Stockwin's seafaring hero, young Thomas Kydd, comes of age in this third epic naval adventure set in the Great Age of Sail.

The Spanish Tragedie BoD – Books on Demand

What does it mean to be popular? Is it a mark of good character, or merely a sign that you're well-regarded among an influential group of elites? The hero in Booth Tarkington's tale *The Conquest of Canaan* has achieved a strange kind of popularity—he's seen as a prince among those who are down on their luck, but to the upper classes and the powerful, he might as well be invisible. Will Joe Loudon be able to channel his limited influence to make some much-needed changes in his community?

The Conquering Family Rowman &

Littlefield

'Balkan Glory is an epic chapter in the splendid Kydd canon, weaving knotty political gambits with stirring naval actions, expressively re-creating the often harsh reality Jack Tars witnessed within their wooden walls during the Napoleonic Wars' - *Quarterdeck 1811*. The Adriatic, the 'French Lake', is now the most valuable territory Napoleon Bonaparte possesses. Captain Sir Thomas Kydd finds his glorious return to England cut short when the Admiralty summons him to lead a squadron of frigates into these waters to cause havoc and distress to the enemy. Kydd is dubbed 'The Sea Devil' by Bonaparte who personally appoints one of his favourites, Dubourdieu, along with a fleet that greatly outweighs the British,

to rid him of this menace. At the same time, Nicholas Renzi is sent to Austria on a secret mission to sound out the devious arch-statesman, Count Metternich. His meeting reveals a deadly plan by Bonaparte that threatens the whole balance of power in Europe. The only thing that can stop it is a decisive move at sea and for this he must somehow cross the Alps to the Adriatic to contact Kydd directly. A climactic sea battle where the stakes could not be higher is inevitable. Kydd faces Dubourdiou with impossible odds stacked against him. Can he shatter Bonaparte's dreams of breaking out of Europe and marching to the gates of India and Asia?

Readers LOVE Balkan Glory 'I can say

without a doubt Balkan Glory is Stockwin's best of the series. All these elements make it so. It's great, involving reading (I was surprised when I reached The End!). It's what makes for great historical fiction' 'By far the best of the Kydd series. Can the next one possibly be as riveting?' 'One of my must have books each year'

Dying to Win A E I Press

International relations theory has been the site of intense debate in recent years. A decade ago it was still possible to divide the field between three main perspectives – Realism, Liberalism, and Marxism. Not only have these approaches evolved in new directions, they have been joined by a number of new 'isms' vying for attention, including feminism and constructivism.

International Relations Theory for the Twenty-First Century is the first comprehensive textbook to provide an overview of all the most important theories within international relations. Written by an international team of experts in the field, the book covers both traditional approaches, such as realism and liberal internationalism, as well as new developments such as constructivism, poststructuralism and postcolonialism. The book's comprehensive coverage of IR theory makes it the ideal textbook for teachers and students who want an up-to-date survey of the rich variety of theoretical work and for readers with no prior exposure to the subject.

Conquest Simon and Schuster

'Stockwin creates a knotty narrative,

writing with authority about Britain's Georgian navy and the physical world at sea with intrigue, captivating characters, and deft storytelling. Thunderer is a suspenseful journey' Quarterdeck 1812. Arriving back in England after his successes in the Adriatic, Captain Sir Thomas Kydd is bestowed with honours. In London he's greeted by the Prince Regent who, despite Kydd's protestations that he's happy with his present command, insists he be given a bigger ship - HMS Thunderer, a 74-gun ship of the line. But she's old, and being part of a standing fleet Kydd's chances of further fame and distinction are slim indeed. Winning over his new command is fraught with challenges. A hostile crew, abysmal levels of gunnery and sail-handling capabilities are intolerable

to a fighting captain like Kydd. With the ship short of men and no incentives to attract more, can he ever bring Thunderer to a proper state of fighting preparedness? Kydd is sent to reinforce the Baltic squadron as Bonaparte's vast army invades Russia. News reaches him of French victory at the Battle of Borodino. The road to Moscow is now open. To avert total French victory, Kydd must lead a vital convoy through battle and tempest to the aid of Britain's last ally. Praise for Julian Stockwin's Kydd series 'Paints a vivid picture of life aboard the mighty ship-of-the-line' Daily Express 'This heady adventure blends fact and fiction in rich, authoritative detail' Nautical Magazine 'Fans of fast-paced adventure will get their fill with this book' Historical Naval Society

Conquest by Law Random House Trade Paperbacks

Following the loss of his fiancée, Lieutenant Thomas Kydd descends into depression in this installment of the riveting nautical-adventure series. Rescued from despair by his close friend Renzi, Kydd finds life increasingly difficult when he is framed and dismissed from his ship. The pair eke out a pitiful existence in Guernsey, where, in a moment of desperation, Renzi offers his services to the Prince de Bouillon and becomes embroiled in covert operations. Meanwhile, Kydd accepts the captaincy of a privateer and is soon taking many prizes. Kydd longs to rejoin his rightful place in the navy, however, and when he gets his chance, he risks all for revenge and restoration.

The Conquest of Canaan Hodder & Stoughton

Exploring the successful Norman invasion of England in 1066, this concise and readable book focuses especially on the often dramatic and enduring changes wrought by William the Conqueror and his followers. From the perspective of a modern social historian, Hugh M. Thomas considers the conquest's wide-ranging impact by taking a fresh look at such traditional themes as the influence of battles and great men on history and assessing how far the shift in ruling dynasty and noble elites affected broader aspects of English history. The author sets the stage by describing English society before the Norman Conquest and recounting the dramatic story of the conquest, including

the climactic Battle of Hastings. He then traces the influence of the invasion itself and the Normans' political, military, institutional, and legal transformations. Inevitably following on the heels of institutional reform came economic, social, religious, and cultural changes. The results, Thomas convincingly shows, are both complex and surprising. In some areas where one might expect profound influence, such as government institutions, there was little change. In other respects, such as the indirect transformation of the English language, the conquest had profound and lasting effects. With its combination of exciting narrative and clear analysis, this book will capture students interest in a range of courses on medieval and Western history.

Persephone Thomas Kydd

The difference between war and peace can be a matter of trust. States that

trust each other can cooperate and remain at peace. States that mistrust each other enough can wage preventive wars, attacking now in fear that the other side will attack in the future. In this groundbreaking book, Andrew Kydd develops a theory of trust in international relations and applies it to the Cold War. Grounded in a realist tradition but arriving at conclusions very different from current realist approaches, this theory is the first systematic game theoretic approach to trust in international relations, and is also the first to explicitly consider how we as external observers should make inferences about the trustworthiness of states. Kydd makes three major claims. First, while trustworthy states may enter conflict, when we see conflict we should

become more convinced that the states involved are untrustworthy. Second, strong states, traditionally thought to promote cooperation, can do so only if they are relatively trustworthy. Third, even states that strongly mistrust each other can reassure each other and cooperate provided they are trustworthy. The book's historical chapters focus on the growing mistrust at the beginning of the Cold War. Contrary to the common view that both sides were willing to compromise but failed because of mistrust, Kydd argues that most of the mistrust in the Cold War was justified, because the Soviets were not trustworthy.

Trust and Mistrust in International Relations Doubleday

Why do great powers accommodate the

rise of some challengers but contain and confront others, even at the risk of war? When Right Makes Might proposes that the ways in which a rising power legitimizes its expansionist aims significantly shapes great power responses. Stacie E. Goddard theorizes that when faced with a new challenger, great powers will attempt to divine the challenger's intentions: does it pose a revolutionary threat to the system or can it be incorporated into the existing international order? Goddard departs from conventional theories of international relations by arguing that great powers come to understand a contender's intentions not only through objective capabilities or costly signals but by observing how a rising power justifies its behavior to its audience. To

understand the dynamics of rising powers, then, we must take seriously the role of legitimacy in international relations. A rising power's ability to expand depends as much on its claims to right as it does on its growing might. As a result, *When Right Makes Might* poses significant questions for academics and policymakers alike. Underpinning her argument on the oft-ignored significance of public self-presentation, Goddard suggests that academics (and others) should recognize talk's critical role in the formation of grand strategy. Unlike rationalist and realist theories that suggest rhetoric is mere window-dressing for power, *When Right Makes Might* argues that rhetoric fundamentally shapes the contours of grand strategy. Legitimacy is not

marginal to international relations; it is essential to the practice of power politics, and rhetoric is central to that practice.

Admiral's Daughter BoD - Books on Demand

'In Stockwin's hands the sea story will continue to entrance readers across the world' - Guardian With Bonaparte held to a stalemate in Europe, the race to empire is now resumed. Britain's ambitions turn to the Spice Islands, the Dutch East Indies, where Admiral Pellew has been sent to confront the enemy's vastly rich holdings in these tropical islands. Captain Sir Thomas Kydd joins reinforcements to snatch these for the British Crown. The two colonial masters of India and the East Indies face each other in mortal striving for the region -

there can be only one victor to hold all the spoils. The colonial genius, Stamford Raffles, believes Britain should strike at the very centre of Dutch spice production, the Moluccas, rather than the fortresses one by one but is fiercely opposed. Kydd, allying himself to this cause, conspires to lead a tiny force to a triumphant conclusion - however the Dutch, stung by this loss, claim vengeance from the French. A battle for Java and an empire in the East stretches Kydd and Tyger's company to their very limits. ***** Praise for Julian Stockwin's Kydd series 'Paints a vivid picture of life aboard the mighty ship-of-the-line' Daily Express 'This heady adventure blends fact and fiction in rich, authoritative detail' Nautical Magazine 'Fans of fast-paced adventure will get

their fill with this book' Historical Naval Society
Seaflower Rowman & Littlefield
 In the eighth book of this popular series, Thomas Kydd and Nicholas Renzi return to England in 1803 after tumultuous episodes on the other side of the world to find England in peril of starvation and bankruptcy. Kydd is placed back in command of his beloved vessel, Teazer, but he barely has time to prep her for the sea when he is sent on an urgent mission. Smugglers, enemy privateers, and treacherous sea conditions await Kydd on his journey to northern France on the eve of war, but equally worrisome events are occurring ashore. A growing attachment to the admiral's daughter curbs Kydd's blissful reunion with Teazer and he is forced to make a terrible

decision that may cause the end of his friendship with Renzi—or the end of his naval career.

To the Eastern Seas Rowman & Littlefield

Written by leading scholars in the field, *Causes of War* provides the first comprehensive analysis of the leading theories relating to the origins of both interstate and civil wars. Utilizes historical examples to illustrate individual theories throughout Includes an analysis of theories of civil wars as well as interstate wars -- one of the only texts to do both Written by two former International Studies Association Presidents

The Conquering Family DigiCat

With Kydd, Julian Stockwin introduced us to a young wig-maker from Guildford

who was kidnapped and pressed into duty with the tempestuous crew of the Duke William battle ship. Now, Thomas Paine Kydd is back -- with a vengeance -- in the latest installment of Stockwin's thrilling naval adventure series. Artemis is the eighteenth-century crack frigate that Kydd and sea-mate Nicholas Renzi are set to sail all the way to the fabled Far East. In this great age of fighting sailing ships, Kydd's voyage promises to be a perilous undertaking. But not even shipwreck, mutiny, or a confrontation with a mighty French frigate manages to thwart Artemis and her crew. It's only when Kydd receives an urgent message from home -- one that threatens to cut short his career and trap him on shore forever -- that Artemis's real journey begins. Filled with mesmerizing

suspense and vivid details of Napoleonic-era seafaring, *Artemis* is classic, page-turning storytelling at its best.

Quarterdeck Houghton Mifflin Harcourt Includes a new Afterword Finalist for the Council on Foreign Relations Arthur Ross Book Award One of the world's foremost authorities on the subject of suicide terrorism, the esteemed political scientist Robert Pape has created the first comprehensive database of every suicide terrorist attack in the world from 1980 until today. In *Dying to Win*, Pape provides a groundbreaking demographic profile of modern suicide terrorist attackers—and his findings offer a powerful counterpoint to what we now accept as conventional wisdom on the topic. He also examines the early

practitioners of this guerrilla tactic, including the ancient Jewish Zealots, who in A.D. 66 wished to liberate themselves from Roman occupation; the Ismaili Assassins, a Shi'ite Muslim sect in northern Iran in the eleventh and twelfth centuries; World War II's Japanese kamikaze pilots, three thousand of whom crashed into U.S. naval vessels; and the Tamil Tigers in Sri Lanka, a secular, Marxist-Leninist organization responsible for more suicide terrorist attacks than any other group in history. *Dying to Win* is a startling work of analysis grounded in fact, not politics, that recommends concrete ways for states to fight and prevent terrorist attacks now. Transcending speculation with systematic scholarship, this is one of the most important studies of the terrorist

threat to the United States and its allies since 9/11. "Invaluable . . . gives Americans an urgently needed basis for devising a strategy to defeat Osama bin Laden and other Islamist militants."

-Michael Scheuer, author of *Imperial Hubris* "Provocative . . . Pape wants to change the way you think about suicide bombings and explain why they are on the rise." -Henry Schuster, CNN.com
"Enlightening . . . sheds interesting light on a phenomenon often mistakenly believed to be restricted to the Middle East." -The Washington Post Book World
"Brilliant." -Peter Bergen, author of *Holy War, Inc.*

Thomas B. Costain's four-volume history of the Plantagenets begins with *THE CONQUERING FAMILY* and the conquest of England by William the Conqueror in 1066, closing with the reign of John in 1216. The troubled period after the Norman Conquest, when the foundations of government were hammered out between monarch and people, comes to life through Costain's storytelling skill and historical imagination.
