference source for your restoration project. It includes a model identification chart, engine identification information, serial number charts, original factory part numbers, for certain parts it includes casting numbers, and more. The manual is broken down by the major groups listed below and each of these groups is further broken down into specific parts. For example under the body group it lists everything from bumpers to window regulators. Below are the groups and a sample of what is included in each group.
